

REPORT On
Orientation
“Techsaksham program”
Organized By
PRAYAS- Placement and Internship Cell

*An initiative of Mata Sundri College for Women in
Collaboration with Techsaksham*

"**TechSaksham Orientation** Program: Unleashing Potential, Igniting Growth. Our report captures the essence of an immersive journey, where new talents were welcomed, nurtured, and empowered. Through collaboration, learning, and a shared vision, we set the stage for success. Join us as we celebrate the beginning of a transformative chapter, where innovation and excellence thrive."

The **Placement Cell of Mata Sundri College for Women**, in collaboration with **Tec Saksham**, organized an orientation event on **October 7th, 2023**. The event aimed to promote technical and soft skill development among students and provide them with valuable insights into the tech industry. The event featured two esteemed speakers, Ms. Bharti Verma and Ms. Kawalpreet Kaur, who shared their expertise and experiences with the participants.

Bharti Verma is a renowned entrepreneur and the co-founder of Techsaksham, a tech-driven company that aims to bridge the gender gap in the industry. **Kawalpreet Kaur**, on the other hand, is an inspiring young woman who has achieved great success in the field of artificial intelligence.

Techsaksham, the company behind this workshop, is a platform that empowers women to become leaders in the tech industry. It provides training, mentorship, and networking opportunities for college

students to enhance their technological skills and pave the way for a promising future. The program has three main verticals: Artificial Intelligence, Cloud Computing, Web Design & Digital Marketing.

The event was attended by **22** participants. The said event was held offline on 7th October 2023 from **5:00 pm to 6:00 pm**.

Ms. Bharti Verma Ms. Bharti Verma, a renowned expert in the tech industry, delivered an insightful session on technical skill development. She discussed the latest trends and technologies in the industry, highlighting the importance of staying updated and continuously enhancing one's technical knowledge. Ms. Verma provided practical tips and resources for students to develop their technical skills, such as online courses, coding challenges, and industry certifications. Ms. Kawalpreet Kaur Ms. Kawalpreet Kaur, an accomplished professional in the tech industry, focused on promoting soft skill development. She emphasized the significance of communication, teamwork, problem-solving, and leadership skills in the workplace. Ms. Kaur shared her personal experiences and provided practical advice on how to enhance these skills through workshops, networking events, and self-reflection exercises.

The event featured interactive sessions where participants had the opportunity to ask questions and engage in discussions with the speakers. This allowed for a deeper understanding of technical and soft skill development and provided valuable insights into the speakers' experiences.

The faculty members present from the Placement Cell were a testament to the importance of this orientation Ms. Ashema Hasti, the Co-Convener of Mata Sundri College for Women.

The TechSaksham Orientation Event organized by the Placement Cell of Mata Sundri College for Women successfully promoted technical and soft skill development among the participants. The event provided students with a platform to gain valuable insights into the tech industry and learn from the experiences of accomplished professionals. The speakers, Ms. Bharti Verma and Ms. Kawalpreet

Kaur, shared their expertise, inspiring the participants to enhance their technical knowledge and develop essential soft skills. The event served as a catalyst for empowering students and equipping them with the necessary skills to thrive in the tech industry.

The Placement Cell extends its gratitude to Ms. Bharti Verma and Ms. Kawalpreet Kaur for their valuable contributions and for sharing their knowledge and experiences with the participants. Special thanks are also extended to the faculty members, and all the participants who made the event a success.

Bharti Verma
Kawal Preet...

Job Roles and Artificial Intelligence Engineer Skills

Well Versed with programming languages like Python, R.

Distributed Computing efficiency

Good Command over UNIX Tools

Familiarity with Machine Learning Algorithms and Libraries

Understanding of Artificial Neural Network

Effective communication skills

Problem-solving Skills

Creative thinking

Industry Knowledge
