

SWACHHTA PAKHWADA:

QUIZ MASTERS

The forests are known as the lungs of the environment. Therefore, the importance that lungs hold for human beings; the forests hold for the environment. Henceforth, the need for forest conservation arises. Parivartan, the NSS unit of Mata Sundri College for Women organized Quiz Competition on the 8th of September, 2021. It was celebrated under Swachhta Pakhwada.

Volunteers played this game quiz on the Kahoot app on the topic of 'Forest Conservation'. There was a total of 15 questions and each of those questions were assigned a 20 second time to answer. Volunteers participated in this event and learnt a lot about forest conservation. Forest conservation as the name suggests is the preservation and the protection of forests. It also involves the reversal of deforestation and environmental pollution. The preservation of all-natural resources is absolutely essential for the balance of our ecosystem. The government has also introduced the Forest Conservation Act 1980. This act helps conserve forests and protects forest land. It restricts the use of forest land for commercial purposes without a thorough regulation process.

The volunteers were made familiar with this all of this information through the quiz. The kahoot quiz gives an instant ranking and the winners were declared on the spot. A total of 34 volunteers enthusiastically participated in this quiz.
