contribution to the young individuals from the tribal areas of Gujarat. Then the virtual mike was given to Ms. Zeal Ma'am after which she addressed the craze students nowadays have regarding Chartered Accountancy and how she too ended up giving into this hype, eventually ending up realising that her actual interest was in the certification for Financial Planning. She motivated the students to research properly before taking up a Professional Course. Then, she elaborated on the Conventional investment options and how very little importance is given to Investments via mutual funds or the schemes of the many prevalent Asset Management Companies. She motivated the students to pivot towards Risk Distribution when it comes to one's portfolio of Investments. She discussed about the roles and responsibilities of Financial Planner such as tax planning, types of life insurance, Estate planning, Retirement planning. Later, the session covered the points on the services offered by them & part time work opportunities for the students.

The session witnessed an enthusiastic participation and all the queries were answered by the speaker.
