

# Career Counselling 2022 Report

---

On September 15, 2022, Statistika, Department of Statistics, and Motivation to Master's Cell hosted a Career Counselling Session under the auspices of IQAC of Mata Sundri College, University of Delhi. The session started at 6:00 pm on Google Meet. The session was attended by more than 60 students, teachers, and alumni of the Department of Statistics.

It was a wholesome session that began with the Shabad and a few encouraging remarks from our convenor, **Dr. Meenu Goel**. **Dr. Lokesh Kumar Gupta** and **Ms. Prabhsharan Kaur** also gave some motivating comments.

There were 4 speakers from a variety of professions, including an MSc in Computer Science, MBA, Master of Data Science, and MSc in Finance. Each speaker was prepared and provided comprehensive responses to all the attendees' questions.

## SPEAKERS:

- Ms. Divya (MSc Computer Science, NIT Trichy)
- Ms. Saloni Garg (MBA, IIM Shilong)
- Ms. Alisha Manku (Masters in Data Science, University of British Columbia)
- Ms. Sampada Kaur (MSC Finance, Simon Fraser University)

## ORGANISING COMMITTEE:

- Dr. Lokesh Kumar Gupta (Convenor, IQAC)
- Dr. Niti Arora (Secretary, Motivation to Master's Cell)
- Ms. Prabhsharan Kaur (Teacher in Charge)
- Dr. Meenu Goel (Convenor, Department of Statistics)

## HOSTS:

- Revanshi Vohra (2nd Year, BSc (H) Statistics)
- Khushi Pandey (2nd Year, BSc (H) Statistics)
- Preet Shukla (2nd Year, BSc (H) Statistics)

The event was conducted under the guidance and support of our honorable Principal ma'am, **Prof. (Dr.) Harpreet Kaur**.

The key purpose of this event was to advise undergraduate students in choosing their future careers and address all the challenges they face when looking for a degree.

Divya, who is now pursuing an MSc in Computer Science at NIT Trichy, was the first speaker of the day. She provided us with valuable insight into how it feels to change your master's degree course and navigate the challenges of a new setting. Saloni Garg, an MBA student from IIM Shillong, was the day's second speaker. She advised students on their future plans, such as whether to continue their education or find work. Alisha Manku and Sampada Kaur were next in line, both of whom are now pursuing Master of Data Science degrees at the University of British Columbia and MSc Finance degrees at Simon Fraser University,

respectively. The pair of closest friends exchanged stories about the challenges they encountered when submitting their applications to institutions overseas as well as how the waiting period continued to scare them constantly.

As a result, alumni and juniors connected and focused on momentous motivating lectures about further education and placements. Students had all of their questions about placements answered, and alumni shared their perspectives. They inspire and educate the students by sharing personal stories and struggles that lead to achievement. Their remarks motivated students and encouraged them to try harder for their goals. The audience attentively listened and learned about a variety of new job options. Their speeches instilled bravery and optimism in the audience.

At the end of the event, the convenor of the Department of Statistics Dr. Meenu Goel proposed the vote of thanks, thanking Principal ma'am, speakers, department heads and each and every participant and the team members whose efforts made the event a grand success.
