

## **SKILL-BASED LEARNING SESSION - RESEARCH: A GATEWAY TO CAREER (FEB 26, 2021)**

**Cybernauts**, the tech society of Department of Computer Science organised a *skill-based learning session* on the topic **Research : A Gateway To Career** to provide guidance on how to pursue research as a career on **Friday, February 26, 2021 from 4:00 PM IST over Zoom** which was attended by **70+ participants**. The session was conducted under the able guidance of **Prof (Dr) Harpreet Kaur (Principal), Dr. Lokesh Kumar Gupta (IQAC Coordinator), Dr. Kiranjeet Sethi (Course coordinator), Mrs. Vijaya Goel (Teacher Coordinator)** and by **Ms. Diya Garg (President, Cybernauts), Ms. Darshpreet Kaur (Vice-President, Cybernauts) and Team Cybernauts**. The speaker for the session was **Dr. Rajan Gupta** who is a Research and Analytics Professional and has authored four books in the area of Public Information Systems and Data Science and currently employed as Postdoctoral Research Fellow in Data Science and Modeling at the Center for Information Technologies and Applied Mathematics, University of Nova Gorica, Slovenia, Europe. The session talked about the importance of researching skills and research as a career. The **take away from the session included** how to see research as a skill, develop it in such a way that one can make money out of it, many different formats in which research papers are being written and names of some prestigious universities for the students across the globe for research work. The feedback provided by the participants marked the success of the session. Many interesting questions were raised by the participants which depicted their active participation in the session. The speaker handled all the queries and the session finally concluded with a vote of thanks by **Mrs. Vijaya Goel**.
