

# **WEBINAR**

## **HOW TO BUILD YOUR CAREER IN COVID-19 PANDEMIC**

Invictus, the Commerce society of Mata Sundri College for Women organised a Webinar on 30th October, 2020 on the topic, “How to Build Career in Covid-19 Pandemic”. The webinar witnessed an active participation of around 150+ students yearning to learn and ace their career. The speaker of the day was Mr. Amit Poddar, Senior Regional Head at T.I.M.E Institute. He began the webinar by explaining how an MBA degree has started to produce a sound management professional, equipped with the basic and advanced knowledge to stand the business administration. He further explained how today, the world is growing in the fields of marketing, industrialization, financing and education. The MBA program has specially been designed for the candidates who are executing the administration of the industries or related fields, he stated.

He explained how the scope of MBA courses is increasing day by day and it is one of the big job oriented professional programs and the most sought after by the students. He explained how the scope of MBA graduates increased in India as the economy is rising at a fast pace. He shared insights about various top institutions that provide the best MBA courses in various specialized fields.

Mr. Amit explained the various courses available for the Indian students to pursue to build a career in covid-19 pandemic. The first major step towards this is to set career goals. Long-term career plans can help one to make the best day-to-day decisions about one’s professional life throughout the course of their career. He put forward, where you eventually want your career to be, long-term planning can help you determine the steps you need to get there and allow you to set a timetable for achieving your goals. Long-term planning also helps you stay focused and on track. Creating a long-term career plan forces you to take stock of your existing education, credentials, talents and aspirations, which can help you draft an effective course of action that will put you on the path to success. Long-term career planning can help you achieve financial stability and security. Having a firm understanding of your earning potential throughout the course of your career can help you make smarter, capable of making more informed investment decisions

and help you save appropriately for the future. He discussed the topic of how it is essential for individuals to behave well with people around. Personality development plays an important role in developing not only one's outer but also inner self, he stated.

A question and answer round was conducted towards the end of the session. The speaker answered each and every doubt of the students patiently. The overall purpose of the workshop was achieved and the experience was enriching for the attendees.
