**“Tech Saksham Program”**  
**Organised By**  
**PRAYAS- Placement and Internship Cell**  
**in collaboration with**  
**Department of Computer Science**

*An initiative of Mata Sundri College for women in  
Collaboration with Edunet Foundation.*

In today’s fast-changing world, through the skills imparted in the program, you will be able to survive, adapt, and thrive. With this notion, on 18<sup>th</sup> August 2022, **The Placement and Internship Cell, Mata Sundri College for Women in collaboration** with Department of Computer Science, hosted an interactive session on “**Tech Saksham Program**” by prestigious members of Edunet Foundation, **Mrs. Kamalpreet Kaur** and **Mr. Abdul Aziz**. **Mrs. Kamalpreet Kaur** is working as an Associate Program Manager with Edunet Foundation for the Tech Saksham Program and have more than 7 years of experience in the field of Education. She has also been involved in various training projects for the school faculty members. **Mr. Abdul Aziz** has joined the EDUNET Foundation in March 2022 as a Master Trainer. He has completed M.Tech in Artificial Intelligence from University of Hyderabad, Hyderabad. He has 8+ years of experience in academics and research. His Areas of Interest are Artificial Intelligence, Machine Learning, Deep Learning and Computer vision. The speakers for the session was welcomed by Ms. Vibhuti Gupta.

**Edunet Foundation** is an Indian NGO and has been granted Special Consultative Status by the United Nations, Economic and Social Council (ECOSOC). Edunet Foundation promotes STEM education,

technical innovation, and entrepreneurship. It has a national footprint with a direct presence in almost every state/UT capital.

A total of 22 **students** registered for the webinar which was held via Microsoft Teams from **5:00 pm to 6:00 pm**.

The speaker introduced about the **Tech Saksham** program that aims to equip women with technical skills and encourage them towards technology careers. The program particularly focuses on women because India has one of the youngest workforce in the world but with a large skill-gap with regards to the jobs of the future and an even higher gender disparity when it comes to STEM careers.

There was a detailed discussion on the Industrial Revolutions and Key Technologies. The session covered the points on how TechSaksham has improved the core technical skills and employability skills of TechSaksham students and provided job opportunities in more than 100 companies.

The session witnessed an enthusiastic participation and all the queries were answered by the speaker. The vote of thanks was delivered by Ms. Manpreet Kaur. The success of the session was applauded by Ms. Ashema Hasti, Co-Convener of the Placement Cell, Mata Sundri College for Women.
