- Date: 17/11/2022
- Writing across disciplines can bring breadth to your research and extend its reach to a broader audience.
- Many issues that form exciting research topics intersect with different disciplines.
- The participants were given four options to choose their topics. The best article was proposed to be published in the E-Magazine of Arthavishti, “Yogakshema- Vol 3”.
- All the participants were given E certificates.
