

Sessions on Innovative Practices by Eklavya Foundation, Madhya Pradesh

Due to the pandemic, visiting the places of innovative school practices was not possible physically this year. Hence, the Department of Elementary Education organised six interactive sessions for B.E.Ed. III year students between 16th to 27th February 2021. Students were introduced to Eklavya Foundation, having over four decades of work experience in both formal and non-formal sectors of education. The various community initiatives coordinated by the organization which is a reflection of their practice of stakeholders taking ownership was shared. The need to integrate learning with different pedagogical domain as well as art education was highlighted. An important discussion on emotions and learning, wherein the need to recognize emotions of self as well as learners provided with rich opportunities to reflect and sharing experiences. An active participation of the students was seen and appreciated by the resource persons. Dr. Manisha Subba & Ms. Ruchi Garg coordinated these sessions. Following were the themes of sessions-

16th February 2021: Introduction to Philosophical Tenets of Eklavya's Work Date:

17th February 2021 : Community led Education Initiatives

23rd February 2021: Children's Literature & Language Teaching

25th February 2021: Bridging Literature and Art Education

26th February 2021: Emotions and Learning (Part 1)

27th February 2021: Emotions and Learning (Part 2)
