

The orientation program was organised on 23rd November 2021 by Department of Mathematics to welcome the first year students. The event started with the college prayer followed by the welcome speech by Ms. Mandeep Walia, TIC, Department of Mathematics. The teachers of the Department introduced themselves to the students. To familiarise the students with the college, a virtual tour of the college was given to them. In the end, some useful tips about online teaching and their methods (Google Classroom and Google Meet) were discussed.
