We understand that success of an institution depends upon strong collaboration between students, teachers and administration of the party institutions; seamless integration of resources, programs and services provided to each other by each other, and a site coordinator who is empowered to manage partnership and integration of programs and services.

We agree to plan collaboratively the details of a series of program involving various departments of the college and the GHP schools and the aided schools of DSGMC; to assess the requirement of the students, teachers and administration of school(s); identify the strengths and resources of the college to meet those needs; identify the roles and responsibilities that school and college fraternity will play in supporting the partnership.

We agree that the Department of Elementary Education, MSC will act as the Site Coordinator. The coordinator will be empowered to guide the program, coordinate efforts and assess and review the program from time to time, and suggest changes.

We further agree to participate in college-school collaboration program with the intention of creating a sustainable community outreach programme and partnership towards excellence.
