

Teacher's Day Report

“One child, one teacher, one book, one pen can change the world.” Teaching is a very noble profession that shapes the character, caliber, and future of an individual.

Teachers are the pillars of our society and teaching is the one profession that creates all other professions.

This year Teachers' day was celebrated on **6th September, 2021** on **Googlemeet** platform by the students of CS department. Students joined the meet sharp at 11:00 am. The teachers were welcomed by the hosts Ms. **DarshpreetKaur** and Ms. **AsthaKuhikar**. The program commenced with a short prayer by Ms. Gaganpreet Kaur from 2nd year. After that, the melodious voices of the students acted as a starter to the function. Also, fun games were played with teachers which tested their speed and knowledge of Bollywood.

A celebration is always incomplete without music and dance. So the

Dancing queens beautifully showed their performance which made

everyone dance. Even the teachers couldn't stop themselves to dance on their beats.

With the theme: **Teachers and Students during Online Class**, the students portrayed the perfect functioning of online classes in a 'Comical Way'. Everything was so relatable that it made everyone laugh hysterically, showing that it was the best part of the event. The shayaris acted like the cherry on top of the cake.

The very next day students gifted the teachers a **small token of love and appreciation** which made the teachers even more happy.

Both the 2nd and 3rd year students did a great job by putting a lot of effort into making the day special for the teachers under the able guidance of Ms. **DarshpreetKaur**. Everything was made possible because of the dedication among students and their gratitude towards the teachers.
