

REBOOT 2.0 – The tech fest of Computer Science Department

The Computer Science Departmental Society, “CYBERNAUT” hosted its Inter-University annual fest “REBOOT-2.0” on March 15th, 2023. The fest was organised under the Convenorship of Ms. Varsha, Assistant Professor, Department of Computer Science and the Co-Convenor was Ms. Ashema Hasti, Assistant Professor, Department of Computer Science. The fest was organized to showcase the technical skills and talent of the students and to provide a platform for students to share their knowledge and ideas. The event was a great success, with a large number of students participating in various competitions and events.

Events and Competitions:

The fest had a variety of events and competitions that tested the skills and knowledge of the students. The events included technical quizzes, coding competition & UI/UX design competition. Around 250 students have participated from different colleges and Universities that included Delhi University, Delhi Technical University, IGNOU, NSUIT and GGSIP University. One of the main attractions of the fest was the coding competition, which challenged students to solve complex programming problems in a limited time. UI/UX designing competition intense, with students working tirelessly to come up with the best solutions. The judges were impressed with the creativity and designing skills of the participants. The quiz competition also had multiple rounds and each one had huge participation and was well organised by the students and their team. The winners got cash prizes and gift hampers worth Rs 20,000.

Guests of Honour

Two guests of Honour were invited for the event, Mrs. Mrinmayee Sahu Mahapatra and Mr Sanchit Jain.

Mrs. Mrinmayee Sahu Mahapatra is an esteemed **Advocate on Record (AOR) in Supreme Court of India**. She is a panel Counsel of the Union of India in Supreme Court and Senior Panel Counsel for prestigious institutes like JNU, JIPMER and South Asian University (SAU). As a leading advocate in the Indian court system, she has been an instrumental force in promoting greater awareness about judiciary guidelines pertaining to ‘Prevention of Sexual Harassment Act, 2013’ and also role of Human Resources in Conflict management in workplace.

Mr Sanchit Jain is an ed-tech educator in the field of Computer Science. He is the founder “**Knowledge Gate**” that has helped many students qualifying various competitive exams such as GATE(CSC) and UGC NET. There are over 6 Million subscribers following him social media and You Tube channel. Apart from this, he is also a certified educator on Unacademy, a well know online education platform.

Conclusion:

In conclusion, the Computer Science annual fest was a great success. The event provided a platform for students to showcase their technical skills and knowledge and to learn from their peers and experts from the industry. The competitions and events were challenging and engaging, and the students put in a tremendous amount of effort to participate and succeed. Overall, the fest was a great learning experience for everyone involved, and we look forward to organizing more such events in the future.
