PRINCIPAL'S MESSAGE

The Placement and Internship Cell plays a crucial role in preparing students and assisting them in the path of achieving their goals. Adequate emphasis is given on conducting soft skill development workshops. We aim to bridge the gap between industry and academia.

Professional courses, Internships and Skill Development Workshops are organized to build the skills required at the corporate level and make our students the perfect fit for an organization. Every year, national and multinational companies are invited to recruit students for internships and placements. The number of students placed through the campus hiring is continuously rising. I appreciate the efforts of our Placement and Internship Cell which works tirelessly throughout the year by undertaking various initiatives to transform its students into industry-ready professionals. We at Mata Sundri College for Women (MSCW), New Delhi, meticulously nurture the young and dynamic women through a rigorous course curriculum under NEP along with emphasis on research, project-based learning, corporate grooming, industrial visits, and internships. The dedicated efforts put in by the faculty members, students, alumni, parents and the encouraging support from the industry has enabled MSCW to obtain following ranks in **India Today Ranking 2023**:

- Rank Top 7th in BA (Hons) Psychology in India
- Top 75 BA college in India
- Top 76 BCom college in India
- Top 80 BSc college in India

I am sure that the recruiters would find our students very competent and they will be visiting the campus on a regular basis. We look forward to a fruitful association with our esteemed recruiters.
