

Peer Mentoring Session Report

The first peer mentoring session was conducted on October 8th 2022, Saturday by the mentors; Aditi and Anika, in online mode with everyone's comfortable timings which was in the evening at 6. The topic was decided by the 2nd year students; Authoritarian and Democratic Regimes. All the details with E-Posters were shared in the groups.

Promptly everything was completed, doubts were cleared side by side and even in the end. Although it was first session but examination tips were also given. At first there was less interaction but after listening to the mentors it was very interactive. Attendance was taken in the end and more than 40 students were present.

Feedback: It was a great session; they had divided the topics very efficiently for convenient explanation. Pace of teaching was accurate. We look forward for more sessions like this. Thank You So Much Mentors.
