

Report of Educational Visit to the National Museum of India

On 7 February 2026, a total of 52 students from the 1st and 2nd of the History Department and the Gaatha Office Bearers of Mata Sundri College for Women visited the National Museum along with Dr. Simmi Kapoor Mehta and Dr. Shivangi Naithani Devrani. The visit provided students with an opportunity to learn about museums, while gaining exposure to diverse artefacts, galleries, and curatorial practices.

The visit also helped students to understand the role of the museum as the store-house of sources of history.
