An outreach program aims to help and support the deprived sections of the society. Moving forward with this purpose the Department of Political Science, Mata Sundri College for Women has signed a MOU with Gavaksh – Window to Happiness as part of the Outreach program initiated to provide our students with a platform to engage and connect with the community with the aim of contributing to the society. It's an opportunity to make our students aware and develop sensitive outlook regarding societal responsibilities. Students from our departments through Gavaksh have been involved with the education and learning process of underprivileged children residing in nearby areas. The Department had organized an interactive session on 9th November 2021 for the students with the office bearers of Gavaksh to help them understand the kind of work the organization does and value of serving the community.
