

## Workshop by Jodo Gyan Shiksha

This workshop was conducted on January 17, 2018 with two resource persons, Ms. Neha and Ms. Jazcynth from Jodo Gyan Shikha, for B. El. Ed. III year as a part of their Material Development and Evaluation practicum. *Jodo Gyan Shiksha* has an immense exposure and experience in designing innovative materials for primary classes. The main objective of the workshop was to dispel the fear of numbers and calculations associated with the subject. Students got hands-on exposure to a variety of activities which may be used as a resource to propagate mathematical concepts easily to the students. The resource persons demonstrated many activities to the students. After each activity, students were reflecting upon what strategies they used to design the shapes and they also mentioned the scope of developing some skills like verifiability, observation and imagination while conducting such activities. Students benefited by knowing about the immense possibilities of designing materials and implementing the same in their classroom practices.

**MATA SUNDRI COLLEGE FOR WOMEN  
(UNIVERSITY OF DELHI)**

**DEPARTMENT OF ELEMENTARY EDUCATION  
Organizes**

**WORKSHOP ON INNOVATIVE LEARNING MATERIALS IN MATHEMATICS  
By  
JODO GYANSHIKSHA**

**RESOURCE PERSONS:  
Ms. Neha  
Ms. Jazcynth**

**Date:  
17 January  
2018  
Time: 2pm-  
4pm**

**Venue:  
311**

**Ms. Ruchi Garg and Ms. Bhawna Mishra  
(Coordinator)**

**Ms. Nidhi Kunwar  
(Teacher- in-charge)**

**Dr. Kwarjit Kaur  
(Offg. Principal)**
