

Report-Educational Visit to Aravalli Biodiversity Park

Department of Elementary Education, Mata Sundri College for Women, organised an Educational Visit for the B.El.Ed IIIrd year students on the 29th of March, 2017 to Aravali Biodiversity Park which is situated in the northwest of Vasant Vihar, New Delhi. Ms. Gurmeet Kaur, the resource person made our students aware of the steps being taken to conserve certain medicinal plants, butterflies, birds and animals which are on the verge of extinction. The trip helped our students realise the importance of environmental conservation, economic importance of different herbal plants such as tulsi, pine, amla etc which have medicinal as well as nutritional value. The nature trail provided knowledge about role of human beings in causing ecological imbalance and helped the students revisit the science concepts like metamorphosis, food chain, behaviour of different animals like camouflaging, mimicry, importance of habitat , feeding as well as nesting habits of certain birds and optimum conditions required for survival of different plants.
