

MOVIE SCREENING

PRATIBIMB the film society

MATA SUNDRI COLLEGE FOR WOMEN

University of Delhi

MSCW, Psychology Lab, 29th September 2022: PRATIBIMB, The Film Society organised a movie screening of MURDER ON THE ORIENT EXPRESS. There were 46 students present and the event was managed by Pratibimb team, Ms. Priyadarshini Bhattacharya and Ms. Manisha Mathur.

The movie is based on an Agatha Christie novel of the same name. It is a star-studded show with numerous well-known names like Johnny Depp, Michelle Pfeiffer, Penelope Cruz and Willem Dafoe. The central figure is the rather peculiar detective Hercule Poirot. The murder mystery unravels in the backdrop of a train journey. During the intense investigation, identities are revealed, equations are changed, and justice is served. The chain of events alter the lives of everybody involved, especially Poirot himself. From someone who is obsessed with a sense of order, he starts seeing the potential of grey in his world of black and white.

The movie was 1 hour 54 minutes long. All the students found the storyline, characters and plot-twists extremely thrilling. It was undoubtedly fascinating to get an alternate perspective of Christie's works in academics.
