1. Report on Webinar on “Efficient use of Google meet, Google classroom and Google sites (Exploring Google Apps for Education)”

7th August, 2020, Day 1

An Initiative of Mata Sundri College for Women in collaboration with 9ledgepro .

The spread of COVID-19 and declaration as a health emergency has left us home-bound. Apart from several socio-economic ramifications, education is also facing a big hit. Given our technology and its usage, it has also allowed us to continue with our lives, be it educationally or professionally.

During the COVID -19 lockdown period also, we continued imparting skills to the students, online using Webinar series. As a part of this series in lieu with the new norm of conducting live online classes, a Webinar was conducted on “Exploring Google Apps for Education” organised by the Placement Cell and Internship Cell of the college for its students on 7th August, 2020(Day 1). The instructor for the session was welcomed by Dr Kalpana Devi, Convener and Ms Ashema Hasti, Co-Convener, Placement and Internship Cell.

A total of 166 students attended the Webinar that was conducted using Google Meet Tool for Batch A from 10:00 AM to 11:30 AM and Batch B from 11:30 AM to 1:00 PM.

The resource person, Mr. Parth Shukla is an International Corporate Trainer and a

Subject Matter Expert in Application Development, Data Analytics and Cloud Computing, and Co Founder of Microsoft AEP 9ledgePro.

Topic covered on day 1 was “Google Classroom ”. The speaker focused on new tools by Google like G Suite, Classroom and how to effectively use them. Understanding how Google Classroom with impact teaching and learning, Learning best practices for completing assignments in Google Classroom, Understanding how to create quizzes and tests that automatically grade themselves, Changing Classroom settings to encourage a positive learning environment, Submitting Assignment in Google classroom and Answering assignments and announcements were some topics that were thoroughly covered. The session included the advantages and the limitations that should be kept in consideration while using these applications.

The webinar had a participative audience. The students were interactive, and all their queries were responded to effectively. Every concept was not just explained verbally but also shown how to be done on screen with examples for better clarity. The well conduct of the session was appreciated by the convener and the co-convener of the placement cell.

Furthermore, the webinar is made available as an online course for future use which can be accessed any time at a discount for students of MSCW which includes attempting a quiz for them to review their ability of understanding the concepts.

2. Report on An Interactive Awareness Session on Bridging the Gap between Academia and Industry

An initiative of Placement & Internship Cell in collaboration with IQAC.

In this world where competition increases routinely, students are often torn between learning and applying concepts in the real world. A significant gap has been observed in the theoretical knowledge provided to students in our education system and the practical application of those concepts on an industrial level. There is a visible gap in what is taught and what is required as skills to be able to practice it for increased productivity. To bridge this gap between academia and industry, the Placement and Internship Cell of the college along with the Internal Quality Assurance Cell (IQAC) brought on an interactive Awareness session for its students on 8th February, 2021. The session was inaugurated by Prof. Harpreet Kaur, Principal and Dr Lokesh Kumar Gupta, IQAC Coordinator. Both of them appreciated the efforts of the Placement Team. About 115 students from various departments attended the session that was conducted using Zoom, from 5:00 PM to 6:30 PM. The session was also streamed live on YouTube. The session was introduced by presenting a progress report of the opportunities provided and accomplishments by Dr S. Kalpana Devi, Ms Ashema Hasti and Dr Harshmeeta Kaur Soni and student members of the Placement and Internship Cell. The resource person Ms. Parul Gupta, a Youth Leadership Coach, Numerologist, Astronomer, Speaker and Trainer laid out the session smoothly, receiving great enthusiasm and an effective interaction. Ms. Parul began the session by creating a rapport with students by discussing the challenges faced by women and the choices they have to make on the basis of their career, society and culture. She emphasised that it is relatively more challenging for females to set foot in the industry and went on to coach about getting out of one's comfort zone, letting one's dreams fly, use opportunities to the best, finding one's triggers and working on it. An insight on

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

certain steps on how to achieve one's goals and dreams like making a habit of writing the smallest achievements and failures, emphasising on oneself and how emotions matter, was given. She also indulged a drive amongst students to be ambitious, be foolish for knowledge, be a fighter, be greedy for what you want and learn to face one's obstacles! Certain key aspects included: how failing is important in life, how time management affects and increases one's level of achievement to attain a goal and how to create a SMART goal (S-Success, M-Measurable, A-Achievable, R-Relevant, T-Time bound). The focus of the session involved Internships, their purpose, objectives & importance, Hard work V/S Smart work, Importance of CV building - Specific introduction (The Elevator Pitch), How to make one's CV impressive instead of attractive and how self-doubt is good for one. The session had a participative audience. Students gained an insight on how to deal with challenges and achieve their goals. All their queries were handled effectively. Every aspect was not just explained verbally but also presented well with examples for better clarity. The session ended with a vote of thanks by Ms Deeksha, Senior Coordinator, Placement Cell.

3. Report on Webinar on “PROFILE BUILDING FOR TOP UNIVERSITIES”

29th August, 2020

An Initiative of Mata Sundri College for Women in collaboration with Foreign Admits

With the onset of the coronavirus pandemic many students who wanted to pursue higher studies abroad were faced with difficult challenges. To help and ease out the process of application and help students decide their career paths, our college's Placement and Internship Cell collaborated with an edu-tech start-up, Foreign Admits. Foreign Admits is world's leading and trusted platform for career counselling and abroad studies guidance for students and working professionals. The webinar was conducted on 29th August from 4:30 PM onwards. A total of 45 participants attended the webinar which was conducted for 1 hour and 15 minutes.

The resource person, Mr. Nikhil Jain is a civil engineer from IIT-BHU. He also holds a PhD in this field. He is a researcher turned entrepreneur and is experienced with geosciences, career development, LinkedIn & job search planning. The webinar started with Mr. Nikhil Jain briefing the students about the services provided by their company. He also talked about the number of challenges faced by the students when applying for admission and also the issues that the students face while being a part of top universities. Assisting him was Mr. Priyank Tuli, who is pursuing his masters in the field of International Businesses from Queen's University, Belfast.

Mr. Nikhil explained about the different features that help in building an appropriate profile. He briefed the students about TOEFL, GMAT examinations and their scores. He made the students understand about the importance of the overall GPA, essays, publications, projects,

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

internships, that the students have been a part of, as they all play a major role in the selection process.

Mr. Priyank Tuli shared his experiences, from the application process to doing the assignments, and working part time to make a living abroad. Mr. Nikhil also side by side provided many tips on selection of universities, internships or jobs that one should look for. He also helped the students by telling them how to go about the loan procedures for studying abroad. Mr. Priyank Tuli explained how to write the essays and the statement of purpose (SOP), for which he recommended getting help from Foreign Admits, which are the best in the field.

Mr. Nikhil presented giveaways during the session, which provided the students with certain amounts of discounts on their future purchases from the company. In the end Mr. Nikhil and Mr. Priyank together answered the queries of the students, for helping them have a smooth application process.

4. Report on WEBINAR - 'STOCK MARKET'

20 July 2020

An initiative by Mata Sundri College for Women, University of Delhi in collaboration with Shine Projects.

The usage of the stock market in order to accumulate money was once a foreign concept to many members of society who were not afforded the experience or education required to maneuver in it. The system itself is so intricate and uncertain that many were deterred from even learning about its benefit because of the extreme fear of losing all or most of their money.

To help the students gain an in-depth knowledge about financial marketing and stocks our college's Placement and Internship Cell collaborated with Shine Projects to conduct a webinar on 'Stock Market'. Shine projects is a pioneer in offering online and offline training courses and workshops across India and Middle east. The webinar commenced on July 20, 2020 at 5 P.M & concluded at 6:10 P.M. The webinar was conducted on YouTube live and a total of 41 students attended the session.

The resource person Mr. Sri Harsha began the session by discussing the basic meaning of stock market and difference between stock & bond. He helped students understand the concept of stock market, sensx & nifty. He provided in depth knowledge about the large capital, middle capital and small capital companies. Lastly he briefed about the return making potential in the share markets.

The webinar had a participative audience. The students were interactive, and all their queries were responded to effectively. Every concept was not just explained verbally but also shown how to be done on screen with examples for better clarity.

5. Report on Webinar on “Data Science and Analytics”

An Initiative of Mata Sundri College for Women in collaboration with StepUp Analytics During the COVID-19 lockdown period, Placement and Internship Cell of Mata Sundri College for Women continued imparting technical and soft skills to the students, online using Webinar Series. As part of this series, a webinar was conducted on “Data Science and Analytics” organized by the Placement and internship Cell of the college for its students on 15th July, 2020. The speaker for the session was welcomed by Ms. Diya Garg. The vote of thanks was delivered by Ms. Chakshita Gupta.

A total of 40 students attended the Webinar that was conducted using the Zoom Meeting Tool from 2:30 PM to 3:30 PM.

The resource person, Mr. Mohammad Sajid is the founder of StepUp Analytics and Senior Data Scientist at TCS with an experience of 7+ years. He has served clients like Virgin Media And LGI group UK. He started StepUp Analytics with an ambition to build a platform and a forum for Data Science and actuarial community.

The speaker focused on the demand of the Data Science Industry and why Python Programming is required for Data Analytics. The session taught students about how to build a Data Science and Analytics portfolio. It also included a Hands-on session on Python using COVID-19 India dataset.

The session witnessed enthusiastic participation. Many interesting questions were raised which depicted the interest of the participants. The well conduct of the session was appreciated by Dr. S. Kalpana Devi, Convener and Ms. Ashema Hasti, Co Convener of the Placement cell.

Periodic Lecture Series

Lecture 1

Title of the lecture: Human Technology Interface- Philosophical Exploration

Date: 5th February, 2021

ASTITVA (Department of Philosophy) organised the first lecture of the Periodic Lecture Series on Human Technology Interface- Philosophical Exploration, sponsored by Indian Council of Philosophical Research (ICPR) on 5th February, 2021.

The lecture was conducted over Zoom, an online platform, due to the conditions of a pandemic, at 3 pm. The event commenced with a warm welcome by Mehak (3rd year student in the department of Philosophy) followed by the introduction of the theme by Dr. Hemlata Krishnani (convener of the program). Then, the speaker Professor Rakesh Chandra was introduced, welcomed and invited by her.

The eminent speaker presented on the topic, “Some reflections on science, myth and philosophical analysis”. Prof. Rakesh Chandra discussed the various ways in which we are affected by technology and philosophical aspects of the same. The insightful talk was followed by a question-and-answer session conducted by Premlata Singh (2nd year student in the department of Philosophy). The event was concluded with a vote of thanks, delivered by Ms. Kirandeep Kaur (co-convener of the program).

A link was circulated among the attendees for their feedback and reflections of the event via Google forms.

The entire lecture is available at: <https://youtu.be/0IhRKLjQr-w>

7. Report Periodic Lecture Series

Lecture 3

Title of the lecture: The Neural Machine at Work

Date: 26th February, 2021

ASTITVA (Department of Philosophy) organised the third lecture of the Periodic Lecture Series on the topic, The Neural Machine at Work, sponsored by Indian Council of Philosophical Research (ICPR) on 26th February, 2021.

The lecture was conducted over Zoom, an online platform, due to the conditions of a pandemic, at 3:30 pm. The event commenced with a warm welcome by Mehak, followed by an introduction of the topic by Ms Kirandeep Kaur (Co-convener of the program). An introduction of the eminent speaker Dr. Ravindra M. Singh was given by Dr. Hemlata Krishnani (Convener of the program).

Dr. R. M. Singh discussed the various ways in which the human body is a neural machine, or as Descartes puts it, a “thinking machine”. Descartes’ philosophy on the working of the human anatomy was elucidated and corresponded with current philosophical research. The insightful talk was followed by a question-and-answer session conducted by Ms. Adhya Joshi.

The event concluded with a vote of thanks, delivered by Ms. Premlata Singh.

A link was circulated among the attendees for their feedback and reflections of the event via Google forms.

Periodic Lecture Series

Lecture 2

Title of the Lecture: Manipulation of Human Agency by Social Media Algorithms- Truth v/s Hype

Date: 20th February, 2021

ASTITVA (Department of Philosophy, Mata Sundri College for Women) organised the second lecture of the Periodic Lecture Series on Philosophy, Human and Technology, sponsored by Indian Council of Philosophical Research (ICPR) on 20th February, 2021.

The lecture was conducted over Zoom, an online platform, due to the conditions of a pandemic, at 11:30 am. The event commenced with a warm welcome by Mehak, followed by an introduction of the theme by Dr. Hemlata Krishnani (convener of the program). She then welcomed the principal, Dr. (Prof.) Harpreet Kaur who talked about the relevance of the topic of the day and shed light on the need to be aware of our social media presence.

The speaker, Ms. Antara Vats, was introduced by Ms. Mehak Aggarwal (3rd year student). The eminent speaker presented on the topic “Manipulation of Human Agency by Social Media Algorithms- Truth v/s Hype”. Ms. Antara Vats discussed the various ways in which we are affected by social media algorithms and the philosophical aspects of the same. She elaborated how they are not entirely tech-driven and how humans choose to give away their access and agency. The main highlight was to establish digital literacy in the present scenario where we are very much driven by technology. Her discussion was backed up by many factual information and data. Then Dr. Hemlata Krishnani thanked the speaker and invited the principal Dr. (Prof.) Harpreet Kaur who talked about the relevance of the topic of the day and shed light on the need to be aware of our social media presence.

9. Report on Webinar on "Enhancing Online Teaching-Learning using GSuite Tools Google Classroom and Google Meet" (With Hands-On Practical Sessions)

An Initiative of Mata Sundri College for Women for Faculty Training Mata Sundri College for Women, University of Delhi organized a Two Day Webinar in collaboration with the Internal Quality Assurance Cell (IQAC) on "Enhancing Online Teaching-Learning using GSuite Tools Google Classroom and Google Meet", with hands-on practical sessions, on July 15th -16th 2020 from 11:00 AM to 1:00 PM. We are in the middle of a global COVID-19 pandemic which has affected all segments of the society in one way or the other and has created challenges for everyone involved, including academics. The objective of the webinar was to introduce faculty members with online teaching-learning tools, and encourage them to use similar tools to conduct online lectures effectively, if the need arises to work from home, during the coronavirus pandemic. The organizing team was headed by Ms Ashema Hasti, the Convener of the webinar and Dr. Manisha Mathur, IQAC Coordinator. The event commenced with the opening speech by the Convener, followed by a Welcome Address delivered by Prof. (Dr.) Harpreet Kaur, Principal MSCW. She welcomed the two Event Speakers as well as the faculty participants and encouraged and appreciated efforts of the organizing team. The two expert Speakers Dr. Nikhil Kumar Rajput and Ms. Bhavya Ahuja Grover work as Assistant Professors in the Department of Computer Science, Ramanujan College. They focused on the need and role of Online Teaching and Learning Tools such as Google Classroom, Google Meet, Google docs, and Google Forms for conducting virtual classes. The event was attended by senior as well as young faculty members, from various departments. First day of the webinar was well-moderated by Dr Kiranjeet Sethi, Associate Professor, Department of English. Google classroom basics were covered during the session. The moderator for the second day of the webinar was Mrs. Sonia Aneja, Assistant Professor, Department

of Mathematics. Google meet, Google Docs and Google forms were covered during the session. The technical aspects of the webinar were handled by Mrs. Sangeeta Pathak, Technical Coordinator and Ms Mishika Rawat, Student Coordinator. Numerous queries were handled during the session and participants actively involved themselves in gaining insight on G Suite Tools. The feedback form was also shared with the participants. The webinar concluded with insight by Prof. (Dr.) Harpreet Kaur, Principal and vote of thanks by Dr Manisha Mathur. The the event turned out to be successful and received an overwhelming response, with participation from 152 faculty on the first day and 163 faculty on the second day.

11. REPORT : TWO DAYS WORKSHOP ON DYNAMIC ECONOMIC ISSUES: SPECIAL FOCUS ON INDIA'S MIDDLE CLASS.

A two day workshop was organized by the Department of Economics, Mata Sundri College for Women, University of Delhi in association with B.A. (Programme) Society and Internal Quality Assurance Cell (IQAC) in Collaboration with Meghnad Desai Academy of Economics on 6-7 November 2020. The purpose of the workshop was to enlighten the students regarding the basic foundation, situation and critical issues of the middle class society of India. It made them learn and identify the structure, terminology and potential areas of research in this broad spectrum of arena. The keynote speaker of the workshop was Dr. Sandhya Krishnan, PhD from University of Amsterdam. At the inaugural ceremony, Teacher-In-Charge Mrs. Upasana Dhawan delivered the welcome speech, Principal Madam Prof.(Dr.) Harpreet Kaur and Dr. Lokesh Kumar Gupta enlightened us with their kind and words. First day, the session was moderated by Dr. Jasleen Kaur. Dr. Krishnan explained the origin of the word middle class from the historical perspective which was quotidian in the British Era. She covered the two questions such as how has the middle class in India expanded in the period from 1999-00 to 2011-12 and how sensitive are the results to different definitions of the middle class on 6th November. Her accountability and presentation with the tables and graphs catered the interest of the students. She also explained the economic aspect of the middle class in the current scenario. Second day, the session was hosted by Dr. Niti Arora who also pointed out the significance of the workshop. Dr. Krishnan answered the last two questions about how the middle class is different from the poor and affluent in terms of its spending pattern and what is its structural composition. She also showed different videos related to the concerned subject to clarify the concept. The analysis of distribution of the middle class among different sections like caste, class and religion gave an insight for the deep edge of

vindication as it's based on the NSSO 68th survey. In the workshop, approximately 80 students have participated and identified the key contextual factors to be taken into account and an assignment is given to all of them as a mandatory requisite to receive the certificate. Many students asked different questions related to this topic and a healthy conversation was established. Lastly, vote of thanks was given by Mrs. Shivani Verma and Principal Prof.(Dr.)Harpreet Kaur and Dr. Lokesh Kumar Gupta . The pro-student approach of the speaker gave new perception and attitude towards the gravity of the topic and as well as provided a plot for the potential research base. It was an informative and illuminating session which renaissance the interest of the students as well as of the faculty members.

12. Report on Webinar on “FINANCIAL MARKETS”

19th September, 2020, Day 1

An Initiative of Mata Sundri College for Women in collaboration with Sharevidya

Stock market is an important part of the economy of a country. The stock market plays a pivotal role in the growth of the industry and commerce of the country that eventually affects the economy of the country to a great extent. Stock markets also help in promoting investment. To help the students gain an in-depth knowledge about financial marketing our college's Placement and Internship Cell collaborated with Sharevidya to conduct a webinar on 'Financial Market'. Sharevidya is an initiative to encourage folks to do profitable trades in stocks and make maximum out of market volatility. Their motto is to 'Unleash the Power of Financial Wisdom'. The 1st day of the webinar commenced on 19th September, 2020 at 12:00 PM and concluded at 02:00 PM, and a total of 45 students attended the webinar.

Mr. Sidharth commenced the webinar by making the participants perform an activity which helped the students learn about the environment of stock markets. He gave a presentation on basics of stock market, history of stock market in India, timings of stock markets and much more. He explained in-detail about the definition of stock market, the market participants. He briefed the participants about the modes of trading which include equity, future and options, commodity and currency. Mr. Sidharth also explained about important marketing terminologies such as target, stop loss, sensex, broker etc. He helped the students by busting many myths related to stock markets and also informed about the benefits of choosing stock marketing as a profession.

The presentation was then headed by Mr. Amit Jain who is the CEO of Sharevidya. He then explained more about the different concepts of stock markets. He gave many tips on how to manage money in real life, rules for investing and much more.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

He also made the students understand why some people fail while investing. Some factors that he pointed out were greediness, high expectations, running after free advice, etc. He pondered upon topics such as different types of traders, penny stock etc. Mr. Amit Jain also shared his first stock market experience with the students so that they could learn from his mistakes.

The team at Sharevidya provided students with many real life examples for making them understand the concepts of stock market. They also attended to all the queries of the student and made the webinar very engaging and informative. The team also informed the students about their Youtube page from which they can learn more about stock markets and many hacks related to it. The event was conducted very smoothly without any interruptions and was highly appreciated.

The screenshot shows a Google Meet interface with a presentation slide. The slide title is "TYPES OF TRADERS". The presenter is identified as "Sharevidya Consulting is presenting". The slide content is as follows:

Active Stock Market Investors:
Active stock market investors use an investment strategy which involves continuous buying and selling activity. They usually dismiss long-term trends and focus on short-term profits.

Passive Stock Market Investors:
Passive stock market investors use buy-and-hold strategy for the long term and do not seek to profit from short-term price variations or market timing.

Emotional Stock Market Investors:
Emotional stock market investors are the ones who tend to hold on to a stock forever, irrespective of factors which negatively impact the stock and make it less favorable as compared to its peers.

13. Madhubani Painting Workshop 2021 (January)

Kala, the All Arts Society in collaboration with Dharohar, Heritage Society of Mata Sundri College For Women, University of Delhi, organised an online workshop on Madhubani art form of Mithila region 30 January 2021. The workshop was conducted by Mrs. Bimla Dutta an Internationally and nationally recognised Folk Artist. The event was inaugurated by our honourable Principal ma'am Prof. Harpreet Kaur, convenor and co-convener ma'ams Dr. Daljit Kaur and Dr. Iffat Zarrin respectively and by our faculty coordinators, Ms. Rameet Kaur, Ms. Naina Kaur and Dr. Simmi Kapoor Mehta.

After the inauguration of the workshop, Rashi Tiwari, President of Department of History shone some light on the importance of preserving Indian heritage for future generations, followed by Taran Kaur Matharu, President of Kala, the All Arts Society who highlighted the fact that art is as vital as academics to foster the personality and the mind.

Shreyasi and Deeksha, student coordinators of Dharohar, enlightened the audience about the rich history and types of Madhubani painting. Thereafter, our guest speaker Dr. Suprita Jha enlightened everyone with how Madhubani depicts the affinity of humans with Mother Nature, women empowerment and Sita Devi through its various themes, she even educated the audience about the usage of organic materials like paints and brushes in Madhubani painting and much more.

The workshop was a great learning experience. Mrs. Bimla Dutta taught Madhubani line art as she drew an artwork of Lord Krishna Live step-by-step along with the participants. Dr. Iffat Zarrin delivered a vote of thanks to all the

14. Workshop on Tally Prime

13th February 2021,

The Department of commerce, Mata Sundri college for women organized a one day virtual workshop on Tally prime in collaboration with NIIT Foundation. The aim was to strengthen and build-up the profound knowledge of all the students. Tally prime is a business management software that takes care of the accounting transactions, inventory management, payroll management, bank transactions etc. The session was taken by Mr. Salik Khan, the resource person from NIIT. The speaker emphasized on the basics of tally and cleared all the doubts and queries of the students very precisely. Even after having such a large number of audience sir made sure to interact with the audience on regular intervals by giving personal attention to each and every query asked. The session experienced a great level of interaction. Tally is the new way of accounting which is widely used across the globe and if students know how to operate on tally It will definitely open more doors of opportunities for them. This initiative was taken by the department of commerce to lay the foundation of future generations on the growing needs of technology and the world. Team Invictus also conducted a fun quiz to help the students to learn and revise the tally. The session witnessed an active participation of 350+ students. The students were also provided with the E-certificates provided by NIIT.

15. Mata Sundri College Hosts Three Day Workshop on ‘Women Achievers : Creating History, Nourishing Present and Building Future’

At a time when we all need to stay motivated, Mata Sundri College for Women, University of Delhi commemorated women achievers by conducting a three-day multi-disciplinary online workshop titled “Women Achievers: Creating History, Nourishing Present and Building Future” from November 3-5, 2020. This event was organized by the Department of Psychology, Philosophy and Physical Education & Sports Sciences in collaboration with IQAC. The Conveners for the workshop were Dr. Hemlata Krishnani and Dr. Pooja Wadhawan, organizing secretary were Dr. Sarabjit Kaur Sran and Ms. Charanjit Kaur. The first day was graced by eminent personalities like Hon’ble Lt. Governor of Puducherry, Dr. Kiran Bedi; Ms. Shailaja Chandra, First Woman Chief Secretary of Delhi; Padma Shri Vikramjit Singh Sahney, Chairman of Governing Body, Mata Sundri College and Prof. (Dr.) Harpreet Kaur, Principal, Mata Sundri College. The session was moderated by Dr. Sarabjit Kaur Saran, Dept. of Psychology. Shri Vikramjit Singh Sahney delivered the welcome address and introduced Dr. Kiran Bedi by highlighting her illustrious career. She stated that connecting with the masses is the primary aim of any public service profession and referred to the work done by the Governor’s team in Puducherry in this regard. Later, Ms. Shailaja Chandra opined that women should always think of their profession passionately and be determined to outshine others. Prof. (Dr.) Harpreet Kaur concluded the session by speaking about women in academics and encouraged the participants.

The second day was devoted to assignment evaluation given to the student participants. The final day organised fascinating talks from speakers belonging to diverse fields such as scientific research, business enterprise, and sports. Dr. Puja Hazari, Scientist ‘F’, Joint Director INMAS - DRDO shared her life story and struggles, from being a medical aspirant to changing her priorities and eventually

finding her passion in nuclear medicine and biomedical sciences. This was followed by Ms. Manu Bhaker, the eighteen year old Olympic Airgun Shooter who talked about her academics-sports balance, fitness preparations and the challenges she has faced in her field as a young woman achiever. The session ended with the talk by Ms. Preeti Tanwar, CEO HiEd Success, USA who shared her experiences as an educator and a career coach. She stressed on boosting self esteem, positivity, and confidence for the all round development of women. The workshop concluded with the valedictory note thanking the speakers and the organizers.

16. Psychology as Life Skill : An Integrative Counselling Skills Session.

Resource Person: Prof. Aruna Broota conducted by Psychology Dept and IQAC (MSC) held on 11 February 2021. (Convener: Dr. Harjinder Kaur, Co-convener: Dr. Pranita Gaur) An interactive life skills session was held online on Zoom platform, with renowned Clinical Psychologist Prof Aruna Broota. The session was attended by now only the students and faculty members of Mata Sundri College but also academicians and students across various colleges of University of Delhi. 500 students and faculty across Delhi participated. It was also Live on YouTube and was joined by a large number of people. Prof. Broota's extremely engaging session focused on imparting life skills to participants that would help them in navigating their life in an effective and productive manner. She addressed a wide range of concerns ranging from effective ways of retaining focus on accomplishing important life goals including academic focus in contemporary times of crisis caused by the pandemic. She shared numerous examples from her rich experience as a clinical psychologist and an academic to bring forth the relevance of developing important life skills including cooperation, positivity, resilience, ability to deal with ambiguity and handle paradoxes, time management, effective study habits, effective communication amongst many others. Her conversational audience friendly style, her pleasant demeanour and her ability to relate and connect with the younger generation as well as older age groups made the session very valuable.

17. Report on Faculty Development Programme: Exploratory Data Analysis using Statistical Software R and SPSS

The seven day Faculty Development Programme on Exploratory Data Analysis using Statistical Software R and SPSS was organized by Department of Statistics and Internal Quality Assurance Cell of Mata Sundri College for Women in collaboration with Mahatma Hansraj Faculty Development Centre, Hansraj College (initiative of MHRD, Govt of India under Pandit Madan Mohan Malviya National Mission on Teachers and Teaching scheme) from 7th January 2021 to 13th January 2021. The programme was attended by 150 participants from across the country and also abroad. The intellectually stimulating programme was enriching and proved to be helpful in improving analytical skills of the faculty and research scholars who attended the session. Dr. Archana Verma, Assistant Professor, Department of Statistics, Mata Sundri College for Women, welcomed all the participants. This was followed by a formal introduction to the program by Ms. Prabhsharan Kaur, teacher in-charge, Department of Statistics. Opening remarks for the event were given by our respected Principal Prof (Dr.) Harpreet Kaur. Dr. Lokesh Kumar Gupta, Coordinator (IQAC) gave a brief account of the activities being carried out in Mata Sundri College for Women during the Covid pandemic. The programme progressed with an inaugural lecture by Prof Vikram Dayal, Institute of Economic Growth in which he focussed on how visualization is critical to data analysis and data graphics give us great insights about the data and how that can be done with ease in 'R'. The inaugural programme ended with a formal vote of thanks by Dr. Swati Kujal. The next speaker of the day was Dr. Seema Gupta, Associate Professor, Ram Lal Anand College, Delhi University, who gave an introductory lecture on statistical methods, graphics, probability distribution and hypothesis testing.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

The second day started with a lecture by Dr. Babita Goyal, Associate Professor, Ramjas College, University of Delhi. She discussed Statistical Modelling and Model Diagnostics. Participants discussed various aspects with the speaker which continued till break. The next lecture of the day was given by Dr. Hukum Chandra, National Fellow & Principal Scientist, ICAR-IASRI. This was an introductory lecture on 'R' programming. Since it was a hands-on session, the participants found it very engaging and gave an overwhelming response. The speaker addressed all the queries of participants patiently and this marked the end of the second day.

The third day began with Dr. Hukum Chandra, who continued his session on 'R' software.

He explained data entry and its basic functionalities; demonstrated installation of packages in R script; showed how to read and write data files and how to use data editor modules in R. He also advised the participants to explore extensive online help available for R and practice by themselves. After a short break, the next session by Dr Chandra continued to discuss some of the most basic statistical tests in R. He even discussed a few of the discrete and continuous distributions and their fitting. The participants clarified their doubts and showed great enthusiasm throughout the session.

The fourth day was a break day which gave an opportunity to the participants to review and practice the content covered.

On the fifth day Dr Chandra delivered a concluding session and covered graphical representation in R. He discussed how we can plot various graphs and even customize them in R script. He also discussed correlation and how to perform basic regression analysis in R with built-in data set. The participants were satisfied with the very useful, informative and well explained session. The second session of the day was taken by Dr. Pradip Basak, Assistant Professor, Department

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

of Agricultural Statistics, Uttar Banga Krishi Viswavidyalaya, West Bengal. He discussed Multivariate techniques like principal component analysis, cluster analysis and factor analysis in R. After attending sessions on R, participants were content as they could understand the reasons for its immense popularity in academia.

On the sixth day, Dr. Suresh Kumar Sharma, Professor, Department of Statistics, Punjab University, Chandigarh, discussed the key concepts of descriptive statistics. Demonstrating hands on he familiarized all with the data editor and explained how to enter the data in SPSS and import excel files in it. The session was engaging and imparted great conceptual clarity and knowledge to work in SPSS. In the following session, Dr. Sharma focussed on graphical representation of data. He talked about various commands and pathway for plotting graphs in R. He also discussed linear and multiple regression in detail. Performing hands-on with data sets he also showed how to read the outputs in SPSS.

On the seventh day, Dr Sharma delivered a concluding session and discussed basics of statistical inference, hypothesis testing, concepts of p-value and various statistical tests in SPSS. The participants appreciated his sessions for being informative and enriching. This was followed by a small valedictory session wherein Ms. Prabhsharan Kaur thanked all the organizing team members of both the colleges, speakers and the participants. Participants also shared their views regarding the course content of the FDP and gave a unanimous view that this one week FDP was very well organized and course content was immensely informative and enriching. Dr Lokesh Kumar Gupta also thanked everyone and shared his views. The programme report was read by Dr Swati Kujal and the formal vote of thanks was given by Dr Archana Verma which concluded the seven day FDP.

18. A Short Term Course on “Entrepreneurial Idea Development and Skill Enhancement”

MSC unveiled UDDHAM, The Entrepreneurship Cell of Mata Sundri College for Women on 5th Feb2021. The Entrepreneurship Cell came up with a Short Term Course on “Entrepreneurial Idea Development and Skill Enhancement” in collaboration with UGC Community College, Kirori Mal College.

Inaugural of this STC could not be any better without the presence of Mr. Ravindra Nath, Ex Chairman and Managing Director, National Small industries corporation (NSIC) as our chief guest. He stated the importance of skills because that is what matters the most. He gave a few interesting examples to highlight the importance of guidance and motivation to people who are talented but just lack vision.

Few astonishing life lessons taught by him stucked to the following:

1. One who wants to achieve something should surpass everyone by taking the first step ahead.
2. The wonders made by small things are always remarkable and make a lot of difference.
3. No one can beat an empathetic person who always puts themselves in other's shoes and brings happiness in others' lives which ultimately bring joy to them.

Session 2 of day 1 was chaired by Mr. Pushendra Kumar, Associate professor, Kirorimal College, DU. Sir laid down the foundation of this course by giving practical insights into the concept. He shared very relevant examples from day to day life.

Speaker for the second day session 1 was Mr. Shakeel Ahmad Khan, faculty of Entrepreneurship Development Program at National Small Industrial Corporation,

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

MSME, Government of India. He spilled the stats that more than 50% Start up companies failed in their initial years due to poor planning and market analysis. He discussed various schemes offered by the MSME to promote startups in India. The audiences' morale was boosted up by outshining various examples of leading startups like Uber, Britannia, OYO, Medicine companies, Maruti, Aashirvaad and many more who supported the fact that new set up businesses should be kicked off with trading rather than manufacturing.

Session 2 Day 2 was taken up by Mr. HP Singh, Chief Consultant in National Institute for Entrepreneurship & Small Business Development, Ministry of Skill Development and Entrepreneurship, Govt. of India. He had a very innovative and creative way of elucidating the concepts of invention, innovation and skill, through story lines, case studies and PowerPoint presentations. He gave instances of many high flyers entrepreneurs and their inspiring success stories.

The event headed up to the third day where we had Professor Vinod Kumar as our resource person. He is a former General Manager in Marketing at Bharat Electronics Ltd. (BEL), and a visiting professor at JIMS and NMIMS. His discussion with the participants forced them to think out of the box. He discussed the startups initiated in 2019 who grabbed the opportunities and bought unique solutions to general problems just like Paytm. He enlightened that every time entrepreneurs should assess everything at the moment, they step outside including problems faced by people, how it can be solved, how can people do it better and also competitive analysis of the market should never be neglected.

The session 2 of day 3 was taken up by Ms. Uzma Mumtaz who is an entrepreneurship mentor in the Incubation Department at National Small Scale Industries Corporation. She started with the entrepreneurial support system and its ecosystem. She made participant's mindset clear to never search customers for

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

your product rather always search a product for your customers. The product should be decided earliest and then market segmentation is to be done for the customers according to their needs and packaging is based on the classes of customers.

We had Dr. Suman Dhawan, Deputy Director (Academic/WCSC), Department of Technical Education and Training, Government of NCT of Delhi. On Day 4 session 1. Dr. Suman voiced her thoughts on what all hindrances may come in the way while an individual plans to start his own business inclusive of risk bearing, peer pressure, ground working and much more. She focused on the MSME grants that help young and budding entrepreneurs by giving a head start and being their helping hand in financial as well as emotional aspects. While focusing on the ever-changing entrepreneurial ecosystem, Dr. Dhawan highlighted how women have been taking charge and shining bright in this ecosystem by sharing a lot of real -life stories with the audience.

The event was headed for the second session of day 4 with Ms. Sudipti Dhawan, Director Dynamisers solutions having specialization in Cyber Security and Artificial Intelligence as our speaker. She guided students with the proper ways of validating an idea. She focussed on how one can have a pool of ideas and focus on them by researching, having one to one conversation with the competitors, talking to elders, taking regular feedback etc.

On day 5 session 1, the discussion was on “The main reasons for startups failure in India” by our speaker Ms. Sudipti Dhawan. Our participants were encouraged to take a step ahead towards their goal without fearing failure because winners are those who grip some risk too. She told the success story of Vijay Shekhar sharma , co- founder and CEO of Paytm which taught the important fact that one should

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

consider while failing is ‘ I have not failed, I’ve just found 10,000 ways that won’t work’.

The second session was conducted by Dr. V.K. Arora, CEO, Incubation Centre Delhi Govt., IGDTUW, Anveshan Foundation. The topic of his session was “Innovation, Entrepreneurship and Business Idea Generation” where he discussed real life examples to explain the terms like innovation and creativity. He laid down the fundamental principle of entrepreneurship that an idea without a solution to the problems is not an entrepreneurial idea. He also talked about “Business Incubators” where he explained how to connect the idea with business incubators and also created awareness among students regarding the number of incubators in Delhi and the way of reaching them.

On Day 6 session 1, we had amongst us Ms. Mamta Prajapati, Sector Expert Food at National Consumer Helpline (Project of Ministry of Consumer Affairs, Food and Public Distribution). Her session was focussed on the food industry. She apprised participants about the various food businesses that can be undertaken under different domains like packaging, ecommerce, catering etc. Audience was familiarized with the whole process of Registration and Licensing step by step along with that they were told who all needed to register and grab a licence. She stated the key features of the platform FoSCoS and what all things a person requires to login, register for different domains.

Second session of day 6 was taken up by Mr. Nipun Jain, Founder and Business Head, Natty Ninos. A Short term Course on entrepreneurship can’t be complete without an entrepreneur himself being a part of it. He narrated his own story starting with how he got the business idea from his experiences, hurdles and ups and downs in the journey and how he overcame those things by recommending to focus on what you want to do, trust yourself, take time to think upon and go with

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

the process. He encouraged the participants by asking them to explore and not to restrict themselves within the 4 walls.

Day 7 session 1 was taken up by Mr. Ravindra Nath, Ex Chairman and Managing Director, National Small industries corporation (NSIC). Some life changing short movies were recommended to the participants which can open up their mind sets in various aspects. He focussed mainly on gaining practical skills rather than theoretical learning. He also apprised the participants with many schemes like 'Aspire', 'Pradhan Mantri Kaushal Yojna' and WEP i.e Women Entrepreneurs' Platform which is established specially for women. Second speaker of the day 7 was Mr. Pushpendra Kumar, Associate professor, Kirorimal College, DU. He enunciated about the skills that need to be inculcated in every student so that they can chase their path towards a job provider. He stimulated participants with his known mate's success story which left an inspirational mark in their minds. He unfolded the success stories of Ebay, Coca Cola, Pepsi and many more leading companies who are now touching the heights of success in their own fields.

Also, we conducted one activity on Presenting a Business Plan on Day 7, where Participants formed groups and presented their business ideas. The competition was judged by Dr. Sharda Garg, Ms, Rashmi Singh and Ms. Priya, from department of commerce, MSC. Participants were judged on the basis of Innovation, creativity, viability of the generation of funds, approach to target markets and team coordination.

Day 8 session 1 was taken up by Mr. Tripat Preet Singh. He commenced the session on topic 'Funding and related Concepts'. He tried to provide a right path to students by quoting that "Funding may or may not happen, it is not a roadblock for you to do a business." Later, the second session was conducted by Mr. Anurag

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Mittal who addressed queries of participants related to entrepreneurship. The way he took all the doubts was remarkable.

Day 9 we had an entrepreneur with us Ms. Tarasha kaur who has raised to fame through her bakery startup. She shared her entrepreneurial story with students motivating them to take their dreams to another level.

The programme ended with a valedictory session where Principles of both the collaborating institutions spoke their hearts out with students. Dr. sapna Dhaliwal presented with a vote of thanks which was followed by some presentations from student's side regarding their business ideas.

19. FACULTY DEVELOPMENT PROGRAMME ON ICT BASED NEW PARADIGMS OF E-TEACHING AND E-LEARNING : DIGITAL PEDAGOGY

BY: DEPARTMENT OF COMPUTER SCIENCE,
MATA SUNDRI COLLEGE FOR WOMEN, UNIVERSITY OF DELHI
SEPTEMBER 15, 2020 – SEPTEMBER 30, 2020

Introduction: The Department of Computer Science, Mata Sundri College for Women, University of Delhi has organised this online two weeks' online faculty development programme for the teachers of higher education in association with Teaching Learning Centre at Ramanujan College, University of Delhi. The main objective of this faculty development programme is to assist faculty members across the country to use ICT, develop and manage online classes for their students. Online classes have become the norm in today's times and present all teachers with the splendid opportunity to engage our students in the setting of a virtual classroom. Online classes can to some extent replicate our physical classrooms and provide an enriching teaching and learning experience. This programme is designed to provide the participants with the necessary skills to develop and manage a fully fledged online class. The participants were given hands-on sessions on various software and online tools, open source. They were trained in the creation of digital material including videos, mind-maps and presentations.

Highlights of the Faculty Development Programme

- Total Participants 1061
- Live sessions 14
- Recorded sessions 115

Day1: September 15, 2020

Inaugural Session (14:00-15:00 IST):

YouTube Link: <https://www.youtube.com/watch?v=Bchcdkr2yCM>

Session I: Live (15:00-17:00 IST)

Topic: Google Classroom

Resource Person : Ms. Bhavya Ahuja Grover

Summary: Google Classroom is a free web service developed by Google for schools /colleges that aims to simplify creating, distributing, and grading assignments. The primary purpose of Google Classroom is to streamline the process of sharing files between teachers and students. The focus of the lecture is on creating, and managing virtual Classrooms by adding students, co-teachers, materials, and assignments.

20. Faculty Development Program: Teacher, Teaching and Teacher Education: Processes, Concerns and Prospects

(18-23 October, 2020)

The six days online Faculty Development Programme (FDP) from 18-23 October, 2020 organised by Department of Elementary Education and Internal Quality Assurance Cell (IQAC), Mata Sundri College for Women, University of Delhi and Teaching Learning Centre for Social Science, Dr. Harsingh Gour Vishwavidyalaya, Sagar (DHGVV, Sagar), Madhya Pradesh (under the aegis of Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching, Ministry of Education), marked another attempt to build an academic discourse around the New Education Policy, 2020. The FDP had its thematic focus on teachers, teaching and teacher education as envisaged in the policy perspective. The support of its patrons Prof. Harpreet Kaur, Principal, Mata Sundri College and Prof. Janak Dulari Ahi, Hon'ble Vice Chancellor, Dr. Harisingh Gour Vishwavidyalaya, Madhya Pradesh and, and the concerted efforts by Dr. Ravneet Kaur, (Coordinator, FDP, Mata Sundri College), Dr. Lokesh (Coordinator, IQAC, Mata Sundri College) Dr. Sanjay (Convener, FDP, DHGVV, Sagar) and Dr. Afreen (Coordinator, FDP, DHGVV, Sagar) ensured the successful completion of the FDP.

On exploring the NEP 2020 document in context of the given theme, it was realised that the policy as it reads, commits itself to structural, pedagogical, curricular and infrastructural changes at various levels of education. In laying out specific measures through which these changes will be accomplished, the policy document envisions the role of the teachers in this process as crucial. However, while the role of the teachers as agents of transformation has been long recognised, gaps continue to exist in ensuring quality preparation, employment and

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

service conditions of these agents of change. There is a dire need of enforcing the standards for quality in each of these aspects so as to empower teachers. The NEP, 2020 recognises this and proposes changes in teacher preparation, recruitment process and service conditions. Among the many proposals, introduction of a 4-year integrated B. Ed. Degrees offering a dual specialization in both Education and a second discipline has been a major step towards revamping teacher education in the country. But like for other changes, this too creates opportunities and brings new challenges within itself. Therefore the need to analyse and assess the policy's vision for the teacher and teacher education, thus becomes pressing. It is in the view of these concerns and convictions that the present FDP was planned on the given theme which was further explored with more than 20 sessions where resource persons with expertise in their fields interacted with the participants. These experts were prominent personalities from some of the most prominent institutions of the country like National Sanskrit Foundation, Department of Education, Delhi University, Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya, Wardha, Maulana Azad National Urdu University Hyderabad, GND University, Amritsar, Ambedkar University Delhi, Banaras Hindu University, IGNOU, NCTE to name a few and many others from premier national and international institutes and organizations.

The FDP saw mass response with more than 250 registrations. It's a matter of pride that the organisers were not only able to reach out to participants across the expanse of the country; the urban, semi-urban and rural belts, but also from our neighbouring country Nepal. The FDP is joined by participants affiliated to many central universities, state universities. private universities and institutions, from located across different states and union territories. The participants represent a diverse cohort of disciplines and research interests. This is very significant in terms of taking the discourse and deliberations

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

that emerged in this FDP further and will contribute to larger discourses both at national and international level that are happening in the area of teacher education.

The various sub-themes through which the programme unfolded concerned a number of dimensions of teacher and teacher education. These encompassed understanding the ways in which the role of the teacher and the expectations from him/ her have been envisaged through ancient philosophies and in the contemporary policy documents, exploring the changes in the curriculum and pedagogy of teacher education programmes to incorporate the understanding of sustainable development goals, deliberating on the major challenges in the implementation suggested for teacher education, and reflecting on the re-envisioned structure of schooling as recommended by the National Education Policy 2020. There was an attempt to weave an interdisciplinary understanding, through perspectives building on different strands of teacher education, whether they emerge from the disciplines of Education or Liberal subjects.

Each day of the programme brought with itself insights about different dimensions. The resource persons engaged the participants in reflection and critical appraisal of a number of aspects of pedagogy, classroom environment, inclusion and many more. Aspects like flipped learning in classrooms, implications and challenges of digital education, changing contours of classroom space and time, issues of self and identity of a teacher, implications for the process of education, notions of learning and disabilities, cultural and civilizational understanding of teacher and learner, child-centred pedagogy, autonomy and agency of teacher and their professional development, processes, methods and means of assessment and evaluation and many more were dealt with. The list is not exhaustive.

Other than providing questions for reflections, the six days of the online FDP was a platform to analyse the strengths and limitations in the NEP 2020. This exercise

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

of detailed discussions is a crucial step forward to identify the incongruities and challenges, and explore further the possibilities and suggestions for a successful ground realisation of the policy in its true sense. Open discussions towards the end of each session, provided opportunities to the participants to raise questions, concerns and express their views. This proved crucial for the sharing of ideas and suggestions, and building dialogue between the speaker and the participants. Involvement of the participants was secured by giving some an opportunity to moderate the sessions and contribute in the conduction of the FDP. The comments, questions and feedback on the FDP is a valuable source of public knowledge and also provides immense scope for improvement. Apart from the apparent learning in terms of session-discussions and participation, for its organisers, this was a great exercise in team building, cooperation, critical and creative thinking, decision making and crisis management. At every step from its conceptualization, to planning and execution there was something new to enhance one's life skills. It is this kind of experience that proves to be a milestone in the process of lifelong learning.

21. A Short Term Skill Development Certificate Course on “Python for Machine Learning and Data Science”

Department of Mathematics and Internal Quality Assurance Cell (IQAC), Mata Sundri College for Women in collaboration with 9LedgePro-Microsoft Partner Network organized a Short Term Skill Development Certificate Course on “Python for Machine Learning and Data Science”. The course commenced on 31st October 2020 with an inaugural ceremony which began with a melodious rendition of the college prayer. The Course Coordinator, Ms. Sonia Aneja welcomed the Principal Prof. Harpreet Kaur, the Course Speaker Mr. Parth Shukla, Co-founder, 9LedgePro-Microsoft Partner Network and the Teacher-In-Charge (TIC) of Department of Mathematics Ms. Mandeep Walia. The Principal then addressed the participants and motivated them with encouraging words. TIC also wished the students all the best for the successful completion of the course. The duration of the course was 30 hours. There were 12 live sessions, out of which 6 sessions of 3 hours each were held on weekends and 6 sessions of 2 hours each were held on the weekdays. Live sessions were conducted on Microsoft Teams. It was attended by 53 students.

The objective of the course was specifically to introduce various concepts of Python programming which would enable the participants to gain basic understanding of the tools and techniques involved in Data Sciences while

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

providing exposure to different applications of Python through projects such as sentiment analysis, detection of fake news etc. Several useful topics like Python Data Structures, Python Programming Fundamentals, NumPy, Pandas and Matplotlib, Introduction to Machine Learning (ML) were covered. Students created python scripts and worked on the data-sets to apply ML. The Instructor interacted with the students on a one-to-one basis and took their doubts in each session. 6 assessments and a final test were taken during the course to strengthen their knowledge of the Python language.

The live sessions concluded on 22nd November 2020 with a closing ceremony where the TIC, Ms. Mandeep Walia and the Course Coordinator Ms. Sonia Aneja proposed a vote of thanks and some of the participants shared their experiences and feedback of the course. The students participated in full enthusiasm and found the course beneficial and interesting. Successful students were given E-Certificates at the end of the course.

22. Short-Term Certificate Course on Gender Studies

A 30 hour online short term course was organized by the Department of Political Science and IQAC, Mata Sundri College for Women, Delhi University in collaboration with Forum for Democracy from 1st November,2020 to 13th November,2020. The course was conducted through online mode and it has been designed keeping in mind multiple aspects of comparative study, new perspectives, scholarly engagements, strategic evaluation methods, assessment techniques and case study method among many other innovative approaches. The course was enrolled by 99 students and 77 students successfully completed the course. The course was holistically designed for undergraduate students. It encompasses an interdisciplinary framework that enables the learner to seek answers to critical questions pertaining to gender and its associated fraternities. The key purpose of this certificate course was to acquaint the participants with crucial aspects, interrogations, inquiries and debates intertwining the subject. The Gender Studies program will provide both historical and contemporary perspectives on myriad social, economic and political aspects. The course curriculum enunciated on a multilayered and multidisciplinary framework encompassing disciplines of law, history, economics, psychology, sociology, philosophy, political science and literature among many others. The aim was to empower the learner with the ability to examine socio-economic, political, psychological as well as cultural conundrum about gender. This course applied a method of integrative learning that was facilitated through training and lectures imparted by academicians, practitioners, common voices, representatives of different sectors as well as advanced level of student participation. The goal was also to enhance awareness of current as well as lived experiences around gender, and of the numerous intersectional attributes of gender with other social identities and political standpoints. In the inauguration of the course, the Patron of the

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

course Prof.Harpreet Kaur gave the welcome address. She spoke about gender, feminism and intersectional approaches and analysed how women, men and children in different kinds of family's experience privilege and marginalization in private and public contexts based on their gender, race, social class, sexual and gender orientations and nationality, among other forms of stratification. She expressed her belief that women bear the double burden of paid work and unpaid care work and a rights-based approach can help them protect them from violence and exclusion. She congratulated all the students who joined this course and wished them good luck. The Chief Guest for the event was Dr.Garima Tiwari(ACP). She shared her personal experience related to the subject Gender. She spoke about gender-based violence which is not just physical, but also emotional and psychological. With the changing times, digital platforms are now also being used for such violence. She stressed that we all should protect our self-respect and also learn to draw a line. She believes that there is an urgent need for all of us to rethink and re-imagine the gendered connotations of the Human Rights framework. During the course work academicians, social activists, lawyers, professionals and a myriad of intellectuals conducted the sessions. All the sessions were attended enthusiastically not only by the students but also our faculty members. Students have shown exceptional participation with their intriguing questions and proactive participation. The resources for the course appreciated the way students participated in the class. There were quizzes and assignments conducted for the assessment of the students. The students were given completion certificates on the basis of their attendance, quizzes and assignments. At the end of the 30 hour course, a closing ceremony was also conducted. The ceremony was graced by Ms. Neliswa Nkani, Head, South Africa Tourism as Chief Guest

And Ms. Fatma Zohra Zamoum, Scriptwriter, Director and Producer as Guest of Honour .The patron of the course Prof.Harpreet Kaur formally welcomed the

**Mata Sundri College for Women
(University of Delhi)

Ph: 23237291

guest and highlighted how the course will help our students in their professional and personal endeavour. She thanked Forum for Democracy for conducting the course in a comprehensive manner. She also thanked the organising team from the department and students who participated and made the programme a successful one.

feedback:

According to me, Gender in simple terms is what our mind and body want to be. And this course was so knowledgeable. It was an amazing opportunity to be a part of it.

Prabhleen Kaur
Pol/18/109

A tremendous amount of thought ,hard work and effort ,had gone into the organisation of this 'Gender Course' .The content was indeed inspiring. I'm sure we will benefit from this course for the years to come. 'FFD' will be fondly remembered.

Shweta Sharma
Pol/18/65

Short Term Course on Gender Studies was organised by the IQAC (Internal Quality Assessment Cell) and the Forum For Democracy.

The 30 hours long course, which lasted for about 15 days, saw an enthusiastic participation from the students.

The seminars were highly informative and enriching to all the students. The best part being that they were very interactive as the resource persons and the mentors encouraged the students to ask questions, raise doubts and give their own insights into the topics of daily discussions.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

The topics of discussions were of varied ranges including sexual health and tourism with regard to women.

The resource persons did not just touch the surface of physical grooming of students but also highlighted the internal and spiritual growth of students into coming to terms with their individualities. They also nudged and poked them to think and share their views, which helped in organic grooming of the subjects' understanding.

The course also had an assignment to check the understanding of the students. All in all, it was one of the best exposures that was given to the students.

Kaveri

POL/18/157

3rd Year, section A

A great course -with full information and lots of useful strategies . My head is ready to burst, but in a good way! The ideas will help me to implement a new mindset for the society.

This is the course which helped me to built confidence and i am ready to face a world with challengeable things!!

Ph: 23237291

The course acquainted me with some very strong personalities. I was able to understand the perspective of different people on gender and gender based issues. I loved the session on women representation in the electoral system. I loved how the course touched the issues of LGBTQ COMMUNITY.

However, I felt that the course was more women centric to be titled as Gender studies as I was expecting to learn about the struggles being faced by both men and women because even men become the victims of the society laid norms but such issues never come in light and courses like these can be the best platform to discuss such issues as well.

There were some technical issues as well, my video was stopped on the last day for the whole session by the host.

Overall it was a good experience and i felt a bit productive in the pandemic
Mansi Gupta(Alumni, MSC)

The gender study course was really thought provoking. One of the best introductions one could have got. The course was well planned and was aimed at introducing the students to the new aspects that are emerging regarding gender and reflects the loopholes that prevails in our society. The course furthered our knowledge regarding gender and left us all thinking about how can we contribute towards the betterment of the society and to make it gender neutral.

Glad to be a part of the course.

Ph: 23237291

DAY4, and 5 the speaker was same DR AMAN KUMAR SINGH ast, professor dirham new delhi the session began at 4PM and ended at 6PM the topics of both the days was different on day 4 he spoke on iconography and interpretation of society through motifs and sculpture and on DAY5 he spoke on the topic indian architecture he tried to connect sculptures and iconography with architecture, he explained the topic through ppt and a very well tired to connect the mantras of through icons and sculptures he also chanted it and tried explaining to the students, on both the days the lecture ended with the question answer session.

After the compilation of 6days of the course we had to appear for an assessment which was held on 13th of feb, it was an objective paper and was compulsory for everyone doing the course to appear for.

On the very same day i.e. the DAY6 in the evening there was a lecture too which was conducted by PRATISTHA MUKERJEE, phd scholar, msu baroda she very beautifully through the powerpoint presentation explains the very basic concept of archeology and how excavations are done and what is the idea behind doing it and what factors affects it. After she finished with her lecture there was a question answer session held.

The topic for DAY 8 and 9 was the same i.e. the MUSEUM STUDIES, and the speaker for both the days was the same DR ANAND BURDHAN secretary, museum association of india. On day 8 he was available and spoke on the topic he explained how museum works and its functions on the second day of his lectures he was not available the lecture was conducted by MR AVISHKAR a member of RATH team who also explained how things are placed inside the museum and how the museum works through a ppt. Which at the end came to be a fruitful session for the students as the museums are the immediate secondary source for the students of history and plays a very important role in all our lives.

24. “Graphics Designing & Front-End Web Development”

Duration: 30 Hours

Date of Commencement: 2nd January 2021

Date of Valedictory: 5th February 2021

Department of Computer Science and IQAC, Mata Sundri College for Women, University of Delhi, initiated the 30-hours online short term course on “Graphics Designing & Front-End Web Development” in collaboration with GirlScript Foundation, on 2nd January 2021. The department supports, engages and assists students in active learning for technical and creative capabilities of each student. Besides regular courses, the department regularly organizes various courses and events periodically for the benefit of students. These courses are able to offer students better chances of PG admissions, internships as well as numerous job opportunities.

The course was inaugurated by Dr. Harpreet Kaur, Principal, Mata Sundri College for Women, University of Delhi. The inaugural ceremony commenced at 4.15 pm with the welcome address by Dr Kiranjeet Sethi, TIC Coordinator, Department of Computer Science. She also shared course details and elaborated about Mata Sundri College for Women and GirlScript Foundation. Dr. Harpreet Kaur in her inaugural address motivated the participants to make full utilization of the technical skill-set of the Expert Trainers. Dr Lokesh Kumar Gupta, IQAC Coordinator told about the various initiatives and collaborations taken up by IQAC. He requested participants to utilize their valuable time by sincerely attending all the sessions during the course and provide the daily feedback. Ms Ashema Hasti, Programme Coordinator introduced the three Guest Speakers from GirlScript Foundation, namely, Ms Anubha Maneshwar, Co-Founder, GirlScript Foundation, Mr Dharm Narayan, Community Manager and Ms Tanya Batra, Branding and

Ph: 23237291

Strategic Manager. They briefed about the training programmes created by their team of experts to help participants build their career and about the community building efforts done by their organization.

The aim of this 30 hours course was to provide students an opportunity to learn high-demand skills of designing attractive web pages and using Graphics tools in creating and enhancing visualization effects. Inclusion of Rigorous, authentic assignments and live projects in the course added value to their skill set. The highlight of the course was hands-on training to participants by Subject Matter Experts from the industry in the area. The workshop was divided into ten technical sessions of three hours each, followed by online assessment of the students. There were five sessions each on graphics designing and Front End Web development. The course was conducted entirely in online mode, after college hours and on weekends, using the Online Platform of CISCO WEBEX. The course material was provided in the electronic format along with the Session Recordings.

The Resource persons for the course were Mr Saurabh Mali, Graphics Designer and Mr Keshav Singh, Web Designer. Students learnt how to install the Adobe Photoshop & Illustrator tools. During the Graphics Designing Sessions, the learning was multifaceted including theoretical, conceptual and project-based learning with options to explore the functional, technical, and planning aspects, along with the stylistic, aesthetic, and thematic elements of Design. Exposure to practical websites and live project work was also given to the students along during the sessions and students were taught about portfolios, illustrations, logos, motion designing and creating gif images and how to create their own ecommerce website. Students created two projects: Mini version of the website on SkateBoard Community and E-Bookstore app. During the Sessions on Front-end Development, students learnt about HTML,

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

CSS, JavaScript and ReactJS. The instructor taught the basics of web development and helped the students to install VS Code and GitHub along with the NodeJS software. He described and differentiated the meaning of two important concepts: “Git” and “GitHub”. Further, the students learnt to make a repository in GitHub and then worked upon its various commands such as git push, git clone, git status, git remove rm origin, git remote add origin, git log, etc. Students worked on three Web development projects: Building Portfolio, creating StopWatch and Tic Tac Toe game.

Students had the opportunity to put together their skills in the projects designed and created by them which provided an opportunity to them to ideate the concepts, implement the same and carry it to completion. The course saw an enrolment of 50 participants from various colleges of University of Delhi, including Keshav Mahavidyalaya, Deshbandhu College, IP College for Women, St Stephens College, SPM College for Women, Ram Lal Anand and Mata Sundri College for Women. The speaker interacted with the students on a one-to-one basis and provided them with valuable tips. The students found the sessions beneficial and interesting as the Instructors shared their immense knowledge and expertise on the topic in an elaborate yet simple manner. Students were provided E Certificates at the end of the course, based on their completed projects and online assessment, conducted on 2nd February, 2021.

The Valedictory session was held on 5th Feb 2021 from 4pm onwards and was graced by the presence of Dr. Kiranjeet Sethi, TIC Coordinator and Dr Lokesh Kumar Gupta, IQAC Coordinator, who appreciated the efforts of the organizing team and enthusiasm of participants. The Co-Founder and Managing Director of GirlScript Foundation Mr Mohit Varu and Programme Coordinator Mr Chinmay Mokhare expressed their gladness in collaborating with our college. A power-point presentation showing the work and practical assignments done by the students was

14. Swami Prem Parivartan (Peepal Baba), Founder Trustee- Give Me Trees Trust, New Delhi, India
15. Ms. Meghna Das, Chartered Environmentalist, Senior Program Specialist- Sustainability, United Kingdom

Organizing committee: The course was organized by the following -

- Professor Harpreet Kaur (Patron & Principal, MSCW)
- Dr. Kamlesh Kaur (Organising Secretary)
- Dr. Lokesh Kumar Gupta (Coordinator, IQAC)
- Dr. Uzma Nadeem (Convener)

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Course objectives:

The objective of the course was to highlight all the themes related to the environment and sustainability to students. It also raises awareness among students and teachers about the importance of sustainability and protecting the environment. The course puts light on the grave situation that we are currently in and with the fast depleting flora and fauna; we are facing a threat to our existence, which forces each one of us to take a step towards the environment.

Topics covered:

A wide spectrum of topics was covered during the course. It mainly included:

Day 1: Energy Conservation for Sustainable Living and Recreation Comes Before Conservation

Day 2: Air Pollution Management

Day 3: Biodiversity and Sustainability

Day 4: Climate Change Adaptation in the Himalayas

Day 5: Sustainability: Learnings from Nature

Day 6: Understanding Environment and Sustainability- Global to Local Approaches

Day 7: Sewage and its Impacts on Aquatic Ecosystems

Day 8: Understanding Climate Change and Sustainability

Day 9: River Hazard Related Issues and Probable Management for Sustainability

Day 10: Sustainable Practices in Waste Management

Day 11: Wetlands and Sustainable Development

Day 12: Documentary on Sustainability and Environment

Day 13: Water, Agriculture, and Future

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Day 14: Tree Plantation and Sustainability

Day 15: An Environment Fit for Every Child

About 80 students participated in the course from various institutions all across the country. The course was conducted entirely in the online mode. E - Certificates were provided to the participants after the completion of the course. The classes were held after college hours and on weekends and weekdays.

The course was highly interactive, participative, and action-oriented. The course provided the guiding experience in Environment and Sustainability related issues specially focused on 'How to Protect Our Environment'. The sessions were highly interactive under the guidance of experts.

Practical knowledge was imparted with the help of videos, graphs, and diagrams for a better understanding of the students. Four one-hour weekly tests were conducted and the mode of the test was Google Quiz wherein the students had to answer objective-based questions to test their understanding of the lectures. The final written exam was conducted via Google Classroom in which the students had to provide an explanatory and elaborate answer.

The course proved to be a huge success. It was a highly advantageous and eye-opening lesson for those who neglect the environment. It encourages the younger generation to take up environmental issues and approach them with an action-oriented motive.

29. PROFESSIONAL ETHICS: THEORY AND PRACTICE

DEPARTMENT OF PHILOSOPHY(ASTITVA), MATA SUNDRI COLLEGE FOR WOMEN, ORGANISED AN INTERDISCIPLINARY NATIONAL CONFERENCE ON THE TOPIC: PROFESSIONAL ETHICS: THEORY AND PRACTICE, ON 21ST AND 22ND JANUARY 2020. IT WAS SPONSORED BY INDIAN COUNCIL OF PHILOSOPHICAL RESEARCH, MHRD, NEW DELHI. THE CONFERENCE HAD IN ATTENDANCE, MANY EMINENT SPEAKERS. THE INVITED SPEAKERS GAVE TALKS ON MANY IMPORTANT TOPICS INCLUDING BUT NOT RESTRICTED TO: MEDICAL ETHICS, SPORTS ETHICS, MILITARY ETHICS ETC.

THE CONFERENCE WAS DIVIDED INTO NINE SESSIONS COUNTING TWO PARALLEL SESSIONS FOR PAPER PRESENTATIONS. THIS ALLOWED THE AUDIENCE THE OPPORTUNITY TO GRASP AND UNDERSTAND MANY INTERESTING TOPICS IN A SHORT PERIOD.

IN THE FOLLOWING PAGES, THE SESSIONS HAVE BEEN RECAPPED INDIVIDUALLY.

2

Day 1:- 21ST JANUARY 2020

Inaugural Session

Rapporteur: Menka Ahlawat (Dept. of English, MSCW)

Day one of the two-day interdisciplinary National Conference on ‘Professional Ethics: Theory and Practice’ organized by the Department of Philosophy, Mata Sundri College for Women, Delhi University, commenced on 21st January, 2020 in the Mata Sahib Kaur Auditorium. The Conference began on a high note with the

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

college prayer invoking divine blessings on the program. The anchor of the session, Dr. Kiranjit Sethi, then invited the dignitaries and guests to light the lamp. Respected Principal of the college Prof. (Dr.) Harpreet Kaur Jaswal extended a warm welcome to the Chief Guest of the program Prof. (Dr.) Bhushan Patwardhan (Vice-chairman, UGC, New Delhi), keynote speaker Prof. (Dr.) R.C. Sinha (Chairman, ICPR, New Delhi), guest of honour Mr. Earnest Rwamucyo (High Commissioner, Rwanda)'s representative Mr. Joseph Kabakeza (Deputy High Commissioner, Rwanda), distinguished guest Prof. (Dr.) Balaganapathi Devarakonda (HoD, Department of Philosophy, Delhi University) and Prof. (Dr.) Mrs. Vibha Chaturvedi (former Head of Department, Department of Philosophy, Delhi University) by presenting them with plants and mementoes. The Convener of the Conference Dr. Lakshmi Vats (Teacher-in-charge, Department of Philosophy, Mata Sundri College for Women) welcomed the Principal and distinguished guest Sardar Harindar Pal Singh (member, College Governing Body) by felicitating them with the same.

The welcome was followed by the release of the souvenir of the Conference in the esteemed presence of the dignitaries. The convener of the Conference then proceeded to address the gathering which comprised of teachers and students of the college and those of other Delhi University Colleges.

Prof. (Dr.) Harpreet Kaur, in her Welcome address, welcomed everyone and harkened back to the principles of the Guru Granth Sahib as guiding principles to an ethical life. She highlighted the need to balance corporate values with human rights and environmental concerns. Subsequent to this, Prof. (Dr.) Bhushan Patwardhan congratulated the College and the Department of Philosophy especially, for organizing the Conference, stressing its significance for a young generation readying themselves to enter the workforce. Prof. (Dr.) R.C. Sinha encouraged the participants to steer the discussion of professional ethics in a

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

productive direction by reminding them that in a post-modern world, values must be pluralistic and relative, rather than absolute. As a diplomat, Mr. Joseph Kabakeza discussed professional ethics in the context of a career in diplomacy. He discussed the creative challenges of representing one's nation in a foreign land and the importance of a set of rules and guidelines in this task, encouraging students to develop sensitivity. Sardar

3

H.P. Singh brought religious ethics into conversation by raising pertinent questions about the loss of spiritual –ethical values in the age of crude materialism and artificial intelligence. He linked ethical education with an equitable national economy and holistic social development. Prof. (Dr.) Balaganapathi Devarakonda encouraged the participants of the Conference to think beyond the traditional while discussing professional ethics. He said that professionals are no longer watertight compartments but have diversified and proliferated in recent years, which demands a redefining of the field of ethics in professions, in such Conferences. Prof. (Dr.) Vibha Chaturvedi helped to conclude the session on a positive note by appreciating its practical relevance to students, teachers and professionals, and she wished them good luck for the Conference. Dr. Lakshmi Vats thanked the speakers for their addresses and the session came to a conclusion by breaking for tea.

4

Day 1:- 21ST JANUARY 2020

Plenary session: 1

Rapporteur: Avantika Pokhriyal (Dept. of English, MSCW)

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

The first session of the National Conference on 'Professional Ethics: Theory and Practice' began with a welcome note by Dr. Pooja Wadhawan of Mata Sundri College. The session was chaired by Professor Vibha Chaturvedi (Former Head, Department of Philosophy, DU). Dr. Lakshmi Vats and Dr. Garima Mani Tripathi welcomed the speakers by presenting them with mementos.

The first speaker of the session was Professor Balaganapathi Devarakonda (Head, Department of Philosophy, DU). He addressed the disappearance of philosophy from the public sphere, public epistemology. He stressed on the need for academia to make the discipline more accessible to the masses. While touching upon the difference between profession and vocation he threw light on the emerging professions within the discipline.

The session moved forward with the second speaker, Professor Suman Khanna (retired) Associate Professor, Mata Sundri College, DU. The topic of her address was "Gandhi's Practice of Satya And Satyagraha". She spoke about the pivotal importance of Truth in life as well as the politics of Gandhi. His philosophy was based on the ideals of satyagraha. Truth, for Gandhi, was both the means and ends. For him, non-violence was a science through which he mobilized an entire nation. She ended her address by underscoring the importance of Gandhian philosophy in the present times and the continued relevance of non-violent protests (Satyagraha). In the 21st century.

The third speaker Dr. Yatish Sharma, Discussed Medical Ethics which guide the decision making of a doctor when treating patients. The Medical Ethics are governed by the following tenets

- 1) Autonomy (of the patient who has the right to accept or reject the treatment being offered by his/her doctor),
- 2) Confidentiality

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

3) Beneficence

4) Justice

Some other medical ethics include Proportionality and Veracity. Dr. Sharma then touched upon the history of the evolution of medical ethics from Hippocrates to the Geneva Convention.

The session was brought to a close by the final address of the chairperson, Prof. Vibha Chaturvedi. She stressed on the importance of Truth and Integrity as universal ethics

5

which are common to all professions, irrespective of professional differences. She further added that the need of the hour is to incorporate the ethics of striving towards excellence in all professional endeavours.

6

Day 1:- 21ST JANUARY 2020

Plenary session: 2

Rapporteur: Meenu Chaudhary (Dept. of English, MSCW)

The session started by welcoming and felicitating Dr. Yatish Sharma, Dr. Vaihali Dhingra and Dr. M.P. Singh. Dr. Yatish Sharma Chaired the Session.

Dr. Dhingra shared her wisdom and experience on Corporate Ethics as well as on model Business Principles. She mentioned that it is important to analyze one's means of growth for sustainable development and for maintaining public health standards. She gave pertinent examples like the killing of the tribals regarding the Vedanta mining (for its bauxite mining) an anti-environment initiative. Another

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

principle mentioned was the land acquisition model, for building special economic zones (SEZ). Through the examples of Singur Tata Nano Controversy, Monsanto's seed of suicide and Viharbha farmer suicide, she highlighted the misgivings that occur, in the absence of ethical business practices. The Corporate houses should say absolute no to child labour, any form of discrimination and build on the quality of work life.

Dr. MP Singh discussed traditions of philosophy: Sophists, Socratic and so on. He defined the concepts of professionalism and professional ethics. His speech touched around the need for a mutually beneficial employee-employer relationship. He concluded by emphasizing the need for professional ethics in the contemporary world.

Lastly, Dr. Yatish Sharma summed up the session by highlighting the key features of the session. The Principal, Dr. Harpreet Kaur Shared her wise words and appreciated both the teachers and students for their hard work.

7

Day 1:- 21ST JANUARY 2020

Parallel session: 1

Rapporteur: (Dept. of English, MSCW)

The paper presentation was chaired by Dr. Jasjit Kaur, Senior Associate Professor, Department of Political Science, MSCW. The session was co-chaired by Dr. Rekha Navneet, Associate Professor, Department of Philosophy, University of Delhi. The papers were presented by Undergraduate students and Research Scholars from different academic institutions. The presenters touched on varied issues related to ethics like abortion, ethics in daily life, media ethics, ethics in business and

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

military etc.

There were a total of fourteen papers presented on day 1. The topics presented were varied and diverse in the field of focus. Even then, the presenters all emphasized the need for ethics especially in the contemporary world.

Interesting perspectives were provided for the debate on abortion and how government sanctioned safe abortion laws and better sex education could reduce the risk of unwanted pregnancies.

A paper on the role ethics plays in making us moral, raised questions on intrinsic and coercion-based morality.

The papers on media ethics helped highlight the dissonance between real news and sensationalism and how journalistic ethics have compromised.

In her concluding remarks, the Chair Dr. Jaskit Kaur said that she was impressed by the array of papers presented. She felt that the paper presenters were successful in putting their points forward and wished them luck for future endeavors.

8

Day 2:- 22nd JANUARY 2020

Plenary session: 3

Rapporteur: Dr. Ishpreet Viradh & Ms. Manjot Kaur (Department of Commerce)

Day 2 of the Interdisciplinary National Conference on Professional Ethics Theory and Practice organized by the Department of Philosophy, Mata Sundri College for Women, University of Delhi began with Plenary Session 3. This session was Chaired by Prof. (Dr.) Jata Shankar, professor, Department of Philosophy,

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

University of Allahabad. He enlightened on the topic: Classical Indian Perspective. He emphasized on practicing ethically whatever we know and learning from our mistakes. According to him, Professional Ethics is a part of Applied Ethics. He introduced the concept Meta Ethics which is related to 'dharma', religion. He concluded with the qualities of a good teacher.

The first speaker of the session, Prof.(Dr.) Ritu Gaur, Faculty of Life Sciences and Biotechnology, South Asian University, New Delhi. She elaborated on the topic: Professional Ethics and Academics. She talked about the responsibilities of academicians towards students, colleagues, parents and community. She also emphasized on the need to maintain ethical standards. She concluded by briefing about plagiarism and ways to avoid it.

The second speaker of the session was Mr. Manish Mudgal, Founder and Coach, Academy of Language and Learning. He addressed the audience on the topic: Professional Ethics in Teaching He discussed core ethical areas in teaching- (a) Knowledge, (b) Integrity, (c) Kindness, (d) Courage, (e) Scientific temper. He elaborated on the difference between information and knowledge as a path to holistic success.

The enlightening session came to an end with a vote of thanks.

9

Day 2:- 22nd JANUARY 2020

Plenary session: 4

Rapporteur: Dr. Paromita (Department of English)

This session of the conference focused on the evolution of Ethics in various fields. What role does it play? It was emphasized that ethics is important not only in the

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

conduct of research work but also in everyday life.

Ethics has become an integral part of various professional be it – medical, sports, law and many more. The speakers during the course of this session highlighted the need and importance of research ethics and how it is interwoven with the principles and values of accountability informed decision.

Prof Dr Deepak Gaur: Principles and practices of research ethics

Prof Gaur, the first speaker highlighted how ethics is related with moral principles and acceptable and non- acceptable behavior. He explained how medical practices have evolved and made ethics an important and essential part of research work.

It was explained through various examples that what was prevalent in earlier times will not be acceptable as the proper way of conducting research. The principles and regulations as we understand today did not exist before.

The little Albert Experiment (1920) and the Nuremberg Trial in the post second world war period focused on the ethical code of conduct and laid the foundation of Basis of Research Ethics. The Nuremberg code stated that if the research subject is human then the consent of the person involved is required.

Further Dr Gaur enumerated various examples like the experiments on non whites in America which highlighted how medical research did not consider the individual need or consent.

Lastly, Dr Gaur emphasized on the importance of human protection if he's a subject in a research and how data needs to be protected and collected according to the rules and regulations. Acknowledgement, confidentiality must be maintained during and after research.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Dr Sandeep Tiwari – sports ethics

Dr Tiwari enumerated how doping scandals or issues undermine the integrity of sports and sports people. There is a need for a clean sports culture. There have been many examples over the years which has raised the question of sports ethics. It was further

10

highlighted that sports people need to follow certain rules and practice such standards that do not question the integrity of the sports.

Dr Tiwari explained 6 principle that every sport person should follow : 1) Trustworthiness

2) Respect

3) Responsibility

4) Fairness

5) Good citizenship

6) Caring

Lastly, ethical conduct also includes discrimination on the basis of race, gender, etc. Prof Dr Usha Tandon – legal ethics

Ethics in legal profession

Prof Tandon highlighted why legal ethics is important for the society and lawyers. Lawyers are responsible for maintaining the honor and dignity of the law profession. Conduct of legal professionals not only affects the individual but also the administration of justice which is the foundation of civilized society. It is

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

imperative that the confidence of the people in the legal profession be maintained.

The Bar Council of India has the authority to decide on the rules with regard to the conduct of the lawyers.

Chairperson ,Prof Dr S.C. Sharma

Prof Sharma in his remarks highlights the role of ethics and how individuals in various capacities impact this. Teachers must carry his behavior so that the students can learn the code of conduct or people behavior which is based on the moral principles. Prof Sharma gave importance to the teaching of Guru Nanak Dev Ji as great heritage with regard to the understanding of human nature.

No dimension of life is untouched by ethics and teachers have a great responsibility towards generating the awareness regarding it amongst the students.

Sardar Harinder Pal Singh – Member governing body Harinder Pal Ji highlighted the importance of values and ethics in the society and why it is important for the youth to understand it.

11

Day 2:- 22nd JANUARY 2020

Plenary session: 5

Rapporteur: Panchali Devi (Department of English)

The Plenary Session 5 of the Inter-disciplinary National Conference on “Professional Ethics: Theory and Practice” titled ‘Military Ethics’ started with felicitation of the speakers- Major General (Rtd.) Sanjay Soi and Captain SB Tyagi.

Major General (Rtd.) Sanjay Soi started his lecture with a brief documentary on

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Indian Army. He highlighted the core ethics of honour, discipline, integrity, loyalty, courage, duty and respect, sense of sacrifice, patriotism, selfless service and values in Indian Armed Forces. He emphasized on the commitment to these ideals by the members of the armed forces in their professional as well as personal lives. He gave an insight into the ethics building process in the armed forces. He stressed on the centrality of trust amongst the armed personnel of the organization. He also clearly pointed out the loyalty of the Indian army towards the constitution of India. Major General (Rtd.) Sanjay Soi highlighted the fact that the Indian Army is deeply guided by the ethic of human rights.

Captain (Rtd.) SB Tyagi in his lecture titled 'War, Warfare and Prisoners of War: Role of Ethics' discussed how war is inevitable in human society but they are to be fought with ethics. The main thrust of his lecture was how prisoners of war are to be treated ethically in this context. He cited examples from the ancient period as well as contemporary times. He emphasized the fact that the Indian Army strictly follows the Geneva Convention protocols in treating prisoners of war. He gave examples of the Bangladesh war when 91000 prisoners of war were treated with humanity by the Indian army. On the other hand, he emphatically stressed on the fact how some countries like Pakistan have no regard for the Geneva Convention protocols in treating prisoners of war.

12

Day 2:- 22nd JANUARY 2020

Parallel session: 2

Rapporteur: Suman (Department of History)

The paper presentation was chaired by Dr. Ajay Verma, Associate Professor, Department of Philosophy, JNU and co-chaired by Dr. Radhika Menon, Associate

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Professor, Department of Education, Mata Sundri College. The papers were presented by Research Scholars from different academic institutions. The presenters touched on varied issues related to ethics like paternalism, consent, euthanasia, fear-based morality, technology, to still relevant topics like Bhagwat Gita and Gandhi.

The session began with paper presentation by Dr. Afzal Ahmad whose topic was 'Concept of Person in Abortion Debate'. He talked about what constitutes a person and when personhood begins. He raised the issue of fetus being a potential person and debate around it.

Alson Joseph presented a paper on "An Ethical Study on Distinction with Morality and Human Values". He raised the issue of morality and how it was different from human values. He focused on Thomas Hobbes and the concept of state of nature.

Ekta Bhati's paper was on the topic "A Study of Gandhi's Practices of Exemplary Ethics in Conflict Resolutions". She discussed how non-violence can enable one to resolve conflicts both social and personal. How non-violence helps in substantiating peace.

Anshika Srivastava's topic of presentation was 'Ethics in Education: a reflection on the case of Indian School'. She looked into curriculum related policy documents and through this, how ethics have informed curricular construction in India.

Jenia Kakchingtabam's topic was 'Anatomy and Consent in Medical Ethics'. She spoke on the significance of autonomous choice of a person/patient in medical ethics.

Lizashree Hazarika spoke on the topic 'Critical Outlook of Paternalistic Motivations in Medical Professions'. She looked into the issue of paternalism in the medical profession.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Megha Kapoor's topic 'An Ethical Basis of Industry 4.0'. It deals with technologies that have given a boost to business but raised questions of ethics there.

Aradhana Gupta's topic was 'What Drives Us to Be Moral: Fear or Love'. She discussed that religion and law are major stimulants for ethics.

Dr. Sabina S presented her paper 'An Analysis On The Biopolitics Of Prenatal Testing', raising the issue of the use of ultrasound.

13

Dr. Richa Kapoor Mehra's topic 'Ethics of Bhagwat Gita' focused on its teaching.

Shami Ulla's topic was 'What Disconfirms a Deductive Model of Ethical Applications'. He raised the issue of euthanasia

Sangeeta Pathak spoke on 'Students Perspective Of Ethical Use Of Information Technologies'. She viewed issues and challenges faced by students (plagiarism and piracy).

The session was wrapped up concluding remarks of Dr. Radhika Menon who touched concisely on all issues discussed by paper presenters. Finally, the chair Dr. Ajay Verma thanked and congratulated the presenters for presenting such well researched topics. He said platform exclusively should be provided to researchers and students to present papers with sufficient time.

14

Day 2:- 22nd JANUARY 2020

Valedictory Session

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Rapporteur: Students of philosophy honours

The session began by welcoming and felicitating Air Marshal (Retd.) Jagjeet Singh and Prof. (Dr.) Mrs. Shashi Prabha Kumar. This session was Chaired by Prof. (Dr.) Mrs. Harpreet Kaur, Principal of Mata Sundri College for Women, University of Delhi.

In her speech, Dr. Kaur talked about various disciplines, which flourished with the help of ethics. Alluding to past experiences, she talked about the importance of ethics. She mentioned topics like Righteous Warfare, Righteous Talk and Sikhism. She talked about the Bangladesh Warfare where women were upfront. She concluded by saying that malpractices result in failure only.

To present the Valedictory Address, Air Marshal (Retd.) Jagjeet Singh was then called upon to share his wisdom. He shared that he was feeling nostalgic about his service days, having just heard the talks on military ethics. He served the Indian Air Force as an Aeronautical Engineer for over 31 years. He advised the audience that ambition in life should be to select a line, focus on that and work hard to achieve that aim. When someone feels that they are deviating from the path then ethics should come into picture. Each National Defense Academy has a code – “I will not lie, cheat or steal; I will not deceive”. No profession is unethical. External forces make you unethical. Wrong is always wrong even if everyone is doing it. He compared his life in the Army to a life cycle. He urged the audience to follow an ethical lifestyle, as that will allow for your name to be carved in history. How can it be achieved? His advice for the audience is to prioritize work, time management, make to-do lists, make role models, and practice self-discipline.

The distinguished guest, Prof. (Dr.) Shashi Prabha Kumar congratulated everybody. She elaborated on the topic: Ethics of family. She categorized it into three: Samanya (universal), Vishesh (Professional) and Varna. Indian System is

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Varna Dharma (ethics of social well-being) that have 4 categories: (1) Brahmins (2) Shatriya (3) Vaishyas (4) Shudras. Indian ethical thoughts try to make noble citizens, not only in theory but in practice. Family is where others are considered above self. Kunti encouraged her sons to fight when necessary. Dharma/Kartavya/Ethics: act accordingly to the way you want to be treated.

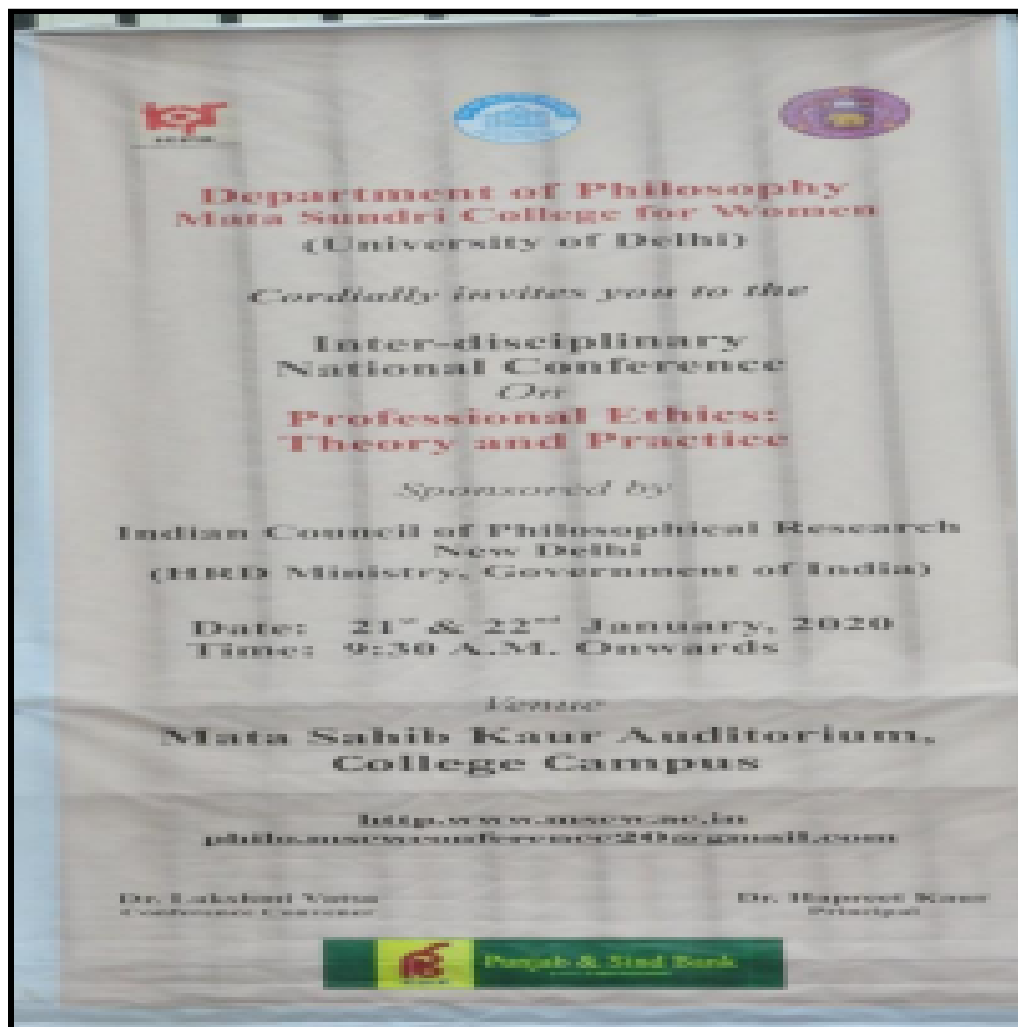

At the conclusion of the event, Dr. Lakshmi Vatsa, Teacher in Charge, Department of Philosophy, Mata Sundri College presented a vote of thanks, leaving none and thanking all. With the National anthem, the event came to a close.

THE THIRD EMINENT SPEAKER WE HAD WITH US WAS DR. B.G. DEVARAKONDA

HE IS CURRENTLY HEAD OF DEPARTMENT OF PHILOSOPHY, UNIVERSITY OF DELHI.

HIS TALK WAS DIVIDED IN FOUR PARTS: WHAT DO WE MEAN BY SELF, WHAT IS UNDERSTOOD BY MYSTERY, WHAT IS THE MYSTERY OF SELF AND THREE MODELS THAT CAN ADDRESS THIS PROBLEM.

THE FOURTH EMINENT SPEAKER WE HAD WITH US WAS DR. SUSHIM DUBEY

HE IS CURRENTLY SERVING AS THE PROGRAMME OFFICER OF ICPR.

HE BEGAN BY TALKING ABOUT THE ORIGIN OF WORDS WHICH LED TO COINING OF THE WORD "SELF" AND HOW AND WHY WE NEED TO KNOW IT. HE EMPHASISED THAT KNOWING THE SELF HAS TO BE A PROACTIVE AND CONTINUOUS PROCESS. THIS CAN BE ACHIEVED THROUGH TAPASYA, WHICH INVIGORATES OUR "CHETNA".

35. A National Webinar on Technology-Enabled Higher Education in India: Challenges and Opportunities

The Department of Mathematics organized a National Webinar on Technology-Enabled Higher Education in India: Challenges and Opportunities on June 15th, 2020 at 11 am through google meet. The key speakers were Prof. (Dr.) A.K. Bakshi, Vice Chancellor, PDM University Bahadurgarh Haryana and Dr. Arpita Gopal Co-Founder & Director, Juno Software Systems Pvt. Ltd, Pune. The webinar commenced with the welcome of the guests by Ms. Sonia Aneja, Convener of the webinar, Department of Mathematics and Ms. Mandeep Walia, Teacher-in-charge, Department of Mathematics.

The main objective of the webinar was to provide knowledge about technologies in higher education in India in today's virtual scenario. Valuable information on development of MOOCs and how it provides a good platform for interactive and remote learning was discussed. The participants were enlightened with various initiatives of MHRD like ARPIT to improve and bring about innovations in pedagogy. It was an interesting and meaningful session for the professional development of the participants. There were over 175 participants in this webinar. An e-certificate was given to each participant.

In the end, Ms. Mandeep Walia proposed a vote of thanks.

36. International Webinar: ‘Experiences of ‘Engaging with Diverse Communities and Key Leanings’

Convener & Moderator: Dr. Garima Kumar (Dept. of Psychology)

The IQAC, MSC organized an International Webinar on Experiences of ‘Engaging with Diverse Communities and Key Leanings’. The Principal Prof.(Dr.) Harpreet Kaur welcomed the panellists and shared her observations on the topic after introductory remarks by Coordinator IQAC Dr. Manisha Mathur. The panellists, Ms Surpreet Cheema (Registered Psychologist with Australian & New Zealand Board) and Ms. Vinita Satija (Mental and Public Health Professional, India), two professional with firsthand experience of working with diverse communities at the grass root level, responded to a number of questions and concerns raised by Moderator and Convener, Dr. Garima Kumar, who highlighted the need for engaging with communities as a third important pillar of higher education in the new curriculum framework, apart from teaching and research. Pertinent issues discussed were; how to develop an effective approach to engaging with communities?; what strategies are needed to enhance participation?, how can evaluation mechanisms be made robust? How can community engagement be a mutually beneficial process for all, by collectively incorporating diverse perspectives and stories?, how can we remain sensitive to the needs of diverse stakeholders by not just incorporating privileged positions of a dominant few researchers/ practitioners? how can we infuse the spirit of learning and serving in higher education institutions? and more. Sharing real life examples, their challenges and dilemmas from the field, the panellists enriched over 170 participants across different universities of the country with their insightful observations. Some practical steps that emerged from the interaction include:

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

- Challenging one's assumptions of understanding of what the “other” party looks like or needs. Accepting that there is much we do not know or understand.
- Institutions of higher education, -students, academia, administrators and civil society - may begin by simply asking community members about their desires or objectives for a partnership and programme, to make all conversations and programme partnerships mutually meaningful.
- Significance of evaluating community perspectives, putting their voices at the centre of conversations on partnerships and incorporate the findings into the program design and development. Maintaining a posture of humility in all we do.

The session ended with a vote of thanks by Dr. Harinder M. Sandhu.

37. A Webinar on 9th May 2020 entitled “Intellectual Property Rights in Traditional Knowledge and Biodiversity”

The Department of Philosophy and IQAC of Mata Sundri College for Women organised a webinar on 9th May 2020 entitled “Intellectual Property Rights in Traditional Knowledge and Biodiversity”. The webinar commenced at 12.30 p.m. with introductory remark made by Dr Manisha Mathur, member of IQAC, which was followed by the welcome address presented by the honourable principal Dr Harpreet Kaur who introduced the esteemed speaker Professor (Dr) Amar Singh, highlighting his eventful career in the field of education and the topic of discussion for the day.

The session was then handed over to the eminent speaker. He began by calling traditional knowledge and biodiversity rich economic resources and delineated on the meaning of traditional knowledge. The speaker then elucidated the denotation of Intellectual Property Rights and its importance in the field of biodiversity, the main tools of IPR being patents, copyrights, trademarks and geographical indications. The tools of IPR are designed to safeguard the interests of the preserving indigenous community.

The discussion then directed towards the regime of IPR that is contingent upon the nature of the economy and varies from one to another namely the capitalist system, the socialist system and the mixed economic system. In the regime, the final aim of the capitalist system is the marketing of IPR for profit making, while in a socialist system, the aim concerns the use of IPR for the benefit of the citizens and safeguard the interest of the primary stakeholders concerned.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

The speaker then discussed the imminent politics of conflict of interest between the holders of traditional knowledge and the prospectors who are involved in commodifying traditional knowledge for the use of the global market. He also outlined the objectives and purposes of global agreements on IPR such as Convention of Biodiversity (CBD) and Trade related aspects of IPR (TRIPS). He provided the audience with an assessment of protection guaranteed under these two initiatives. He also highlighted the practice of countries of global worth who are holding back several pirated patents of Indian traditional knowledge and enumerated some examples like neem oil patent held back by the European patent, turmeric patent held back by the USA patent. The speaker elucidated efforts undertaken by the government of India to document traditional knowledge by creating a Traditional Knowledge Digital Library (TKDL), however, he also highlighted the loopholes of the Indian IPR regime as found in the biodiversity act of 2002 which does not fully safeguard the interests of the indigenous knowledge bearers.

Having emphasised the loopholes, the speaker suggested legal improvements and required administrative action that would ensure the benefit sharing to the indigenous communities. As a conclusion, the speaker aptly noted the moral issues involved in strengthening the IPR regime of India and further the economic benefits that would accrue to the communities as a result of the strengthening of the former.

The session was then followed by the question and answer round moderated by Dr Hemlata Krishnani who prominently took questions of the audience regarding safeguarding the traditional knowledge. The speaker answered the questions while emphasising the idea of kitchen of the houses being a storehouse of tradition knowledge where one can find number of ingredients with medicinal benefits.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

The question answer round was followed by the vote of thanks delivered by Dr Lakshmi Vatsa, teacher-in-charge, Department of Philosophy, who wholeheartedly thanked the eminent speaker, Principal madam, organisers and the audience for making the webinar a success. Indeed, it would be justified to say that it was an enriching and enlightening webinar.

38. Workshop on “DATA SCIENCE USING PYTHON”

Skill Development Programme- An initiative of Mata Sundri College for Women in collaboration with Microsoft AEP

3 Days Hands- on Workshop on “DATA SCIENCE USING PYTHON”

The Placement and Internship Cell of the college organised a 3 Day workshop, as part of Skill Development Programme (SDP), for the students showing interest in the blooming field of Data Science. The workshop was inaugurated on 27th December, 2019 and had a successful ending on 29th December, 2019 in the college premises. It was by the collaborative efforts of the placement cell and 9ledgePro Team that made the event a success.

The inaugural ceremony was commenced with the welcome of the instructors by Ms Ria Seghal followed by felicitation of the resource persons and team from 9ledge Pro by Dr. Kalpana Devi, Ms. Ashema Hasti, Ms. Hashmeeta Kaur Soni and Ms. Megha Gupta. A total of 29 participants attended the workshop that was conducted in Lab 3 from 9:00 AM to 4:00 PM from all the disciplines.

Mr. Parth Shukla, International Corporate Trainer and Senior Subject Matter Expert, guided the students on the Microsoft certification and gave a broader idea about various career perspectives. He also briefed the students about the training programmes created by Microsoft’s team of experts.

Mr. Pradeep Tiwari , SAS professional, shared his profuse work experience in Data analysis and related fields of Data Science. He had been a lead analyst for the past 4 years and guided the students about the corporate exposure and the basic aspects of Machine Learning.

40. Hands-on Workshop on “Advanced Excel”

Skill Development Programme: an Initiative of Mata Sundri College for Women in collaboration with Microsoft AEP

5 days’ Hands-on Workshop on “Advanced Excel”

As part of the Skill Development Programme, Counselling & Placement Cell, Mata Sundri College for Women, University of Delhi, commenced the workshop on Advanced Excel for its faculty members and students, in the College Campus, on 17th June 2019. The inaugural ceremony was graced by the presence of Dr. HarpreetKaur, Principal, MataSundri College for Women. The Inaugural session began with the welcome of our Guests, Mr.ParthShukla, Mr. Mayank Sachdeva and Ms. Maanvi by Dr. S. Kalpana Devi, Placement Cell Convener, followed by the Bouquet presentations to the guests. Further, Ms. AshemaHasti introduced the Event Speakers after which Principal, Dr. HarpreetKaur, presented the inaugural address, encouraging the participants to continuously upgrade their technical skill sets. Mr.ParthShukla, then, introduced the participants to various training programmes and certifications conducted by Microsoft’s team of experts. Ms. SanikaMoghe, Student Coordinator (Placement Cell) presented the Vote of Thanks towards the end of the inaugural session.

The Advanced Excel workshop was conducted in the college premises, from 17th June to 21st June 2019 from 10:00 a.m. to 04:00 p.m. Our first Resource Person Mr.ParthShukla is a Corporate Trainer with Microsoft AEP 9ledgePro Pvt. Ltd and a Subject Matter Expert in Application Development & Data Analytics with an experience of conducting more than 500 workshops and more than 180 Faculty Development Programmes. Our second Resource Person Mr.MayankSahdev is a Technology Associate with Microsoft and third Resource Person Ms. Maanvi Is a

member of knowledge pro Technical Team, Microsoft. Mr. Ankit from Tech Mahindra conducted a live session on the use of Macros in Advanced Excel. The workshop was attended by 17 students and 20 faculty members across various departments especially Commerce, Psychology, Political Science, Economics, Punjabi and Statistics

department. The faculty members, like students, enthusiastically participated in the workshop and clarified doubts on a one-to-one basis.

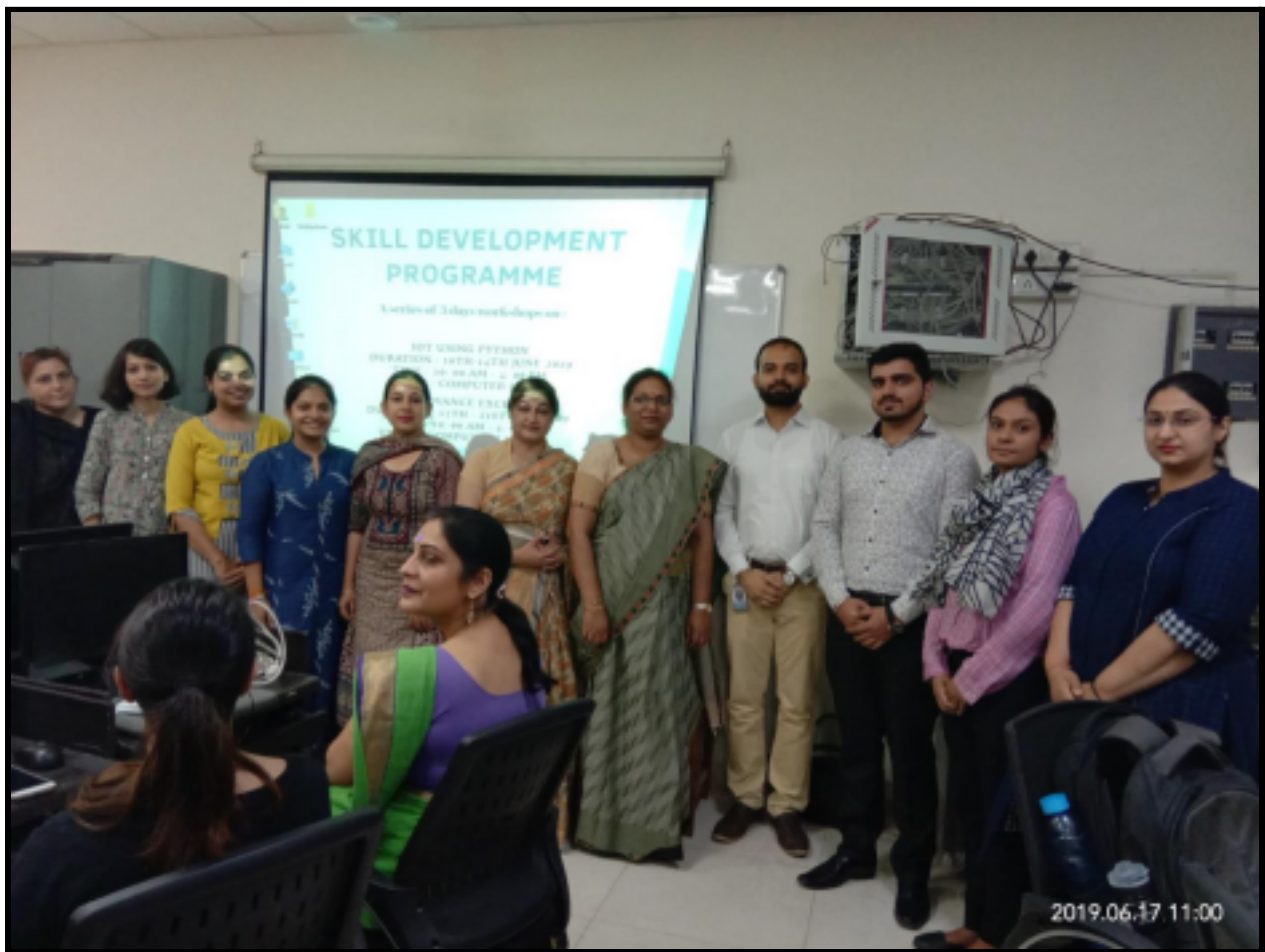

The Workshop Involved hands-on training and practice on the Microsoft Excel Application along with solving assignments and exercises. All the participants found the sessions extremely valuable and appreciated the teaching methodology of our Event Speakers. The faculty members encouraged this initiative of the Placement Cell and requested for more such training in the coming semester. All participants got their E-Certificates after the completion of the workshop.

41. Report on One day Hands-on Workshop on “Exploratory Data Analysis”

Departments of Mathematics, Statistics and Computer Science, Mata Sundri College for Women, University of Delhi jointly organized a full day Hands-on Workshop on “Exploratory Data Analysis”, in association with Hackveda Pvt Ltd., in Computer Lab-3 in the college premises, on 31st August 2019. The timings of the workshop were from 10:00 a.m. to 04:00 p.m. It was attended by 60 students and 10 faculty members.

The workshop commenced with the welcome of the two Event Speakers, Mr Devanshu Shukla (Director, Hackveda Ltd) and Mr. Subrat Sagar (Program Director, Hackveda Ltd) by Ms. Sonia Aneja, Teacher-in-charge, Department of Mathematics. The objective of the workshop was specifically to introduce techniques of performing Exploratory Data Analysis to participants and help them learn to use it practically. The workshop was divided into two sessions. The first session introduced Basics of Exploratory Data Analysis and its various stages. In the second session, Tools for Exploratory Data Analysis (EDA) were covered and it was explained how quantitative techniques are used to perform EDA. Students used Google Collaborator to create python scripts and worked on the data-sets to implement stages of EDA.

The speakers interacted with the students on one-to-one basis. Both students and faculty found the session beneficial and interesting as it was conducted in an elaborate yet simple manner. Students got E-Certificates at the end of the sessions. The workshop was conducted with an aim to help students improve and enhance their technical skills.

42. Report on International Seminar on Pedagogy for a Sustainable World 3rd February, 2020 & International Workshop: Practices and Pedagogies for Sustainability 4th & 5th February, 2020

Report on International Seminar on Pedagogy for a Sustainable World 3rd February, 2020 & International Workshop: Practices and Pedagogies for sustainability 4th & 5th February, 2020 (In collaboration with University of Delhi and Haute école pédagogique, Vaud, Switzerland)

Education for Sustainability has become an important area for teacher education. In order to ensure that teachers are prepared to take on these questions in schools and colleges, the Department for the second year consecutively collaborated with Haute école pédagogique (HEP), Lausanne, Vaud, Switzerland to host a one day seminar and two days of workshop. Students and faculty from India and Switzerland interacted closely during the three days to learn from the practices and methods adopted in the classrooms. The International Seminar held on 3rd February focussed on walks as a pedagogic method and explored conservation practices in order to nurture and sustain heritage.

The keynote address was by historian, author and convenor of Delhi IN-TACH, Dr. Swapna Liddle. The main speaker in the pedagogy session was Professor Anita Rampal, former Dean of Faculty of Education, Delhi University and former Chairperson of NCERT text-book development committee. She highlighted the Cross-Cultural Perspectives in looking at sustainability in textbooks. The seminar was also addressed by Geographer Nadia Lausslet, from HEP, Principal of the college Professor Harpreet Kaur and Convenor of the Seminar and workshop, Dr. Radhika Menon.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

The seminar saw large participation of students, faculty and researchers. Swiss and Indian students deliberated in the seminar on appropriate learning plans for teaching sustainability. A film prepared by the Swiss team as part of the collaboration in 2019 was released on the day.

The International Workshop was held on 4th and 5th February, 2020 and focussed on practices to carry forward sustainability in schools. The second day of the workshop was held at Shaheed Hemu Kalani School. The students of the department, Japsifat Kaur, Harshita Rajput, Ramneek Kaur and Preksha shared their practices as interns in the school. The Principal of the school, Dr BK Sharma addressed the participants of the work-shop on his experiences of working in a public school system and practices needed for turning the school around to a model school. The day's session was processed and facilitated by Dr Radhika Menon, Ms Neha Sharma and Ms Richa Sharma.

The third day of the workshop focussed upon hands on experience of exploring sustainability through heritage. The department students worked with the Swiss students in exploring the UNESCO Heritage Site Humayun's Tomb Complex. Professor Anita Rampal and Ms .Nadia Laussalet, addressed students at the site. A number of faculty participated along with the students.

The International Seminar and Workshop organising team included Ms. Neha Sharma, Dr. Manisha Subba, Ms. Divya Sharma, Ms. Anshika Srivastava, Ms. Richa Sharma, Dr. Jasmeet Kaur, Ms. Ruchi Garg, Ms. Shweta Tanwar, and Mr. Manish.

44. Webinar on Impact on COVID 19 in India

Webinar on Impact on COVID 19 in India: A Perspective in collaboration with Department of Political Science The IQAC and the Department of Political Science jointly organised a webinar on *Impact of COVID 19 in India: A Perspective* on June 10, 2020. Prof. Amita Singh, Chairperson of the Special Centre for Disaster Research , JNU and Prof Badrul Alam (Retd) from the Department of Political Science Jamia Millia Islamia University were speakers on the occasion. Looking at the impact of COVID 19 from various dimensions, the speakers talked about how the pandemic is creating a paradigm shift that is realigning every system and every aspect of our lives. Looking at different dimensions of the crisis they focused on the impact the pandemic would have on India's relations with other countries and also the country's preparedness to deal with the crisis.

45. Talk on Health and Hygiene

National Centre of Excellence and Advanced Research on Diets (NCEARD), Lady Irwin College presented a talk on 'Health and Hygiene' in collaboration with IQAC, Mata Sundri College for Women on 20 September 2019 in Mata Gujri Hall of the college. Being *Poshan Mah*, the aim of the talk was to make students aware about health and nutrition. Ms. Tashi Choedon and Ms Akanksha Shrivastava from Lady Irwin and Dr. Pooja Malik from Psychology Department, Mata Sundri College were speakers on this occasion. At the outset, the guests were welcomed by event coordinator Dr. Daljit Kaur and IQAC Coordinator Dr. Manisha Mathur. They were presented with mementos.

The programme began with Dr. Pooja Malik's brief lecture on dealing with stress in the modern world. She spoke about various aspects of stress, and ways to manage as well as channel r stress in a positive direction. She also discussed about 'mindfulness' as an important aspect in dealing with stress on a regular basis. Dr. Malik used audio visual inputs to make her talk interactive and interesting.

Ms. Tashi and MS. Akanksha went on to talk about its vision and mass awareness programmes and importance of health in the lives of young students. They talked about

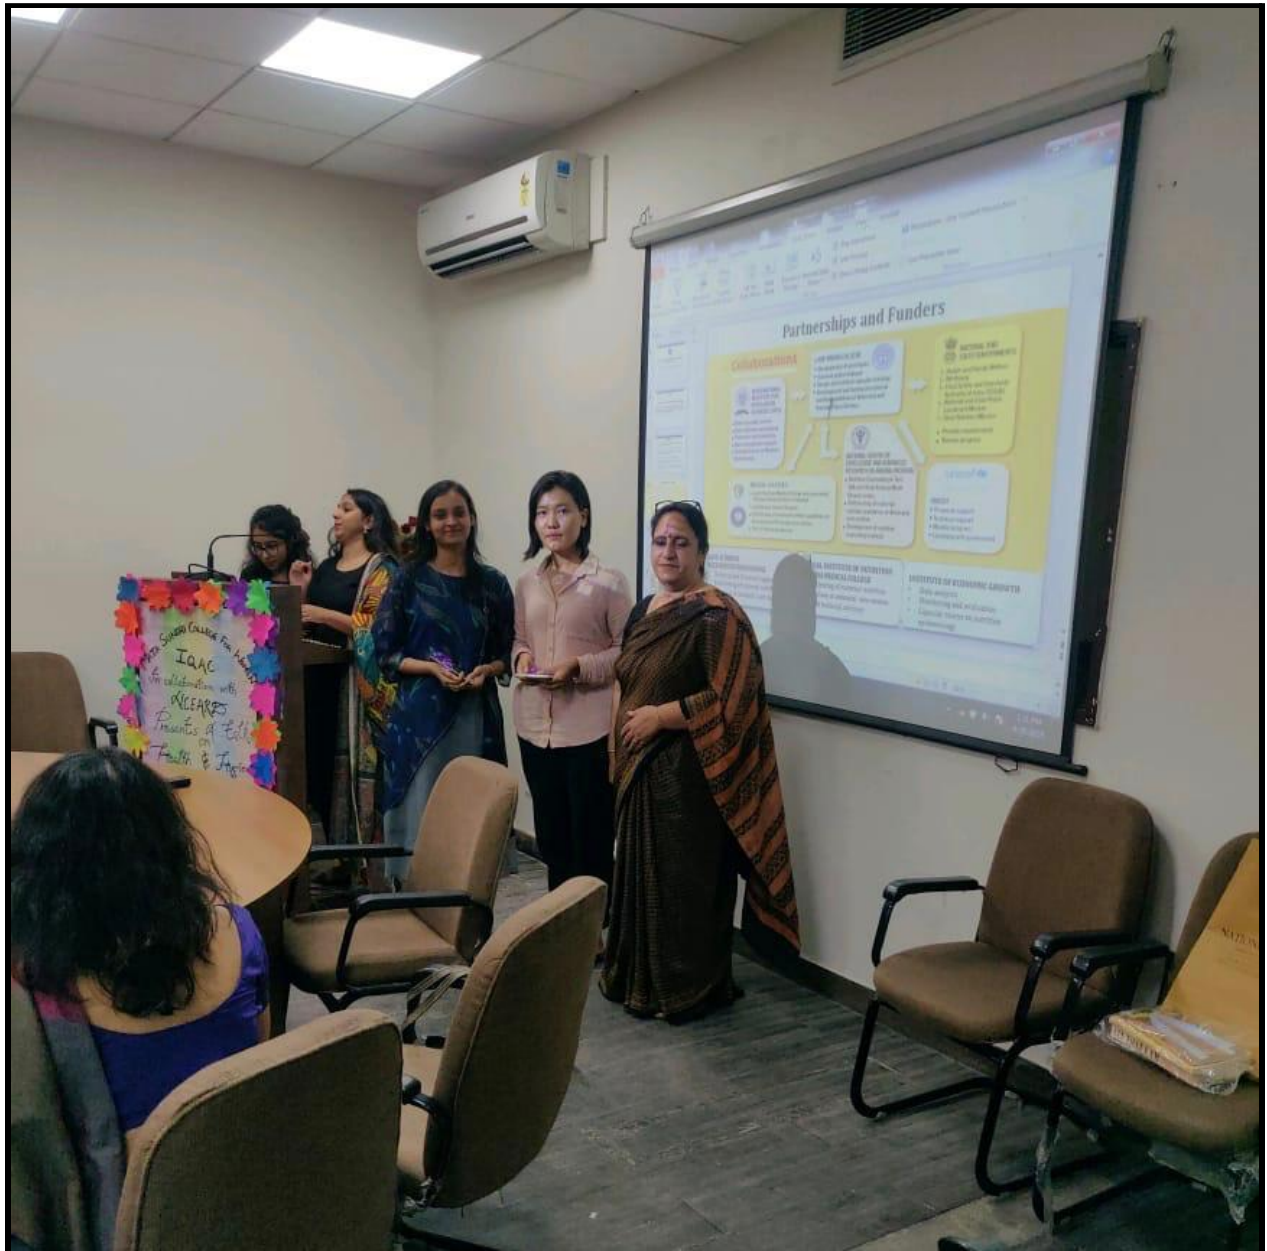

diseases like anaemia, diabetes mellitus, hypertension, underweight and obesity. The talk was quite informative for students as well as teachers. The lecture was interspersed with a brief quiz in order to make it interactive. Prizes were awarded to winners. The programme was attended by a large number of students from various departments and proved to be beneficial for them.

46. Talk on Nutrition and Workshop on First Aid Training

The IQAC, Mata Sundri College for Women in collaboration with NSS and Dakshina Foundation, an NGO organized a talk on Nutrition and a Workshop on First Aid Training on 24th September 2019 in Mata Gujri Hall of the college. Dr. Jyoti Bali, Dr. B.R Bhardwaj and Dr. Trivendra Chumbak were speakers on this occasion. The speakers were welcomed by the Principal, Dr. Harpreet Kaur by presenting a sapling. In her opening remarks Dr. Kaur spoke about the importance of nutrition. The guest speakers of the day Dr, Bali and Dr, Bhardwaj directed the attention of the students towards problems like malnutrition and anaemia and how anaemia could be cured through a balanced diet.

The talk was followed by a Workshop on First Aid Training . The training was conducted by Dr Trivendra Chumbak , CMO of West-Zone , University of Delhi . Dr. Chumbak spoke about various First Aid techniques including CPR and how First Aid could be used to save the life of a person in cases like electric shock and snake bites before medical help could be reached. The session was attended by NSS volunteers and students and faculty members across all departments of the college.

47. EMERGING TRENDS IN RESEARCH METHODOLOGY, FACULTY DEVELOPMENT PROGRAMME

Mata Sundri College for Women in Collaboration with Mahatma Hansraj Faculty Development Center

7-12 October 2019

Consolidated Report

An interdisciplinary, weeklong Faculty Development Programme on *Emerging Trends in Research Methodology* was organized by IQAC Mata Sundri College for Women in collaboration with Mahatma Hansraj Faculty Development Centre from 7-12 October 2019. 75 teachers from all over the country participated in the programme. The aim behind the FDP was to highlight how methodologies and paradigms have changed considerably in the last few years across all disciplines. Research has accompanied humankind since its inception. Holding as constant the intent of enquiry, namely the pursuit of truth, the techniques to uncover the same have altered and evolved over time. The process and product of scientific investigation and enquiry have been shaped by multiple factors; technological leaps and various cultural traditions to name a few. Methodologies and paradigms have changed as have ontology and epistemology. The purpose of the FDP was to show the intersectionalities of seemingly diverse academic fields of knowledge as well as varied research methods and techniques. As a corollary, an initiative to pivot a move directed at evolving methodologies for interdisciplinary enquiry has become imperative. During the FDP, both the Qualitative and Quantitative aspects of research were the focus of attention.

The programme began with the Inaugural Session held on 7th October at 9.30 a.m. in Mata Gujri Hall of the college. The session began with the college prayer and

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

was followed by lighting of the lamp by all the dignitaries. Dr. Urmila Devi, Joint Secretary UGC was the chief guest and Prof. K.D. Broota, former head, Department of Psychology was the keynote speaker at this session. The speakers spoke about the importance of research and the points to be kept in mind during the process of research. Further, it was highlighted that research should fulfill certain social objectives. Keeping in view the interdisciplinary nature of the programme a session on *Emerging Trends of Research in Social Sciences* was organized where Prof. A.S. Narang, former registrar IGNOU spoke about the emerging areas of research in social sciences like Subaltern Studies and Cultural Studies to name a few. A session on *Interview Techniques* by Prof. Anuradha Bhandari, Punjab University proved to be extremely useful for researchers wishing to collect primary data from the field. The session on *New Ways of Doing History: Oral and Visual Histories since 1945* by Dr. Anirudh Deshpande, Department of History, Delhi University focused on how recent research in the discipline of History had shown the importance of oral and visual narratives which could challenge the traditional ways of studying history.

The first session of the second day, 9-10-2019, of the FDP on *Evidence Based Policy Making: Methodological Issues* by Prof. Amitabh Kundu CSRD, JNU looked at the volatility in India's economic growth and how this could be addressed through focusing on structural factors and continuous adjustment in long term policy making. The next speaker Ms. Aparna Bhatia from the Indian Economic Service looked at research from a different perspective, highlighting how a researcher could use government data for research. The extremely interesting session on *Ethnomethodology* by Prof. Shalina Mehta, highlighted how conversations could be used as a research methodology with a special focus on research on tribal communities. The session on *Methodological Issues and Trends in the Study of International Relations* by Dr. Saurabh Mishra, Indian Council of

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

World Affairs focused on how various methodologies, Qualitative as well as Quantitative, Discourse Analysis and Grounded Theory could be used while doing research in International Relations.

Keeping in view the interdisciplinary nature of the programme, the first session of 10-10-2019 was devoted to *Emerging Trends in Dalit Discourses*. The speaker, Prof. Ajmer Singh Kajal from CIL, JNU spoke about Dalit discourse and Dalit literature and the need to empower the community struggling against a system that had kept them enslaved for centuries. The next speaker, Prof. Anita Ghai from Ambedkar University spoke of a marginalization of a different kind with her focus on *Qualitative Research in Disability Studies*. Prof. Ghai spoke about “emancipatory” research which empowers those who are being researched upon. Moving away from social sciences and literature the next session on *Impact of Recent Methodologies in Microbiome Research: Vision for future*, introduced the participants to the complex world of microbiomes and the latest research being carried out in the field. The next session on *Emerging Trends of Research in Finance*, by Prof. Yamini Agarwal, Director, IIF Business School (AKTU), Dean (Research) Indian Institute of Finance focused on recent trends of research in finance which could look at different areas such as Pension Finance, Crypto Currency, Bilateral and Multilateral Trade to name a few.

Day four, 11-10-2019 began with an extremely interesting session on *Emerging Research Trends in Sanskrit Literature* by Prof Girish Pant, Jamia Milia Islamia University. Prof. Pant spoke about how literature in Sanskrit was not only written in Ancient India, but continues to be produced even in the 21st century. Prof. Chamanlal, the next speaker of the session *Translation, History and Literature* highlighted the importance of research being done in the area of Translation Studies and underscored the interdependence of literature and history. The session on *Qualitative Research Paradigms* by Prof. Anand Prakash, Dean School of

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Social Sciences looked at changing paradigms of qualitative research in recent times. In the last session on *Methods of Research in Adivasi Literature*, Dr. Ganga Sahay Meena, CIL JNU expressed his views that while researching Adivasi literature one needed to keep preconceived notions at bay. He then went on to highlight various aspects of tribal literature including the importance of oral narratives.

The last day of the FDP, 12-10-2019, began with a session on Emerging Trends in *Population Studies with Special Reference to Disability and Ageing* by Prof. Bhupinder Zutshi, former registrar, JNU. He began by examining “what is research?”, “what is methodology?” and how these can be applied to population studies. The session by Dr. Hemant Dangi, Delhi School of Economics on *Business Research* looked at various dimensions of business research and was extremely interactive. The next speaker of the day Mr. Nitin Raj from KPMG, speaking on *Big Data and Analytics* talked about the relevance of Data Sciences and Analytics in research and how Artificial Intelligence and Machine Learning could help in the analysis of Big Data. The FDP came to a close with the Valedictory Session. Mr. Ashok Arora, advocate Supreme Court was the chief guest on the occasion. Prof. Rama, Principal Hansraj College and Chairperson, MHRFDC was also present at the session. Both the speakers spoke about the role of parents and teachers in a world which was becoming fiercely competitive for children. The function came to an end with Prof. Rama and Mr. Arora distributing certificates to the participants.

Dr. Lokesh Kumar Gupta-Coordinator, FDP

Dr. Harinder M. Sandhu- Advisor, FDP

Dr. Manisha Mathur- Dy Coordinator, FDP.

Year 2018-19

48. National Workshop on Sensitizing Disability: Report 15th November 2018.

A National Workshop on “Sensitizing Disability” was organized by the Internal Quality Assurance Cell (IQAC) of Mata sundry College for Women in collaboration with the Enabling Unit and NSS on 15th November 2018. Dr. Jagdish Chandra, Associate Professor, Hindu College and Dr. Dyal Singh Panwar, Associate Professor, Lal Bahadur Shastri Sanskrit Vidyapeeth, were speakers at the event. The Workshop began with the College prayer and the traditional lighting of the lamp.

Speaking on the occasion the Principal, Dr. Harpreet Kaur welcomed all the guests and said that disability was a frame of mind that can be overcome by removing barriers. She further emphasized that it was important to sensitize young people about disability in order to create a more just and inclusive society with equal opportunities for all.

The first speaker, Dr. Jagdish Chandra thanked the Principal and the organizing team for hosting the Workshop and began by questioning normative concepts like “normalcy” and “abnormality”. He spoke about the need to look at alternative perspectives of reality so that these concepts can be redefined. Dr. Chandra also spoke about shifting disability from the individual to society. The system is responsible for providing a necessary and conducive environment to a disabled person. Subsequently, he answered questions posed to him by students and faculty members.

Dr. Dayal Singh Panwar, the President of ‘*Saksham*’ spoke about the need to spread awareness about disability and also emphasized upon creating a more

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

inclusive society by treating all human beings as equal. Differently abled people may be different in many ways but in some ways they feel the same as other people. Students, if sensitized about disability can bring about a positive change in society. Speaking about '*Saksham*', he said that the organization is not only engaged in helping disabled people but also makes people aware about disability. The need of the hour was to shift the attitude from vocabularies to the mindset.

Mobile phones equipped with Angel Pro devices and Sony headphones were issued to visually challenged students by the Enabling Unit on the occasion.

The Workshop concluded with a vote of thanks by Dr. Garima Kumar from the Psychology Department and a member of the Enabling Unit.

49. A lecture on the topic of the “Position of Women in Sikh Religion”

The Non-Collegiate Women’s Education Board (NCWEB) centre at Mata Sundri College organized a lecture on the topic of the “Position of Women in Sikh Religion” in collaboration with Internal Quality Assurance Cell (IQAC), on the 19th of December 2018. This was the inaugural lecture of an International Lecture Series. The speaker, Prof. Gurinder Singh Mann from the University of California, gave an important insight on the subject. The lecture began with lighting of the lamp and presentation of bouquets to the dignitaries, followed by the College prayer.

At the outset, Prof. Mann delineated four core areas that the lecture would address, . (a.) How is the subject presently understood? (b.) How to reconcile the problems inherent in this debate? (c.) Building an accurate understanding of gender relations within the Sikh society; and (d.) Examples from art and literature about the importance of women in Sikhism. He began his lecture by calling Guru Nanak Devji as a revolutionary figure who believed in equality of all beings. That is the reason why there is documented evidence of the important role played by women in Sikh history. Prof. Mann was of the view that though all history forgets the contribution made by women but that has not been the case with Sikhism.

Prof. Mann also highlighted the need to look back at history and the historical sources that were contemporary to the Gurus’ times, for example, Gurbani, Rahit Literature, arts and the historical sites. He was of the view that Guru Nanak Devji institutionalized the three major tenets of Sikhism which was truly democratic and radical for its times. These were (a.) belief in God as the creator of all beings, so the issues of caste and gender discrimination had no place in his worldview (b.) family was important and therefore there was no place for asceticism and celibacy and (c.) women and children being more vulnerable get special attention in his

**Mata Sundri College for Women
(University of Delhi)

Ph: 23237291

writings. The speaker gave us specific examples from the various manuscripts as well as contemporary times where women have left a mark with their significant contributions in writing, preservation of manuscripts, and spreading awareness about the Sikh religion. One such example is that of Bibi Malan (Guru Gobind Singh Ji's wife) who edited the manuscripts of *Guru Granth Sahib*.

The lecture enriched the knowledge of students and teachers alike and it is hoped that more such lectures are organized in future as well.

50. Archives and Research

The Internal Quality Assurance Cell(IQAC) of the college organized the National Lecture Series in collaboration with B.A. Programme Society on seventh of January, 2019 at Mata Gujri Hall. Dr. Meena Gautam, Formerly Deputy Director of Archives, NAI and Director, National Mission on Monuments and Antiquities, ASI, M/Culture, Government of India was invited for the inaugural lecture on “Archives and Research”. The program started with college prayer followed by lighting up the lamp. The principal Dr. Harpreet Kaur presented a token of remembrance to Dr. Meena Gautam and coordinator(IQAC) Dr. Maneesha Mathur felicitated the principal. The principal was then requested for a welcome address where she formally welcomed the guest speaker, discussed objectives of the National Lecture Series and underlined the importance and relevance of the theme. Ms. Priyanka Kaushik, alumni of Department of History of the college and former student of Dr. Gautam was invited to introduce the speaker and she introduced Dr. Meena Gautam to the audience by sharing her academic journey and professional accomplishments over the decades. The speaker was then requested to deliver her lecture.

Dr. Gautam expressed gratitude to madam principal, IQAC members and college. Through her well-designed PowerPoint presentation, her lecture was very interactive, interesting and full of information. She explained the archives, their importance, types and their crucial relation in research. From methodological intricacies of the archives to the respective government policies, she explicated almost all aspects of archives.

The lecture was followed by a small presentation by Ms. Priyanka Kaushik on career in archives where she focussed on various professional courses available with different archives with special reference to the National Archives of India. She explained the syllabuses, required qualifications, fee and stipends. She also

51. A Workshop on a very prevalent issue: "Body Image Concerns in Young Adults"

A Counselling Initiative was taken up by the Department of Psychology, Mata Sundri College, in association with IQAC. A Workshop was conducted on a very prevalent issue: "Body Image Concerns in Young Adults". The session was held on the 6 February 2019 at 1 PM in Mata Gujri Hall, and was conducted and facilitated by Dr. Garima Kumar and Dr. Pooja Jaggi.

About 70 students from the *BA (Hons) courses such as Philosophy, Political Science and Mathematics* were present and participated in this Workshop.

The session commenced with Dr. Garima questioning one's own perception of an ideal body image, and how one sees oneself.

The concept that the actual physical appearance of a person is different from the 'perceived appearance' was put forth with the help of a classic phrase, "Mirror, mirror on the wall; who's the fairest of them all ". The very fundamental question; what does one's mirror tell them - resulted in varied responses from students but all of them pointed to the deep rooted societal representation of an 'ideal body'. The idea of how body image develops with time was discussed, by picking up examples from various experiences shared by the audience.

Statistics were shared, that depicted a sharp increase in body image concerns in both Male and females over the years. This helped to bring home the point that having concerns about one's body image were a pervasive phenomenon among young adults everywhere across the world and it was absolutely normal to have questions and apprehensions about the issue.

The role of the media, in influencing one's ideologies about the same, is discussed. Students shared their concerns of how by not promoting body positivity, and

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

instilling unhealthy ideals of looking at oneself, media has been harming the well-being of so many people, directly or indirectly.

Dr. Pooja Jaggi highlighted how certain diet plans have become a 'fad' in the Western culture and these are being 'followed' in India as well. A lot of brands and magazines openly demonstrate fake standards of beauty; of how one should look physically. Most of the people however don't know how much editing and photoshop all that media goes through. Due to these factors, a lot of youngsters fall prey to maintaining unhealthy standards, and thus are on the onset to eating and lifestyle disturbances.

Students also shared concerns about societal and parental pressures to conform to certain idealized standards of beauty and sought clarification of ways to deal with these.

The session concluded on a very positive note, Both workshop facilitators emphasized ways in which body positivity can be encouraged and how it could be promoted starting now; one should embrace all sizes, and body types without considering any one as a 'perfect' or 'ideal' body size/type; unhealthy representations by media should be openly challenged. Ways of making a conscious effort not to indulge in or falling prey to '*fat talk*' and promoting body satisfaction and boosting one's self esteem were discussed with students.

Students were also made aware of policies, brands and people who have helped in bringing about this positive change in mindset of people. Techniques to enhance body positivity were highlighted.

Thus, seeing one's own self in a positive way, being able to appreciate oneself and others as a whole person, promoting body positivity, and high self-esteem in themselves and others around them is something all the students learned. Sharing of concerns in a collegial space with the facilitators helped students to open up about their problems in an uninhibited manner. Overall, the workshop was a great success.

52. Report on Skill Development Programme: an Initiative of Mata Sundri College for Women in collaboration with Microsoft AEP

5 days' Hands-on Workshop on "IoT using Python"

As part of Skill Development Programme (SDP), Counselling & Placement Cell, Mata Sundri College for Women, University of Delhi, initiated a series of workshops for its faculty and students, in the College Campus, on 10th June 2019. The inaugural ceremony was graced by the presence of Dr. Harpreet Kaur, Principal, Mata Sundri College for Women, University of Delhi. It commenced with the welcome of the two Event Speakers, Mr Parth Shukla and Mr. Mayank Sahdev by Dr. S. Kalpana Devi, Placement Cell Convener, followed by introduction of the Event Speakers by Ms Ashema Hasti, Faculty-Event Coordinator. Dr. Harpreet Kaur, in her inaugural address, motivated the participants to make full utilization of the technical skill-set of the Expert Speakers. Mr Parth Shukla briefed about the training programmes created by Microsoft's team of experts to help participants prepare for the Microsoft International Certification exams. The inauguration ended with the Vote of Thanks by Miss Sanika Moghe, Student Coordinator (Placement Cell). The event was attended by 60 students and faculty members.

The aim of the Skill Development Programme is to help faculty and students improve and enhance their technical skills.

The first one in the series is the 5 days' Hands-on Workshop on "IoT using Python" conducted in Computer Lab-1, in the college premises, from 10th June 2019 to 14th June 2019. The timings of the workshop were from 10:00 a.m. to 04:00 p.m. The first Resource Person Mr Parth Shukla is Corporate Trainer with Microsoft AEP 9ledgePro Pvt Ltd and a Subject Matter Expert in Application Development & Data Analytics. He has conducted more than 500 workshops and more than 180 Faculty Development Programmes in areas of Machine Learning

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

using Python and Data Analytics using Advanced Excel. The second Resource Person Mr Mayank Sahdev is Microsoft Technology Associate (specialization in Python) and has helped many students in creating projects on IOT using Raspberry pi and Python as well as on Machine Learning. The workshop was attended by 51 students and faculty across all departments esp. Computer Science, Statistics, Mathematics, Commerce, BA(Programme) and Vocational departments.

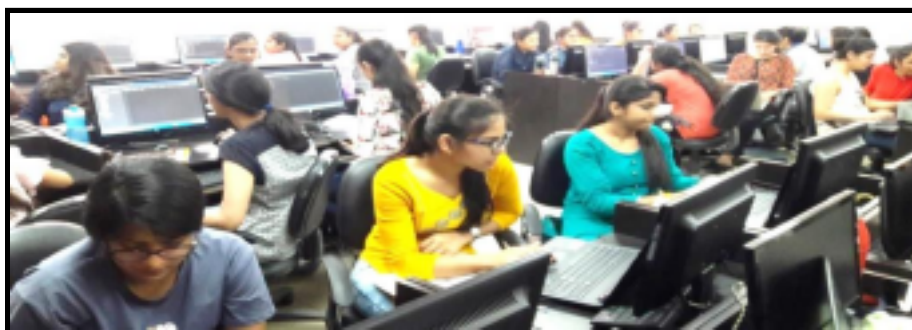

The objective of the workshop was specifically to introduce Python to students and faculty and help them learn to use it practically. The speaker interacted with the students on a one-to-one basis. The training programme was packed with assignments, assessment tests, code challenges, quizzes, and exercises. The students found the sessions beneficial and interesting as the Faculty shared their immense knowledge and expertise on the topic in an elaborate yet simple manner. All participants got E-Certificates after course completion.

53. Report for Workshop on “ Know Your Rights”

The Department of political science along with Josh Talks in association with Vivel, organised a workshop on 'Know your rights' on 10.1.19. Josh Talks is a platform which provides knowledge about a wide variety of social issues, thus empowering the young students by making them aware of their rights as well as responsibilities. It was an informative workshop on harassment at workplace, social media, and other avenues. The workshop made the students aware about their identities, legal rights as well as the meaning of harassment and how to counter it.

This email is in reference to the feedback regarding the workshop held today that is KNOW YOUR RIGHTS along with JOSH TALKS in association with VIVEL. Ma'am as a student of Political Science Honours,I am very happy to inform you that I feel empowered as the workshop was all about. Most of the laws and incidents were known since we study politics but there were a few which I personally did not know and it was surely an eye opener for me. The atrocities faced by different women and their stands against them was commendable,brave and empowering. I on a personal level believe that it is because of those fearless

Freedom not only come from laws but from ability to over power our fears and STAND UP FOR OURSELVES the session by vivel inculcated feelings of consciousness, awareness ,and empowerment about our rights and entitlements. Such sessions by the political science department not only increase our knowledge but also makes us conscious about practical implementation of rights . such successful initiatives should be regularly conducted .

54. Workshop on Intellectual Property Rights by IQAC

Convener: Dr. Garima Kumar (Dept. of Psychology)

Co-convener Dr, Hemlata Krishnani (Dept. of Philosophy)

The IQAC organized a Workshop on the topic – “INTELLECTUAL PROPERTY RIGHTS” (IPR), on 5 March, 2019 at 1.00 PM in Mata Gujri Hall. It was conducted by Dr. VK Ahuja, In- Charge Law Centre II, University of Delhi for the students and faculty of the college. More than 230 faculty members and students participated in the event.

The workshop started with a rendition of the college prayer, the lamp lighting ceremony and a token of gratitude and appreciation to the presenter, Dr.VK Ahuja and to the students and teachers who had gathered for the workshop.

The Workshop commenced with a welcome address by our Principal Dr. Harpreet Kaur for the guest Dr. VK Ahuja. The Convener of the event, Dr.Garima Kumar, introduced the topic to the audience and then the stage was handed over to Dr. VK Ahuja.

Dr VK Ahuja began by giving a brief overview of the field of IPR. This was followed by a discussion of the eight kinds of IPR, namely copyright and neighbouring rights, industrial design, patents, plant varieties, trademarks, geographical indications etc.

He then picked up each of these in turn to explain their meaning and significance with relevant examples from everyday life in order to enhance the understanding of the participants.

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

A major aspect that Dr Ahuja emphasised in the workshop focused largely on 'Infringement of copyright and concerns about Plagiarism'. He explained that Copyrights were economic rights that gave an individual the right to reproduce work, issue copies of the work, perform the work in public, make any cinematographic film or sound recording of the work and obtain rental rights incase of computer programs. This was especially relevant to the students enrolled in various academic courses and helped them get an understanding of the dos and do n'ts while writing an academic paper. Concerns of Ethics in Research, citation issues in academic writing and its importance of producing quality research work was highlighted.

In this discussion, Dr.Ahuja, talked about the infamous Delhi University Photocopy Case and explained to the audience that it was very important that one takes special care to not find themselves stuck in a situation that calls them out for the offense of infringement. At the end, the stage was open to the audience to ask questions and clear any queries they had regarding the topic of discussion. Dr. Ahuja very encouragingly answered all queries of students and faculty

The Workshop ended with ,a Vote of Thanks by the Co Convener Dr. Hemlata Krishnani. The Workshop was a great success.

55. Workshop on Urban Local Governance by Praja Foundation

Date: 22nd January 2019

The Dept. of Political Science in association with the Praja Foundation, a non-governmental organization working in the field of civic issues, organized a workshop on urban local governance. The workshop aimed to help students develop a perspective on issues of local governance, and gain knowledge about the functioning of the government and its institutions in their immediate context. The workshop gave the students the much-needed exposure in the sphere of interacting with the local politicians and mobilizing demands for local development.

6 Feedback Form or Experience sharing of the invited Guest is also required to be attached	Participants from schools and university appreciated the efforts.
7 Objective of the event /Concept Note/ Activities covered in 50-60 words (appropriate details)	The interaction was organized over three days with an aim to encourage a dialogue and discussion between teacher educators and teachers from the two countries to further the ESD agenda within our daily professional practice. The first day had field visits to two public schools (N.P. Co-ed Sec school, Sangli Mess and SKV, Andrews Ganj) where Swiss participants observed classroom pedagogy on ESD themes and interactive schools. The workshop on 2 nd day was conducted at Mata Sundri College in two sessions. The first session of the workshop focused on the Swiss experiences, and the second half towards Indian experiences. On the third day, there was an Art based workshop conducted by Swiss Visual Art educators at CIE basic school.
8 Number and Names of Colleges/ Institutes participated	Mata Sundri college for Women; N.P. Co-ed Sec school, Sangli Mess; SKV, Andrews Ganj; Department of Education (DU), University Colleges offering B.El.Ed. programme, CIE Basic School
9 Outreach of event: Number of participants	Teacher educators= 33 School teachers= 30 (Indian) + 17 (Swiss) Student teachers= 108

57. A Workshop On Hands on training on usage of World Bank Open Data

The Department of Economics & B.A. Program Society in Association World Bank Library had organized a Workshop On Hands on training on usage of World Bank Open Data. The Resource person was Ms Sunita Malhotra, Senior Member, World Bank Library on 13th Feb 2019. The workshop was held at the Mata Sundri Computer Lab. 110 students enrolled in the workshop training programme. The programme got a further boost by participation of faculty members from other departments as well. The interactive nature of this workshop made it a very effective session. Various topics were discussed in the programme. The speaker explained how the World Bank data had been made free for the public and how it could easily be accessed. The World Bank data helped the students for their projects. Some of the students even used the World Bank data for conference papers.

(NCAAMS 2017)**

September 07-08, 2017

Venue: Mata Sundri College for Women

CONFERENCE REPORT

Day 1. September 07, 2017

Inaugural Function

(10.00 am)

Venue: Mata Sahib Kaur Auditorium

After Lighting the lamp, the event was given an auspicious start by reciting the college's prayer "Deh Shiva Bar Mohe..." by a team of students. The dignitaries for the event were then welcomed by Dr. Kawarjit kaur, Principal, Mata Sundri College for Women, with mementos and bouquets.

Address by Dr. (Mrs.) Pankaj Mittal, Additional Secretary-I, UGC, Chief Guest of the event: Dr. (Mrs.) Pankaj Mittal thanked the Principal for the invitation and enlightened everyone with her words of wisdom. She started her speech by emphasizing on the need to use Hindi in younger people and advised everyone, especially young students, to develop curiosity, presence of mind, competency and self belief for exceeding in life.

Address by Guest of Honours:

- Prof. Sudhir R. Ghorpade, Dept. of Mathematics, IIT Bombay
- Prof. B.K. Dass, Professor (Retd.) Dept. of Mathematics, University of Delhi

Address by Special Guests on the Dais:

- Dr. Manmohan Kaur, Principal, GNDU Khalsa College, University of Delhi:
- Prof. Ayman Badawi, American University of Sharjah, UAE:
After thanking the organizers, he expressed his happiness to see participation of female mathematicians in the event.
- Prof. Stefano Innamorati, University of L'Aquila, Italy:
- Dr. Preeti Ahuja, Member, Governing body, Mata Sundri College for Women:
She emphasized on the fact that the conference, although named as “National” has truly taken an international form.

Address by Dr. Kawarjit kaur, Principal, Mata Sundri College for Women: She welcomed the everyone and expressed her happiness to organize such an event Ms. Sonia Aneja, Organizing Secretary, NCAAMS 2017 presented the vote of thanks. Inaugural function came to an end with the National Anthem.

High Tea was served at 11.00 am.

After High tea the event took the academic color with various talks.

Session I: Invited Talks

(11.30 am-1.00 pm)

Venue: Mata Sahib Kaur Auditorium

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Keynote Address by Ayman Badawi, American University of Sharjah, UAE

Title of the talk: Graphs associated to commutative rings

Chair: Prof. Sudhir Ghorpade

After the talk the speaker was felicitated with a trophy and certificate by Session Chair and the session chair by Prof. B.K. Das.

Plenary talk by Stefano Innamorati, University of L'Aquila, Italy

Title of the talk: On two-intersection sets in the three dimensional projective space on a finite field of order q

Chair: Prof. Ayman Badawi

After the talk the speaker was felicitated with trophy and certificate by Session Chair and the session chair by Prof. Fulvio Zuanni

Lunch was served at 1.00 pm.

The next session of invited talks began immediately after lunch.

Session II: Invited Talks

(2.00 pm-3.30 pm)

Venue: Mata Gujri hall

Chair: Prof. Stefano Innamorati

· Talk by *Prajneshu, Indian Agricultural Statistics Research Institute (IASRI), Delhi* *Title of the talk: Some nonlinear time-series models and their applications*

· Talk by *S.S. Raghuvanshi, AMD Hyderabad*
Title of the talk: Inversion Techniques in Solving Industrial Problems

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

· *Talk by Sudhir R. Ghorpade, Indian Institute of Technology, Mumbai*
Title of the talk: Many facets of affine Grassmann codes
Tea was served at 3.30pm

Session II: Paper Presentations
(3.45 pm-4.45 pm)

Five parallel sessions were arranged for paper presentations at various rooms.

Parallel Session I: Applied Mathematics
Venue: Room No. 326
Chair: Dr. S. S. Raghuvanshi, AMD Hyderabad
No. of Paper presentations: 06

Parallel Session II: Statistics I
Venue: Room No. 211
Chair: Dr. Mridula Budhraja, Shivaji College
No. of Paper presentations: 05

Parallel Session III: Statistics II
Venue: Room No. 311
Chair: Dr. Poonam Garg, DDU
No. of Paper presentations: 05

Parallel Session IV: Applied Algebra (Coding/Cryptography) & Algebra
Venue: Mata Gujri Hall
Chair: Prof. Ruch Das, Dept. of Mathematics, University of Delhi
No. of Paper presentations: 04

Parallel Session V: Optimization/Analysis

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Venue: Room No. 327

Chair: Dr. Rama Verma, Mata Sundri College for Women

No. of Paper presentations- 05

Day 2. September 08, 2017

Session I: Invited Talks

(10.00 am-11.30 am)

Venue: Mata Gujri Hall

Chair: Prof. Ayman Badawi

Talk by Fulvio Zuanni University of L'Aquila, Aquila, Italy

Title of the talk: On sets of type $(m, m + q)^2$ in $PG(3, q)$

Talk by C.S. Lalitha, University of Delhi (South Campus)

Title of the talk: Convergence of Solution Sets in Vector Optimization

Talk by Indivar Gupta, DRDO, Delhi

Title of the talk: Computational Hard Problems and their Application in Cryptography Tea was served at 11.30 am

Session II: Invited Talks

(11.45 am-1.15 pm)

Venue: Mata Gujri Hall

Chair: Prof. Sudhir Ghorpade

· *Talk by Samrith Ram, IIT Delhi*

Title of the talk: Polynomial Matrices over Finite Fields with given Invariant Factors

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Note: Prof. R.K. Mohanty, South Asian University was supposed to be delivering a talk on “On the Stability of a Second Order Initial Value Problem Using Additive Parameter Technique”. But due to an unseen health issue he was unable to attend the conference. Dr. Samrith Ram in a very short time, agreed to deliver his talk.

· *Talk by Dhiraj Kumar Singh, Zakir Husain Delhi College, University of Delhi*
Title of the talk: Some sum form of functional equations related to entropies

· *Talk by Madhu Raka, Panjab University*

Title of the talk: Some special cyclic codes over a finite non-chain ring and their Gray images Lunch was served at 1.15 pm

Session III: Paper Presentations
(2.00 pm-3.00 pm)

Five parallel sessions were arranged for paper presentations at various rooms.

Parallel Session I: Applied Mathematics

Venue: Room No. 326

Chair: Dr. Dhiraj Kumar Singh, Zakir Husain Delhi College

No. of paper presentations- 05

Parallel Session II: Applied Mathematics

Venue: Room No. 327

Chair: Prof. Indivar Gupta, SAG ,DRDO, Delhi

No. of Paper presentations- 04

Parallel Session III: Statistics I

Venue: Room No. 211

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

Chair: Dr. Manish Kant Dubey, SAG, DRDO, Delhi

No. of Paper presentations- 05

Parallel Session IV: Applied Statistics II/Analysis

Venue: Room No. 311

Chair: Prof. Fulvio Zuanni, University of L'Aquila, Aquila, Italy

No. of Paper presentations- 05

Parallel Session V: Applied Mathematics

Venue: Mata Gujri Hall

Chair: Dr Prof. Madhu Raka, Panjab University

No. of Paper presentations- 04

After the last session of the event everyone gathered in Mata Gujri Hall for the Valedictory Function.

Valedictory Function

(3.00 pm-4.00 pm)

Venue: Mata Gujri Hall

Function started with the welcome of the Guest of Honour of the day, Prof. Madhu Raka, Panjab University by Principal Madam.

Address by Dr. Kawarjit Kaur, Officiating Principal, Mata Sundri College for Women: Principal Madam thanked Prof. B.K. Das for his help, guidance and encouragement in organizing the conference. She thanked all of the distinguished guests for their support. She reiterated that the conference was indeed an

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

international conference.

Feedback of Participants:

Along with the filling the feedback forms some participants shared their views by coming on the stage also:

Dr. Namita, Dyal Singh College, DU and Dr. Samridhi, Hindu College, DU expressed their happiness to be part of an event with so much expertise and shared her concern about lack of organization of conferences for participation of undergraduate students.

Prasant Singh, Research Scholar, Department of Mathematics, IIT Bombay expressed his honest views that he was not at all disappointed by the organization of this event by a Women's college.

Certificate Distribution ceremony took place:

Certificates were distributed by Principal Madam and the Guest of Honour.

The event concluded with high tea.

Year 2016-17

59. NATIONAL CONFERENCE "Perspectives of Successful Ageing"

A national conference was organised on 23 and 24 September 2016 on "Perspectives of Successful Ageing" in collaboration with Indian Association of Positive Psychology to bring awareness that being old is a great challenge in this changing world. The conference stressed the need to enlighten society regarding the enactment of the act and its application.

It is not expected that legal provisions can enforce well-being of elderly when the emotional needs and care constitute the main component of the requirement. In such a scenario an act alone is not likely to achieve the desired results unless society change is brought about by inculcating the value system which places priority on respect and care of the elderly.

Conference Convenor Dr. Sarbjit Sran

Organizing Secretary : Dr. Pooja Wadhawan

The sub themes of the conference were:

- · Realistic Self Appraisal
- · Adaptation and Resilience
- · Effective coping strategies
- · Engagement in life
- · Disability being critical for successful ageing
- · Structure and attributes of successful ageing
- · Intervention for promotion of healthy ageing
- · Self- Acceptance and self-contentment
- · Empowering the elderly
- · Social security

**Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002**

Ph: 23237291

More than 100 abstracts were submitted and approximately 450 students and delegates participated.

Entries from various universities namely University of Delhi, Amity University, Ambedkar university, Sharda University, Bangalore university, Banaras Hindu University, Panjab University and IGNOU were received. Students from different states like Ahmedabad, Guhati , Varanasi, etc. also participated.

The conference included several eminent guests. Just to name a few: Dr. Sanjay Srivastav, Prof Girishwar Misra, Prof. SS Nathawat, Prof Arvind Mishra, Alok Verma, Prof NK Chadha (president of Indian Association of Positive Psychology)

60. Workshop on Waste Management

The Department of Economics in association with B.A. (Programme) Society had organized a one day Workshop on Waste Management on 20th September, 2016. The Resource Person was Col. Suresh Rege (retd), Executive Director Mailhem Ikos Environment. There were around 70 participants. It was a very interactive session. Several techniques were introduced to the students on various aspects of waste management. Marked boxes were placed in different corners of the college where e-waste was collected. In addition to this, they were taught on how to segregate food waste in the canteen I.e. identification of wet and dry, degradable and non biodegradable. These lessons will help the students to live a green healthy life and effectively use the resources.
