Subject: Permission for field trip to "Aravalli Biodiversity Park"

Respected Ma'am,

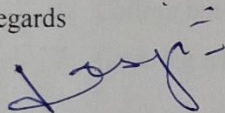

This is to inform you that Department of Environmental Science wants to conduct a field trip to "Aravalli Biodiversity Park" for the students of B.A. (H) Psychology.

The main objective of the visit is to provide opportunity to the students to interact with the experts and learn various ecological processes and services in the field. A nature walk through the park will encourage qualities of exploration and observation amongst the students.

Therefore, I request you to give the permission to conduct a field trip for "Aravalli Biodiversity Park" on 6th November 2019.

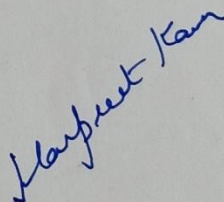

Thanking you,

Regards

(Dr. Jasjit Kaur)

Subject: Permission for field Work

Respected Ma'am,

As per the requirement of the curriculum I request you to grant permission for field work. As per the curriculum internal assessment will be done on the basis of field excursions and the report submitted by each student. Field trips are important for introducing the students to concepts, ideas and experience that cannot be provided in a classroom environment.

The field work required the following:

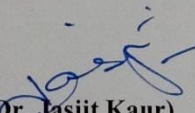

1. College bus along with driver and helper for the transportation.
2. Covering letter for Biodiversity Park.

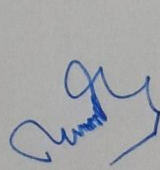

I request you kindly give us permission for the field work.

Thanking you

Yours sincerely

(Dr. Uzma Nadeem)

DEPARTMENT OF ENVIRONMENTAL STUDIES

VIRTUAL FIELD TRIPS DURING PANDEMIC

(2020-2021)

Field Trip to Yamuna Biodiversity Park -

Due to pandemic virtual field visits to Yamuna Biodiversity Park were organized by the Department for the students to understand nature conservation through virtual nature trails covering different forest communities along with Conservatory of Herbal plants, Butterfly Conservatory, Gene Bank, and Wetland Ecosystems. Our resource persons were Dr. Faiyaz Ahmad Khudsar (Scientist-in-charge, Yamuna Biodiversity Park), Ms. Preeti Vohra (Nature Education Officer), Ms. Ranjeeta Kumari (Nature Education Officer) and Dr. Balwinder Kaur (Nature Education Officer) at Aranvalli Biodiversity Park, with their intellect and experience combined, left the students enchanted with their knowledge of the green world.

As a part of curriculum all the students of first year have attended the virtual trip and prepared the report.

The virtual field trips were organized on the following dates:

2020-2021	A Virtual Visit to Yamuna Biodiversity Park for Nature Education (During Pandemic)	11 th , 14 th and 15 th December 2020 and 12 June 2021

VIRTUAL FIELD TRIPS DURING PANDEMIC

2020-2021

2020-2021	A Virtual Visit to Yamuna Biodiversity Park for Nature Education (During Pandemic)	11 th , 14 th and 15 th December 2020 and 12 June 2021	Yamuna Biodiversity Park, near Wazirabad
-----------	-------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------	---------------------------------------------

Field Trip to Yamuna Biodiversity Park -

Virtual field visits to Yamuna Biodiversity Park were organized by the Department for the students to understand nature conservation through virtual nature trails covering different forest communities along with Conservatory of Herbal plants, Butterfly Conservatory, Gene Bank, and Wetland Ecosystems. Our resource persons were Dr. Faiyaz Ahmad Khudsar (Scientist-in-charge, Yamuna Biodiversity Park), Ms. Preeti Vohra (Nature Education Officer), Ms. Ranjeeta Kumari (Nature Education Officer) with their intellect and experience combined, left the students enchanted with their knowledge of the green world.

The visit helped to spread awareness amongst the students that:

Biodiversity parks can also serve as a potent way to tackle various environmental issues. They serve as innovative models for conserving the natural heritage under the matrix of urban development.

The biodiversity Parks are unique landscapes that serve as nature reserves of Delhi and harbor hundreds of native plants, animals, and microbial species living in ecologically sustainable biological communities and rendering ecological services to the metropolis.
