The NSS Unit “Parivartan” of Mata Sundri College for Women, University of Delhi, in collaboration with the **Gulshan Foundation**, organised a **Blood Donation Camp on 15 September 2026** at the college premises. The initiative aimed to promote the spirit of voluntary blood donation among students and staff and to create awareness about the importance of donating blood to save lives.

The camp witnessed enthusiastic participation from the college community. Students, teaching and non-teaching staff came forward to contribute to this noble cause. The volunteers and organisers assisted in managing the registration process, guiding donors and ensuring the smooth conduct of the camp.

The medical team conducted the necessary preliminary health screening of prospective donors before donation. The donors were provided with appropriate guidance and care throughout the process. NSS volunteers played an active role in maintaining discipline, assisting participants and facilitating coordination between the college and the Gulshan Foundation.

The camp served as an important platform for sensitising young people towards **community service, social responsibility and humanitarian values**. It reinforced the message that a single voluntary blood donation can make a significant difference in someone's life. The active involvement of students reflected the NSS motto, “**Not Me But You,**” by encouraging selfless service for the welfare of society.

The Blood Donation Camp concluded successfully with appreciation for all the donors, volunteers, staff members, medical personnel and the **Gulshan Foundation** for their valuable support and cooperation. The initiative strengthened the commitment of the NSS Unit “Parivartan” towards promoting socially responsible citizenship and meaningful community engagement.
