

## **Visit to the Indian Social Institute**

The Political Science department of Mata Sundri College organized a visit to the Indian Social Institute for the 1st-year batch. The visit took place on July 6, 2023, and was led and coordinated by faculty of Political Science, Dr. Rachna Kumari Prasad. The visit to the Indian Social Institute was highly informative and fruitful. The students gained valuable insights into the importance of research work, particularly in relation to minority and deprived social classes. They had a firsthand experience of how a research center operates and greatly enjoyed learning from experienced individuals.
