

REPORT  
On  
"Career Upskilling & Acceleration"  
Organised By  
PRAYAS- Placement and Internship Cell

An initiative of Mata Sundri College for women in  
Collaboration with Experts.

In the realm of digital learning, where knowledge is accessible with just a click, the "Career Upskilling & Acceleration" event, organised by Expertrons, emerged as a guiding beacon. Conducted by PRAYAS - Placement and Internship Cell in collaboration with IMS, this event was designed to illuminate career paths and aspirations.

On the 7th of September 2023, as the digital curtains rose, participants embarked on a journey of self-improvement in the virtual world of Google Meet. With Dr. Rohith Reddy representing Expertrons as the speaker, 68 students registered their intent to upskill and accelerate their careers, and 63 of them actively participated. The event unfolded from 7:00 p.m. to 8:00 p.m., ensuring that students could access invaluable career insights from the comfort of their own homes.

Motivating students to explore new horizons and thrive in the professional world. Through the digital platform, Google Meet, students were virtually transported to a space where knowledge transformed into career opportunities.

The "Career Upskilling & Acceleration" event's core purpose was to turn knowledge into opportunities, empowering students with skills and insights to make informed career decisions.

In conclusion, events like this are emblematic of the commitment of educational institutions and organisations in shaping the careers of students.

We extend our heartfelt gratitude to Dr. Rohith Reddy for illuminating the path to career success, and to Expertrons for their unwavering support and collaboration in making the "Career Upskilling & Acceleration" event a resounding success. In a world where digital

learning and career growth go hand in hand, we celebrate the role of educators and organisations in guiding the workforce of the future.
