

Documentary

Flag Day

“A thoughtful mind, when it sees a nation’s flag, sees not the flag, but the nation itself.” Parivartan, the NSS unit of Mata Sundri College for Women presented a documentary on the occasion of Flag Day on 24th November, 2021. The event was held at 5: 00 PM through Google Meet. 38 volunteers attended the event and learnt a lot about our Indian Flag - The Tricolour.

They learnt about the history of our flag, how it was designed, who designed it, how many times was the design changed, etc. Our flag has undergone tremendous changes to look like what it does today. The flag was first designed in the year 1906 and was changed five times in 1907, 1917, 1921, 1931 and 1947 respectively. The Indian Flag which we see today is a horizontal triband of saffron, white, and green; charged with a navy-blue wheel with 24 spokes in the centre.

A small quiz session was also organised at the end of the documentary to brush up the facts. Some volunteers added on some facts related to the flag. And they also presented their views on how children should be taught from a very young age itself, to respect the National Flag. The volunteers talked about the laws which protect the national flag. A very healthy discussion about how much these laws are actually implemented or are used, took place. The volunteers event talked about the ways one should dispose of the national flag and how people dispose it off in a way which is illegal and can reward them jail time with fine. The session really sparked the interests of all the attending volunteers, it was a really enlightening session for the volunteers at the end of which, the volunteers couldn't resist but expressed how proud they were to be 'Indians'.
