On May 31, 2023, Ms. Supriya Gulati, from the Alliance for an Energy Efficient Economy, led a compelling workshop on the "**Impact of Lifestyle on the Environment.**" The session delved into the intricate connections between individual lifestyle choices and their broader ramifications on the environment. Attendees gained valuable insights into the significance of adopting sustainable practices in daily routines to mitigate environmental degradation. Ms. Gulati's expertise illuminated the urgent need for collective action and emphasized practical strategies for reducing carbon footprints. Participants left the workshop inspired and equipped with knowledge to make informed decisions that contribute positively to environmental conservation.

On July 28, 2023, The International Seminar on "Switching from Unsustainable to Sustainable Lifestyle: A Roadmap for the Conservation of Nature and its Resources," was organized by us in collaboration with the Department of EVS & IQAC – Deshbandhu College and EnviroVigyan, took place via Zoom in honor of World Nature Conservation Day. Dr. Anchal Garg, a Post Doctoral Research Fellow from the Earth System Science Department at Stanford University, USA, was the keynote speaker. Dr. Garg delivered a compelling presentation on the adoption of sustainable practices for conserving nature and its resources. The significance of collective efforts in preserving the environment for future generations was discussed in the seminar.

On September 22, 2023, for celebrating World Ozone Day, we set up an event aiming to honor the Montreal Protocol- an environmental agreement regulating the production and consumption of ozone-depleting substances (ODS). The theme was "Montreal Protocol: Fixing the Ozone Layer and Reducing Climate Change," highlighting the Protocol's role in protecting the ozone layer and addressing climate change. Dr. Uzma Nadeem, Assistant Professor, Department of Environmental Studies, engaged with a group of 35 students, discussing the significance of the day and encouraging them to adopt lifestyles conducive to ozone layer conservation.

waste management via Google Meet with 42 participants. The aim of e-waste management is to mitigate the environmental impact of discarded electronic devices. Improper handling of e-waste can pose significant risks to the environment and human health. E-waste contains various neurotoxicants, such as lead and mercury, which can adversely affect the central nervous system during crucial developmental stages from pregnancy to adolescence.

Earthcon, in collaboration with LIGHTS, orchestrated a dynamic workshop on sustainability training for climate change professions, featuring renowned speakers and expert coordinators. **Dr. Sulagna Chattopadhyay**, President of SAAGA and Editor-in-Chief at G'nY Magazine, delivered a comprehensive discourse on renewable energy, conservation strategies, and eco-friendly practices vital for combating environmental degradation. Additionally, **Professor Peter Newman**, Professor of Sustainability at Curtin University, Australia, captivated attendees with his discussion on the global demand for climate change professionals and insights into the international job market in sustainability. Both speakers inspired participants to explore further and actively contribute to creating a sustainable future. The workshop provided a platform for learning and reflection, empowering participants to embark on meaningful careers aimed at addressing the challenges posed by climate change.

On June 16th, 2023 we celebrated World Day to Combat Desertification and Drought with an engaging documentary screening. The interactive session provided insights into the challenges posed by desertification and drought, highlighting their impacts on ecosystems and communities. Attendees participated in discussions, exchanging ideas on mitigating these environmental threats and promoting sustainable land management practices. Earthcon's initiative underscored the importance of collective action in safeguarding our planet's resources for future generations.

On October 8, 2023, in collaboration with the NCWEB (Non-Collegiate Women's Education Board) Centre, a special event was organized to celebrate World Wildlife Week through a screening of the movie "Junglee." The event aimed to raise awareness about wildlife conservation and the importance of preserving natural habitats. Attendees were treated to an engaging cinematic experience that highlighted the beauty of wildlife and the need to protect endangered species. Through this initiative, participants were inspired to take action and contribute to the conservation efforts in their own capacity. The event successfully combined entertainment with education, leaving a lasting impact on all those who attended.

On April 27th, 2023, Earthcon collaborated with the Department of Elementary Education for an e-quiz on “**Famous rivers, ocean & other water bodies of India**”. The event focused on rivers, lakes, and their conservation. Participants engaged in lively discussions and answered challenging questions, showcasing their knowledge and passion for environmental stewardship. Earthcon members demonstrated their commitment to raising awareness about the importance of preserving these crucial resources. The collaboration underscored the significance of interdisciplinary efforts in fostering environmental education and advocacy.

Earthcon, the Eco Club of Mata Sundri College, marked World Wildlife Week by hosting a Painting Competition focusing on Endangered Species. The Wildlife Week Celebration, featured a vibrant and inspiring Painting Competition centered on endangered species. Hosted with the goal of raising awareness about the plight of these animals, the competition brought together artists of all ages to showcase their talent and passion for wildlife conservation. Participants depicted various endangered species through their art, portraying their beauty and highlighting the urgent need for their protection. The event not only celebrated the artistic expression but also served as a platform to educate the community about the importance of preserving biodiversity. Through creativity and enthusiasm, the Painting Competition on Endangered Species contributed significantly to the overarching mission of Wildlife Week, fostering a deeper connection between people and the natural world while advocating for the conservation of our planet's most vulnerable inhabitants.

On March 22, 2024, Earthcon hosted a spirited slogan writing competition in honor of World Water Day. Participants eagerly submitted their entries via Google Forms, showcasing their creativity and commitment to water conservation. The event garnered significant interest, with numerous individuals enthusiastically taking part. Following a period of deliberation, deserving winners were awarded e-certificates in recognition of their contributions. Earthcon's initiative not only promoted awareness about the importance of preserving water resources but also engaged a diverse community in meaningful dialogue about environmental stewardship.

On July 5, 2023, at the ground of, Red Fort the members of Earthcon organized a plantation drive as part of the VAN MAHOTSAV week celebrations.

The event aimed to encourage people to adopt a green and sustainable lifestyle and draw attention to the declining tree cover. Student volunteers planted saplings to contribute to reducing pollution and improving the environment. The event took place with great enthusiasm and participation from volunteers and community members alike. Under the bright canopy of the sky, individuals gathered to contribute to the noble cause of greening the environment.

Participants were provided with saplings of indigenous tree species, carefully selected to thrive in the local ecosystem. Guided by environmental experts, they planted these saplings in designated areas, transforming barren lands into thriving green spaces. The plantation drive

From January 11th to 27th, 2024, Earthcon, in collaboration with Ignite, organized an impactful E-Waste Collection Drive to address the pressing issue of electronic waste management. The event aimed to promote responsible disposal of electronic devices and raise awareness about the environmental hazards associated with improper e-waste disposal. Participants were encouraged to bring in their old and unused electronic gadgets for recycling and safe disposal. The drive received an overwhelming response from the community, with a significant amount of e-waste collected during the event. Through this initiative, Earthcon and Ignite underscored the importance of sustainable waste management practices and demonstrated their commitment to environmental conservation. The E-Waste Collection Drive served as a reminder of the collective responsibility to safeguard the planet for future generations.

Earthcon, the Eco Club of Mata Sundri College, hosted a SANKALP SABHA on November 3, 2023, within the college premises. Recognizing the significance of reducing air pollutants is crucial for both human well-being and environmental health. Poor air quality adversely affects human health, especially the respiratory and cardiovascular systems, while also causing harm to plants and structures. Smoke or haze further diminishes visibility. Dr. Uzma Nadeem, Earthcon's convener, led the pledge ceremony attended by 91 students. They were enlightened about the perils of pollution and its detrimental effects on our surroundings.

Earthcon members participated in **Harit Umang Olympiad (2022-23)** organized by **Panasonic India**, and won **Second Runner up prize**, for showcasing their exemplary work in the field of responsible disposal of e-waste, plastic waste management, energy conservation and tree plantation. Students were felicitated for the same on 5th June 2023 at Shangri-La, Delhi on the occasion of World Environment Day.

Dr. Uzma Nadeem, Assistant Professor from Department of Environmental Studies and Convener of Earthcon, also received with Special Recognition from Harit Umang Olympiad for her contribution towards outreach for environment for the year 2022-23.

3. PARTICIPATION IN YOUTH ADVOCACY WORKSHOP HOSTED BY WWF- INDIA AS PART OF UNEP'S TIDE TUNERS PLASTIC CHALLENGE

On the basis of nomination by us our two members of Earthcon, have been selected to participate in the Youth Advocacy Workshop hosted by WWF- India as part of UNEP's **Tide Tuners Plastic Challenge**. On the 22nd and 23rd of February 2024, at the WWF office, two dedicated members of Earthcon, Ashmeet Kaur and Komal from Mata Sundri College for Women, seized the opportunity to participate in a Youth Advocacy workshop. Equipped with their passion for environmental activism, they immersed themselves in the sessions, eager to make a difference. Their dedication was rewarded with certifications.

The event "Udaan24" organized by the Earthcon - The Eco Club at Mata Sundri College for Women was a grand celebration themed "Soaring Dreams, Wings to Fly". The event featured a diverse range of performances including stage plays, cultural dances, and poetry readings that captivated the audience. A highlight was the career counseling session led by UPSC topper Mr. Shashi Shekhar, which provided valuable insights and inspiration to the students. The energetic Bhangra performance and interactive audience rounds added to the vibrant atmosphere, making the event a memorable showcase of talent and cultural expression. The event successfully highlighted the artistic and intellectual capabilities of the students, leaving attendees inspired and entertained.

The Poster Making Competition organized by Parivartan, the NSS unit of Mata Sundri College for Women, University of Delhi, in collaboration with Earthcon, the Eco Club, was a highlight of the World Ozone Day celebrations held on September 17, 2024. Embracing the theme "Ozone for Life," the event attracted substantial participation from the student community, who used their artistic abilities to emphasize the importance of ozone layer conservation. This initiative not only fostered creativity but also played a crucial role in educating and sensitizing students about environmental protection. The contest ended with the announcement of the winners, where

- Jhanvi Verma clinched the 1st position
- Shivangi Singh secured the 2nd
- Aarti Rawat the 3rd
- Kanika was awarded a consolation prize.
- Their works stood out for their creativity and impactful messages, making the event a success in promoting environmental awareness.

24. PHOTOGRAPHY COMPETITION

Organized by – Earthcon (The Eco Club) in collaboration with Parivartan (The NSS unit of Mata Sundri College) organized a Photography Competition on 4th October 2024 in celebration of **Wildlife Week**, a significant occasion to raise awareness about wildlife conservation.

The photography competition held during Wildlife Week at Mata Sundri College provided students with a platform to showcase their creativity and passion for nature. Participants captured diverse wildlife moments, from local flora and fauna to rare animal behaviors, highlighting the beauty and significance of biodiversity. The event encouraged students to explore environmental themes and raise awareness about conservation efforts.

Earthcon- The Eco Club of Mata Sundri College for Women successfully created a vertical garden using recycled plastic bottles. This innovative project not only reduces waste but also promotes sustainable living. The garden, which is visually appealing and practical, serves as a space-saving option for growing herbs, flowers, or vegetables. The club's initiative highlights the importance of recycling and creative environmental solutions. The Earthcon Eco Club is committed to promoting eco-friendly practices and contributing to a greener future.

“30 DAYS ENVIRONMENT CHALLENGE” UNDER NATIONAL EDUTRUST OF INDIA under the Ministry of Micro, Small and Medium Enterprises (MSME), Govt. of India, was a program run from 2 August 2024 to 31st August 2024. The challenge aims to raise awareness about environmental issues and educate students about them. The challenge includes a variety of events, such as E-poster, Declamation, Environment quiz, and Nature photography. The challenge was categorized into tasks for 4 weeks each targeting different aspects of lifestyle changes that can be done to promote a sustainable way of living. The challenge can help people develop long-term environment-friendly habits by taking one small action each day. Studies suggest that taking an action for at least 21 days helps form permanent habits. The categorization is as follows:

- **Week 1: Waste Reduction Management:**
- **Week 2: Energy Conservation & Efficiency**
- **Week 3: Sustainable Eating & Consumption**
- **Week 4: Water Conservation & Advocacy**

Students prepared reports for their 30-Day challenges and showcased their creativity and impactful messages, making this challenge a success in promoting Sustainable Lifestyle which helps reduce carbon footprint and promotes environmental awareness. Students received appreciation certificates for participation and completion of the challenge which will remain a cherished prize for their environment-friendly actions.

The E-Waste Collection Drive is an initiative that is a part of the ongoing effort to promote environmental sustainability and responsible electronic waste disposal among students and the community. Mata Sundri College for Women has been honored as the central hub for an innovative and impactful **E-Waste Collection Drive** organized in collaboration with **Panasonic India**. This initiative aims to collect e-waste from various colleges and schools across Delhi, fostering a culture of environmental responsibility and sustainability. The drive was officially launched during an inaugural session held at the college, marking the beginning of a significant effort to encourage responsible e-waste disposal.

Organized by - Earthcon (The Eco Club) in collaboration with Parivartan (The NSS unit of Mata Sundri College) organized a Nature Walk to Okhla Bird Sanctuary on 4th October 2024 in celebration of **Wildlife Week**, a significant occasion to raise awareness about wildlife conservation.

The Nature Walk to Okhla Bird Sanctuary offered students a unique opportunity to experience and appreciate the beauty of nature and its diverse inhabitants. The sanctuary is home to over 300 species of birds, including both resident and migratory varieties. Surrounded by lush greenery and the serene Yamuna River, students observed various bird species in their natural habitat, deepening their understanding of wildlife and ecosystems. The walk fostered a sense of environmental stewardship, encouraging students to connect with nature, reflect on its importance, and promote conservation efforts. This immersive experience was both educational and rejuvenating, leaving a lasting impact on the participants. The sanctuary's lush wetlands and serene environment provide the perfect backdrop for birdlife, making it a critical refuge for many endangered and rare species.

The **Harit Umang** initiative of **E-Waste Collection Drive** represents a significant step toward addressing the growing issue of electronic waste. By serving as the central hub for e-waste collection from various schools and colleges across Delhi, the college is promoting responsible disposal practices and raising awareness about the environmental hazards associated with improper e-waste management. The initiative not only fosters environmental stewardship among students but also encourages collaboration and healthy competition through its reward system for institutions that contribute the most. This drive, with its focus on recycling and sustainability, is a meaningful stride toward creating a cleaner, greener future, with educational institutions at the forefront of this movement.

30. In alignment with the **Swachhata Pakhwada 2024 initiative**, students from Earthcon, the Eco Club of Mata Sundri College, actively participated in a plantation drive at the **University Grants Commission (UGC)**. This event aimed to promote environmental sustainability and cleanliness. Through their involvement, the students contributed to creating a greener, cleaner environment, reinforcing their commitment to environmental conservation.

Asmita, the Women Development Cell of Mata Sundri College, under the aegis of the IQAC and in collaboration with organization FIFE, conducted a three-day multidisciplinary workshop on the theme, **Gender Sensitization: Deepening Insights**. The workshop spanned a close to ten hours over three days, focusing on an impressive range of issues like gender, sexuality, reproductive rights, consent, menstrual health, Queer identity, LGBTQIA+ and gender & media. A close to 60 students registered for the workshop.

The resource person for the workshop was the founder and CEO of FIFE, Ms. Shubhika who has a rich experience in the field of film-making, story-telling, conducting social media campaigns and workshops related to abovementioned themes. Her success stories add to a significant total of almost 1000 workshops, training sessions and lectures that she has delivered till date. In the workshop, which was mainly dialogic, she put before her audience, an exciting constellation of games, activities, audio-visual presentations that promoted active participation of the latter. The workshop was able to create an unconventional, though thoroughly safe and participatory, environment for the students to be able to share personal experiences and narratives among themselves to make sense of the concepts under discussion. Instead of being purely lecture-based, the workshop was experiential, based on active-learning processes and intended to create awareness and sensitization around themes related to gender.

Under the aegis of ‘Viksit Bharat’, the Women Development Cell, Asmita, celebrated International Women's Day on March 7th, 2024, with a dynamic event titled "Nari Shakti: Shifting Norms and Driving Change," led under the convenorship of Prof. Madhuri Sukhija. The event commenced with a lamp-lighting ceremony officiated by our esteemed guest Prof. Geeta Singh and our Principal Prof. Harpreet Kaur. This was followed by an address by Prof. Madhuri Sukhija, which ignited a powerful conversation about women's empowerment. The event featured a felicitation ceremony for our guest Prof. Geeta Singh, Principal Prof. Harpreet Kaur, IQAC coordinator Dr. Lokesh Kumar Gupta, and convenor of Asmita Dr. Madhuri Sukhija. Prof. Harpreet Kaur graced the audience with her words, by celebrating the strength of women, advocating for change, and planting the seeds for a future led by capable women leaders.

The event featured a captivating lecture delivered by **Prof. Geeta Singh, Director of CPDHE (UGC MMTTC), University of Delhi**, who explored the crucial topic of "Empowering Women in Indian Politics: Propelling the Future." The lecture focused on discussing pressing issues facing women, such as gender-based violence, economic inequality, and barriers to women's leadership and participation in decision-making processes. The speaker shared insights, and some historical anecdotes to highlight the importance of collective action in advancing gender equality and empowering women and girls. Attendees engaged in thought-provoking discussions and Q&A sessions, reflecting on ways to create a more inclusive and equitable society for all genders.

In the spirit of celebrating women's achievements and voices, the event also included an Inter-college Open Mic Competition and an Inter-college Poster Making Competition in collaboration with IQAC. The topic for the Poster Making Competition was given on the spot 'Work-Life Harmony: Women Leading the Way'. The participants were encouraged to visually express their creativity and ideas on posters related to women's empowerment, gender equality, and celebrating the achievements of women. The event had participation from different colleges, showcasing a diverse range of perspectives and artistic styles.

Following the lecture, an Open Mic competition took place from 2:30 PM to 3:30 PM in the Mata Gujri Hall, the topic for the open mic was 'Beauty beyond boundaries'. An Inter-college Open Mic Competition provided a stage for students to showcase their talents and perspectives on women's empowerment through creative performances. The program concluded with an open forum inviting participants to contribute stories, poetry, music, or any other form of artistic expression aligned with the International Women's Day theme. This session served as a platform for individual voices to celebrate women's achievements, raise awareness regarding gender equality issues, and inspire the audience through personal narratives and creative talents. The event successfully fostered a dialogue on women's empowerment and leadership. The program's diverse elements, from the opening ceremony to the open forum, provided a platform for inspiration, education, and collective action. The attendees' active participation and engagement ensured the event's lasting impact in raising awareness about gender equality and propelling positive change.

A dynamic team of six enthusiastic MSC volunteers joined forces with ten dedicated members from the NGO "Aashraya," forming a robust coalition for the Sanitary Donation Drive. The impactful drive unfolded on the 17th of February 2024, strategically positioned in the heart of Mansarovar Park's slum areas, ensuring direct accessibility to the community. The drive's effective execution spanned a thoughtful 5-hour window, providing ample time for meaningful interactions, education, and the distribution of vital resources. A mix of sanitary pads and educational pamphlets were collected during the drive, which were later donated at the respective site. The donated sanitary pads not only addressed a critical need but were also generously matched by the NGO "Aashraya," effectively doubling the impact of the initiative.
