Brief Report

Mental Health: Challenges and Opportunities

International Webinar

The program started with an inspiring welcome address by the Principal. Two eminent speakers from diverse fields enlightened the audience about the topic under consideration. The first Speaker Dr Divya Sadana (Working in New Jersey USA as Clinical NeuroPsychology Mentor) largely focused on hands-on examples from her rich clinical experience to explain about the topic. The audience were highly engaged and interested. She also answered the questions of the audience very patiently.

Dr Promila Agarwal who was presently working in IIM Ahmedabad took up the issue of mental health from the perspective of organizational psychology. Her inputs were an ideal blend of theory and practice and the audience were equally receptive to her ideas.

Around more than hundred participants benefited from this highly engaging and captivating discourse.

Dr Pooja Jaggi

Convenor
