Feedback Analysis Report

Academic Year 2018 - 2019

In order to ensure the growth of the institution, the IQAC of the College collected feedback from all its stakeholders (students, alumni, teachers, employers and parents). A good number of responses were collected (839 students, 206 Alumni, 59 teachers, 239 parents and 6 employers). The analysis was done using MS-Excel 2010 software. The results were analysed, summarised and evaluated.

Student Feedback

Student feedback was collected online. Feedback was taken on teaching learning, academic excellence, infrastructure, library facilities, safety and security on the campus, industry-academia exposure and facilities provided to differently-abled students. The feedback received from students was quite positive. However, there were a few areas of concern regarding hygiene of the washrooms and the canteen. The feedback received was discussed with the Hygiene and Canteen Committee of the College and the issue was addressed by enlisting the help of class representatives. Appropriate steps were also taken to improve the hygiene of the canteen.

Alumni Feedback

Feedback was collected from the Alumni online as well as manually during the Alumni Meet organized on April 6th 2019. The feedback received from the Alumni was extremely positive as 85% of the Alumni rated the teaching-learning process and the industry- academia exposure they got as very good or excellent. More than 60% alumni rated the College infrastructure and other facilities as very good or excellent. 85% of the alumni were of the opinion that the College provided very good growth opportunities for its students. The institution is working towards further improvement in these areas.

Faculty Feedback

Feedback was collected from faculty members on the infrastructure and library facilities provided by the College. This too was positive with 90% of faculty saying that the infrastructure of the College was good and that the library had a good collection of books and journals.

Parent Feedback

Parent feedback was also collected online as well as manually during the Parent-Teacher Meeting organized on March 30th 2019. The overall feedback from parents shows that parents are quite satisfied with the facilities and efforts made by the College in enhancing the overall growth of their wards. 55% say that the College and its environment has transformed the personality of their ward for the better. 70% parents say that the College provides very good growth opportunities and industrial exposure to their students. On the basis of feedback received it was decided to form a Parent Teacher Association (PTA) and a large number of parents expressed their willingness to join this body for greater cooperation and better functioning of the institution.

Employers

The Employers were of the view that although the students have a good knowledge base and IT skills, they needed to focus on improving their communication skills. Appropriate steps have

Feedback Obtained

Feedback from all stakeholders is extremely important for the growth of an institution. For the Academic Year 2019—20, the IQAC collected feedback from all stakeholders online. 1925 , students, 456 alumni, 77 teachers, 467 parents and 22 employers responded. Their views were extremely helpful for the college, the feedback received was scrutinized rigorously and corrective action was taken after in depth analysis.

Student feedback

Students are the most stakeholders of an institution. Feedback was collected from students about teaching learning and regular conduct of classes, college infrastructure, safety and security in the college premises , industry—academia exposure provided by the college, canteen facilities and extracurricular activities in the college. Most of the feedback obtained was positive. However, there were certain areas of concern primary being the hygiene of washrooms and maintenance of classrooms. The matter pertaining to washroom hygiene was discussed with the Hygiene Committee and other authorities of the college and steps have been taken for corrective action.

Alumni

Ph: 23237291

The feedback from the alumni shows that most of them were satisfied with the institution and were willing to interact with current batches to share their knowledge and experience. Around 85 percent of them rated the teaching —learning experience as very good or excellent, recalling timely of syllabus. They showed eagerness to contribute towards the development of college in whichever way they could. The positive feedback received from Alumni has been conveyed to the teachers as well as the Alumni Committee .

Faculty

Teachers are also stakeholders in an institution and their views for overall development of the college are extremely important. According to the feedback collected, 80 percent of teachers rated college as green and well maintained and library infrastructure and its staff as excellent or very good. They said that college had a good of collection of books and journals but should have more reading material such as magazines. 60 percent rated the computer lab, its staff and college website as very good or excellent but only 25 percent found the internet facilities provided by the college as very good. The feedback received from our teachers has been scrutinized and corrective action is being taken wherever there are gaps.

Parents

More than 85 percent of the parents felt that college and the teaching learning environment provided had changed the personality of their wards. They rated teaching—learning process as excellent or very good. Around 60 percent parents showed willingness to join the PTA for greater cooperation and better functioning of the college. The college is working towards building a stronger PTA for the improvement and betterment of the college.

Employer's

To ensure better Placements for students, the employer’s feedback is imperative. More than 75 percent employer’s felt that students had excellent or very good knowledge about the organization they were applying for. However, they were of the view that students needed to improve their communication and IT skills. The college is working towards improvement in this area .

One of the primary concern of students was related to hygiene and maintenance of washrooms and classrooms. The matter was discussed with the hygiene committee of the college and appropriate measures were taken.

Some of the teachers as well as students felt that internet facility and wi-fi provided by the college is not very good. The matter was discussed by the committee and proper actions were taken where ever there were gaps.

Some of the Employers suggested that students should develop more communication and IT skills. College has organized number of programs like webinars, talks, short-term courses in this regard.
