The **Department of Environmental Studies, Mata Sundri College for Women, University of Delhi**, organized a documentary screening titled “*Wildlife of India: Our Pride, Our Heritage*” on **15 January, 2026 at 1:30 PM** in **Mata Gujri Hall**. The event was conducted with the objective of fostering environmental awareness and encouraging students to appreciate and protect India’s rich natural heritage.

The documentary “*Wildlife of India*” showcased India’s remarkable biodiversity through visually engaging and informative content. It featured iconic wildlife species such as tigers, elephants, and diverse bird-life, offering participants a deeper understanding of India’s ecological wealth. The film also highlighted significant conservation initiatives and explored the country’s varied ecosystems, ranging from the Himalayan forests to coastal wetlands. By emphasizing the interdependence between humans and nature, the documentary reinforced the importance of preserving wildlife and maintaining ecological balance.

The primary objectives of the event were to sensitize students towards wildlife conservation, promote sustainable environmental practices, and enhance awareness about India’s diverse ecosystems. The screening provided an effective platform for experiential learning and encouraged meaningful reflection on environmental responsibility.

The event concluded with a **vote of thanks delivered by the Convenor, Dr. Kavita Singh**, who acknowledged the efforts of the organizing team and participants. A

feedback form was circulated among the attendees, and the responses received were overwhelmingly positive. Participants expressed that the documentary screening was both **entertaining and knowledgeable**, making the session informative, engaging, and impactful.
