

Interdisciplinary Hands-On Workshop on “Data Visualization & Presentation Tools” (13 October 2023)

"THE GREATEST VALUE OF A PICTURE IS WHEN IT FORCES US TO NOTICE WHAT WE NEVER EXPECTED TO SEE. "

On 13 October 2023, the Department of Computer Science society, 'Cybernavts' and the Department of Statistics society, 'Statistika' in collaboration with IQAC, Mata Sundri College for Women held an Interdisciplinary hands-on workshop on 'Data Visualization and Presentation Tools', focusing on the foundation for creating engaging infographics. Around 60 students from various departments attended the workshop.

The event started at 1:30 pm with the felicitation of the guest Speaker, Mrs Sheetal Singh, an Assistant Professor from the Department of Computer Science, Ramanujan College, University of Delhi. Dr Lokesh Kumar Gupta, director IQAC, MSCW, gave an encouraging speech to the students about how data visualisation is much needed these days due to the fast-paced nature of the modern world and the necessity to present data comprehensibly.

Then Mrs Singh guided the audience about the comprehensive exploration of data visualisation and presentation technique. During the workshop, students gained hands-on experience with powerful Data visualisation tools such as Piktochart and Canva. This enabled them to learn the art of creating engaging and informative infographics which not only deliver information to the targeted audience but also draw and hold the viewer's attention.

The interactive session ignited the inquisitiveness of all participants. It culminated at 3:30 PM with a vote of thanks and a thunderous round of applause for Mrs Sheetal Singh, who reflected her profound knowledge on the topic.

The student's responses and excellent feedback only proved how much such sessions are needed and how the students learned several ways to effectively represent data through infographics in such a short amount of time. Considering the efficient application of Data visualisation skills that attendees demonstrated, it is safe to say that the event was a great success.
