

Session on Exploring Stories and Stories Boards by Ms. Priya Garg

On March 04, 2017 Department of Elementary Education invited Ms. Priya Garg for an interactive session. The speaker is currently the President, B.El.Ed. Alumnae Association and has worked as a Curriculum Developer and Hindi subject expert at various institutions. She interacted with B.El.Ed. II year students and guided them upon the use of story boards. She shared with them her understanding of the importance of story boards in language teaching. It was a good exposure for the students because they are currently working upon developing story boards in their practicum, 'Story Telling and Children's Literature'.
