

MASTACOM'18 (21st Feb 2018)

MASTACOM'18 had been planned incorporating several events including – career-oriented talks and various co-curricular activities. The first talk was on “Career Opportunities and Prospects in Mathematical Sciences”, presented by Dr. Babita Goyal, Associate Professor at Ramjas College, University of Delhi. The second talk was presented by Mr. Vibhor Gupta, founder and director at Weekendr and Mobiquel on “Decision Making using Data Sciences”. The talks were followed by several fun and skills-based activities. There were six activities that were conducted, “Play-a-Gig”, “Q-Fiesta”, “JAM”, “Doodle Battle”, “Treasure Hunt” and “Click Your Hunt”. Each event was individually followed by the prize distribution ceremony, to keep up the spirit of healthy competition amongst students. Mastacom'18 was indeed a grand success in terms of inculcating a sense of skill-based learning in over 200 students from various courses and departments.
