

Report on Teacher's Day Celebration & Career Guidance Session

Department of Computer Science, Mata Sundri College for Women organized a **Teacher's Day Celebration and Career Guidance Session** on **3 September 2026** at **Mata Gujri Hall**, from **1:00 p.m. to 3:00 p.m.**

The event was organized to express gratitude and appreciation for the dedication, guidance, and inspiration provided by teachers. Alongside the celebration, a **Career Guidance Session** was conducted to help students gain valuable insights for their academic and career journeys. The session was led by **Ms. Anushka Purwar, BSc(Hons) Computer Science alumna of the 2022 batch.**

During the career guidance session, **Ms. Anushka Purwar** spoke about the importance of looking beyond a degree and preparing for emerging technologies and changing job requirements. She introduced students to areas such as **AI Agents, Edge AI, Quantum Computing, Data Science and Analytics, and Web3**, highlighting the skills needed to explore these fields. She also emphasized building a strong **digital presence through GitHub, LinkedIn, LeetCode, Kaggle, and TryHackMe** and developing practical projects. The talk encouraged students to choose a focused technology track according to their interests and strengths rather than trying to learn everything at once. Overall, the session motivated students to develop practical, future-ready skills and build a portfolio that can support their academic and professional growth.

The event brought together Teacher's day **celebration, appreciation, and career-oriented learning**, creating a meaningful and engaging experience for the students and faculty. The dress code for the occasion was **traditional attire.**
