

Mata Sundri College for Women
(University of Delhi)
Mata Sundri Lane, New Delhi-110002

Ph: 23237291

Ref No. MSC/IQAC/AQAR-CR1/1.4.1

Action taken Report 2023-24

The college has been consistently striving for the betterment of the institution in every aspect, actively implementing suggestions provided by its stakeholders. This commitment is reflected in the positive feedback received this year.

Placement and Internship Initiatives

The Placement and Internship Cell has been proactively organizing workshops, seminars, skill-based short-term courses, and regular counselling sessions to cater to the diverse needs of students from different streams. To enhance opportunities, the college has been inviting more multinational companies for placements and internships.

The vocational centre has introduced the DOEACC O-Level Certification Course, providing students with enhanced employability. Additionally, the B.El.Ed. Department has launched the Integrated Teacher Education Programme (ITEP)—a four-year professional degree course designed to offer multidisciplinary undergraduate education. Notably, this course is available in only two colleges of Delhi University, making it a significant achievement for the institution.

Career Counselling and Student Placement

Responding to feedback from employers, the college has intensified its efforts in career counselling. Regular sessions and workshops are now organized to prepare students for interviews and career opportunities. As a result, a growing number of students are applying for positions and successfully securing placements.

Alumni Engagement

The Alumni Cell has formed dedicated groups to keep alumni well-connected and informed through email and social media platforms. Regular seminars and meetups are organized to strengthen these ties and foster ongoing collaboration with the alumni network.

Infrastructure Development

Significant improvements have been made to the college infrastructure:

- New computer labs with 40–60 systems have been established.
- Projectors are being installed in classrooms, with most already equipped with whiteboards.
- Washrooms are regularly cleaned and maintained, and sanitary pad vending machines have been installed in all washrooms.

Student-Focused Initiatives

Several new societies have been established to cater to the varied interests and aspirations of students, including:

- Civil Services Cell
- CA/CS Cell
- Aarogyam (Health and Wellness)
- Entrepreneurship Cell
- Motivation to M.A., MBA Cell
- Milestone Cell

These societies actively work to enhance student development and provide tailored guidance for career progression.

Parent-Teacher Interaction

Regular parent-teacher meetings are organized to keep parents informed about their wards' progress and ensure continuous engagement between the college and families.

The college remains dedicated to continuous growth and improvement, ensuring that all students, alumni, and stakeholders benefit from its endeavours.
