## 1. Physical Visit organized by Department of Elementary Education

An educational visit cum workshop was organized in collaboration with National Museum, New Delhi for pedagogy of Social Science students. The objective was to give a first-hand academic exposure to various historical sources and how to make better use of the same in their classes. Students were divided into smaller groups and volunteers gave them a guided tour of the museum. Post the tour, a series of activities was planned by the resource person and her team highlighting experiential learning. Students got many opportunities to brainstorm, discuss and present their ideas. Concept of loan box and its use in class was also introduced. Strategies were discussed through which museums can support classroom learning.

The visit was planned with complete COVID-19 guidelines in the month of February, 2021 when cases were comparatively less.

## 2. Virtual Visits organized by Department of Environmental Studies

2020-2021	Virtual Visits to Yamuna Biodiversity Park for Nature Education (During Pandemic)	11 <sup>th</sup> , 14 <sup>th</sup> and 15 <sup>th</sup> December, 2020 12 <sup>th</sup> June, 2021	Yamuna Biodiversity Park, near Wazirabad
-----------	---	--	--

### Field Trip to Yamuna Biodiversity Park

Virtual field visits to Yamuna Biodiversity Park were organized by the Department for the students to understand nature conservation through virtual nature trails covering different forest communities along with Conservatory of Herbal plants, Butterfly Conservatory, Gene Bank, and Wetland Ecosystems. Our resource persons were Dr. Faiyaz Ahmad Khudsar (Scientist-in-charge, Yamuna Biodiversity Park), Ms. Preeti Vohra (Nature Education Officer), Ms. Ranjeeta Kumari (Nature Education Officer) with their intellect and experience combined, left the students enchanted with their knowledge of the green world.

The visit helped to spread awareness amongst the students that:

Biodiversity parks can also serve as a potent way to tackle various environmental issues. They serve as innovative models for conserving the natural heritage under the matrix of urban development.

The biodiversity Parks are unique landscapes that serve as nature reserves of Delhi and harbour hundreds of native plants, animals, and microbial species living in ecologically sustainable biological communities and rendering ecological services to the metropolis.
