

## **SCHOOL COLLABORATION PROJECT (2018-19)**

In accordance with the vision of the project, the department is making earnest efforts to strengthen its community ties and jointly work-ing with the neighbouring schools to nurture the academic lives of young learners and teachers. All faculty members of the department have actively participated in the project to facilitate learning and collaboration. Different interactive sessions were organised with schools like Crafts, story-narration and also story boards & science models made by B.El.Ed. students were donated to the schools.
