

AZADI KA AMRUT MAHOTSAV

ESSAY WRITING

"Writing is the painting of the voice"

Parivartan, The NSS unit of Mata Sundri College for Women organized 'Essay Writing' on 20th of August, 2021. This event was celebrated under Azadi ka Amrut Mahotsav. Volunteers wrote an article under the given topic - Future technology needs for India.

'Azadi ka Amrut Mahotsav' means the "elixir of the energy of freedom".

The Amrut Mahotsav of freedom is the nectar of the energy of freedom, that is, the nectar of inspiration of the freedom fighters.

The nectar festival of freedom means the nectar of new ideas, new resolutions, the nectar of self-reliance.

Azadi ka Amrit Mahotsav means the festival of completing 75 Years of Independence of the country. As you know that 15th August 1947 was the historic day when our country got freedom from the rule of Britishers.

For this freedom, many Brave freedom Fighters and leaders had sacrificed themselves. So this year, India is celebrating the 75th anniversary of its independence which is being celebrated as Azadi ka Amrit Mahotsav.

7 Volunteers participated in this event with great enthusiasm. The technology which surrounds almost everyone in modern society, affects both work and leisure activities. Technology contains information that many would rather it did not have. It influences minds in good and bad ways, and it allows people to share information which they would otherwise not be able to attain.

Technology is always a two-edged sword. It will bring in many benefits but also many disasters. Even was organised in google meet. Every participant was given a time to write essays and then read it once. 7 volunteers have come with different outcomes, facts, advantages and disadvantages as well. Indian society is eager to accept technology into their day to day life, as it makes life much easier in terms of functioning and communication. There are many disadvantages also such as man has misused the tech and used it for destructive purposes, Smartphones hurts children and terrorist use modern technology for damaging work etc.

This event helps us to know many facts and gain Knowledge.
