

Mata Sundri College For Women

(University of Delhi)

There are several causes of global warming, which have a negative effect on humans, plants and animals. These causes may be natural or might be the outcome of human activities. In order to curb the issues, it is very important to understand the negative impacts of global warming.

DEPARTMENT OF MATHEMATICS (IQAC)

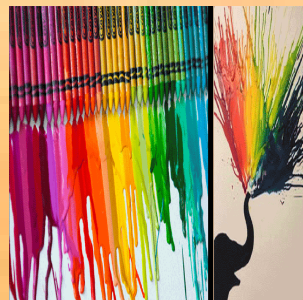

Organising Poster Competition

The winner will get excited things.

- The first winner will get the money prize.
- The second winner will get the full of colour kit with brushes.
- The third winner will get the highlighting sketch.
- <https://www.globalwarming.com/project/6135a0e77e3176649997dcbf>
