

## Webinar on "Plagiarism: Causes and Consequences"

Department of Elementary Education organized a webinar on "Plagiarism: Causes and Consequences" on 24th Nov 2020. Many a times people may or may not be aware as to what constitutes plagiarism in the first place. Hence, awareness building is the first step towards curbing plagiarism. This would help students to maintain the academic integrity and ethics in research, as expected in the present scenario. This webinar was an attempt by the department to enhance awareness on the issue for students and faculties alike. The resource person for this webinar was Dr. Gaurav Singh (Assistant Professor, SOE, IGNOU). The discussion on the Causes and Consequences of Plagiarism sensitized all the participants towards a responsible conduction of research, assignments, projects, proposals.
