The session was intended for 6th class students of 4 sections (A, B, C, D) where students had to make 2 things:-

1. Pen stand by reusing plastic bottle and decorative material,
2. A greeting card.

Here are some details of the "Art and Craft" session:

- Session Outline: Outline of the structure of the session, including the planned activities, demonstrations were given to the students.
- Materials Required: List of the materials needed for the session, such as plastic bottles, decorative materials, scissors, glue, markers, etc. were told to be brought one day before the session.
- Instructions for the activity : the facilitators provided step-by-step instructions and suggestions for making the pen stand and greeting card using the plastic bottle, messages, designs and decorative material were also given to the students.
- Assistance and Support: facilitators also assisted the students during the session , whether it's providing individual guidance, troubleshooting, or answering questions.
- Safety Precautions: safety precautions were handled that should be followed while handling materials, such as using scissors or working with glue.

Best 5 of each class were selected and were handed over to the In charge of the middle classes. The students made beautiful crafts with their creativeness. The learners also enjoyed the activities and showed eagerness to gift their cards and pen stands to their parents and other teachers.
