

SOLIDITY WEEK

WORD SEARCH GAME

Parivartan, the NSS unit of Mata Sundri College for Women organized "Word Search Game" under solidarity week. It was organized on 28th June,2021 at 5pm on Google meet. "Words have energy and power with the ability to help, to heal, to harm, to humiliate and to humble." One of the most popular ways of tackling deliberate vocabulary learning is word lists. It helps students to prioritise their vocabulary learning accordingly. By testing themselves on word lists, learners discover which items on the word list they need to study further. 21 Volunteers participated. In this game, volunteers were asked to solve riddles downward and across and accordingly search words and win. 21 volunteers took part in the game and there were 3 top winners. It was a knowledgeable, exciting and fun event. Everybody would have definitely learnt a few new words from this game conducted by NSS.
