

Report

In order to enhance students critical thinking skills in the subject of Mathematics in today's competitive world and to use these skills to locate and extract information from the sources like Offline & Online tools, journals and renowned Books written by national and global writers, our Department organized a Paper Presentation Competition for our students in 19th September 2016. On the same day a Poster Competition followed by Sudoku Competition was organized under Mathemania 2016. There were sixteen teams of two students and eight individual entries that participated in Poster Making. Almost all the mathematics discipline students and many students of other disciplines participated and enjoyed while learning the application of the subject. The day ended with Felicitation Ceremony followed by the Result Declaration and the Prize Distribution Ceremony.
