

Talk on ICT in Education

A Talk on 'ICT in Education: Digital Learning at the Elementary Level' was organized on September 05, 2016. Dr. Indu Kumar, Associate Professor, NCERT delivered the talk and made the students aware of the various initiatives taken by Government of India to integrate ICT in teaching and learning, attended by III year students. Dr. Indu in her talk also shared the different initiatives taken by NCERT for dissemination of e-resources amongst the stakeholders through e-pathshala, NROER etc. She also shared details as to how the students as well as teachers can register on NROER and benefit from the free and open access resources available for use in teaching and learning.
