

ECO-INNOVATION- (Conceptual model competition for countering environmental issues)

The Department of Environmental Studies organized a competition entitled “**Eco-Innovation**” (Conceptual model competition for countering environmental issues) on **25th February 2020** during the annual fest “**Saarang**”, for all undergraduate students of Delhi University. The main objective of the event was to create awareness among students of the different colleges provide solutions for the various environmental issues by creating eco-friendly model for the solution of environment related issues like, waste management, water pollution, drinking water, sustainability ideas etc.

Shri. Naveen Gulati, Director & CRC (NR) and Shri. Siddhartha Saran, Deputy Director of Delhi, NCR from Petroleum Conservation Research Association (a nodal agency under Ministry of Petroleum & Natural Gas, Govt. of India) graced the event as external judges for the evaluation of the models and Dr. Jasjit Kaur-Coordinator, EVS department, Mata Sundri College for Women evaluated the models as an internal judge.

Students of various colleges were registered and represented their ideas to counter the environmental issues. As per the guideline one team can have only two members and only two teams from one college were allowed to participate and team of Rohit Kumar and Rishabh Sharma from Zakir Husain Delhi College won the first prize.
